## Foreword

This Durfee Record is a resume of the life and activities of the B. M. C. Durfee High School. In writing this book the Editor and his valued assistants have tried to record each and every event during our four short years in the High School.

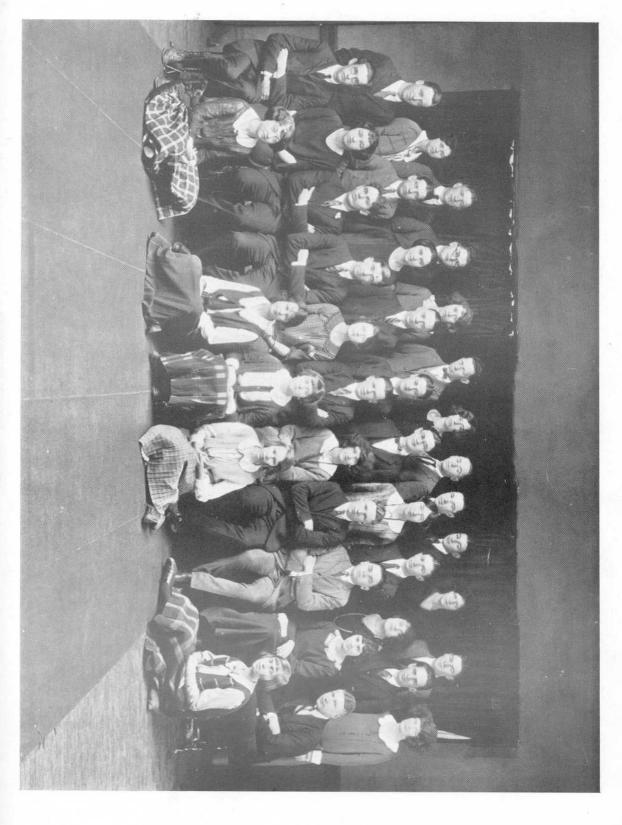

If we have overlooked anything or have neglected to mention what some one has done for the interest of Durfee, we assure that person or group of persons that it was done inadvertently.

Our effort to complete this book without correction has been a man-size job and our efforts are humble and sincere. We have learned a little about printing and engraving; have been brought into contact with prominent people; have been honored much in serving our Class-mates; yet, rather had we died when little than willingly and intentionally offend in the pages to follow.

So we hope you will accept our meagre offering in the spirit in which it was written and to beg forgiveness in whatever may seem to trespass on your friendly affections.

> John J. Galvin, Editor-in-Chief.

## Acknowledgement

The Durfee Record is surely not the handiwork of the Editorin-Chief alone, but to the Associate Editors must go the credit for all contained in this book. To them and all who assisted in any manner the Editor is heartly grateful.

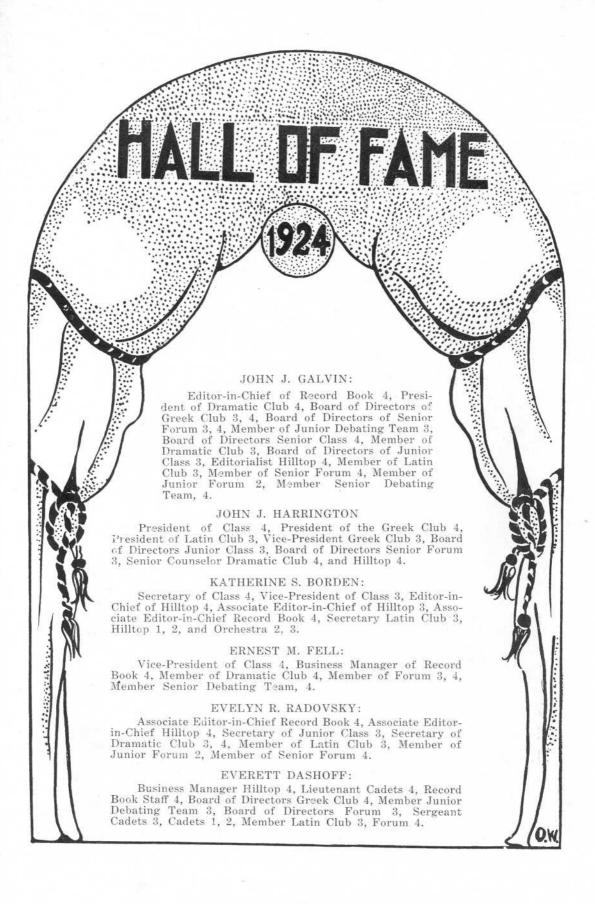

The Business Manager and his two able assistants have worked incessantly and have been painstaking in accomplishing the tasks that were theirs.

To Mr. Harry P. Lynch, the Faculty Adviser, do we give our heartfelt love and gratitude, whose guiding and unerring judgement has assured the success of this annual.

But above all to the Seniors of Durfee am I ever mindful and indebted for their wonderful support and influence. For they were always willing to help when we dared to take some of their time and attention and they made our work a pleasure.

And so does the heart of the Editor speak. If it is our happy lot to receive commendation; if our humble efforts receive your flattering approval, please include everyone of us, who, with a feeling of pride, have gloriously dedicated our meagre efforts to our Alma Mater.

The Editor-in-Chief.

## Ebelyn E. Adam

"Eve" "Evey" "Teddy" "Sunshine"

Have you observed the number of nick-names this young lady has been given? If a vote were to be taken as to which of the four names was the most suitable we are quite sure that "Sunshine" would win by a mile. You never see Evelyn unless she is smiling. Have you ever seen her grouchy? No, neither have we! Evelyn has made herself famous with her ukelele. Do you remember her as the Hawaiian maid in the Hockey Club Circus? "Evey" and her uke are inseparable. Now let's go down to facts about Evelyn's history. She comes from Swansea and is a graduate of the Frank S. Stevens' School. Evelyn took the Tech Course during her High School career, but as yet she hasn't decided upon her life work. We know that she will succeed in whatever she decides to do. Good luck, "Sunshine"!

## Lincoln Adam

Behold, "Linc" himself! (he is one of our best puck chasers). "Linc" graduated from the Frank S. Stevens' Grammar School in the town of Swansea, Massachusetts, and he apparently believes that "the present's the time" for he has not yet decided whither he will go after graduation. Perhaps we'll hear of his playing hockey with the U. S. Olympic team, who knows?

Commercial Club, 4.

## Louis J. Allard "Louie"

"Louie" is a product of the Borden School. He is one of our husky fellows who has made Durfee proud of her baseball team. He is a very good player and we know some girls who went to the game just to see "Louie" play, and "Louie" is such a bashful boy! Ah, yes, still water runs deep! "Louie" is very popular among his classmates. As a result he was chosen President of the Electrical Club, of which he is an enthusiastic worker. "Louie" says that M. I. T. will be his stopping place next year. We know he will succeed in anything he attempts to do.

## Mary E. Allard

This is her rightful place in our book, so of course we present her here. There are few, however, to whom she must be made known, for "May" is the kind of a girl who has made friends of practically every one in her class. "May" doesn't make a whole lot of noise about everything that she does, for she is quiet and reserved. It is to the Borden Grammar School that we owe our sincere thanks, for it is that school which so generously gave her up to us. And now, hang it all, we've got to give her up, for she will enter Bridgewater next fall and honor that school with her friendly presence.

#### Raymond F. Allard "Toots" "Ray"

Toot-toot! Stop! Look! and Listen!

Here is Ray all the way from Bowenville.
Didn't you know "Toots" was the chief rooter
for all Durfee's teams? No matter where they play,
you always hear "Toots" voice above the rest. He may be small but you should see him handle a baseball. Why ,he could make "Babe Ruth" sit up and take notice! He started playing ball when a mere boy in knickerbockers, and will continue to play as long as he can use his hands. That is how much he loves the game. As "Toots" is a member of the Tech Class, you may find him doing any sort of a job. He is extremely well liked by all his teachers and pupil He has theirs and our wishes for complete friends. success.

Durfee Electrical Club, 3, 4.

#### Helen Altham "Nel"

Enter Helen, the most original and entertaining member of our illustrious class. Helen is a wonder at most anything; studies (why heavens, that girl reads the Aeneid to rest her mind) household arts, dancing, tennis and skating (did you ever see her doing exhibition stunts over at the Swansea Dam?) She has devoted much of her time to the study of music and is now an accomplished player on the piano. She can also make an evening jolly with selections on her mandolin. "Nel" is an enthusiastic follower of Durfee's football team even in rain storms. Next year "Nel" hopes to go to Wellesley College and after a course there will go in search of an M. D. at some medical school. Good luck to you, Helen; you certainly are leaving many loving friends behind you.

#### Charlotte E. Anderson "Bubbles" "Charlie"

Did you ever see a face more winsome than our "Bubbles"?" And the whole of Charlotte is no less cheery and winning! We offer hearty thanks to the Samuel Watson School for having given us this ray of sunshine. Charlotte braves this record-she never frowned, never was disagreeable-always placid and amiable. It's perfectly natural that "Bubbles" should love to dare but can you imagine her seriously studying at Bridgewater to be a dignified teacher? Yet we're very glad, "Charlie". You're just the sort of teacher we want for the Coming Generation, you

#### Edward Andrade "Eddy" "Novo"

"Eddy", who came to us from the John J. McDonough School, is the extremely business-like young man who is often seen hustling around at Tech. He is a member of the Executive Committee of the Commercial Club and sure is a hustler. He is an outstanding member of the basket ball cheering section. He also plays this game and is a mean shot when he gets going. He is a reporter for the Hilltop. Is it any wonder we have so many news items in our weekly paper? "Eddy" intends to be a lawyer, and so, goes forth to continue his studies at Boston University.

Commercial Club, 4.

#### Joseph C. Aure "Dynamite" "Hot Air"

Please don't get excited! Despite "Dynamite's" various "hot" names, he's really a most amiable and likable chap—and a very busy one, at that. For "Hot Air" graces the Chemistry Club very often with his graceful presence. The attraction? Well, we have our doubts or rather suspicions, though we're not saying anything! Joseph graduated from the Slade School only to immediately thrill Durfee with his genius in Mathematics. You know, "Joe" is one of these all-round good pals—studies well and plays You should see him in a soccer game! well. You should see him in a soccer game! Next year "Dynamite" is going to prove a most thrilling explosive to the faculty at Brown University, although we're sure the shock will be pleasant! Chemistry Club, 4.

## John E. Bamber "Johnny" "Jack"

The Fowler Grammar School presented to us in 1920 a cheerful, intelligent and a good young man and you can't guess who he was so we will tell you; it was "Jack" Bamber. "Jack" is a regular fellow and an all around sportsman. He is fond of football and tennis and on any Sunday afternoon he may be seen at the South Park hitting the line. He is a member of the Durfee Electrical Club and no doubt you have heard of the staunch work he did. "Johnny" is a fighting man and don't be surprised if the freshmen at Northeastern University win the color for our "Johnny" will be there to help them.

Electrical Club, 3, 4.

## Robert Bannister "Bob"

"Bob"? "Don't you know him?" The most athletic fellow in the class? "Bob" is a lover and a player of all sports. He also belongs to the electrical club. "Bob" is intending to go to the Georgetown University when he graduates. "Bob" is one of our best all around athletes and one of the most popular fellows in school. We envy Georgetown.

fellows in school. We envy Georgetown.

He was one of Durfee's most brilliant football stars, and a prominent member of the track team. In 1924 he was elected Captain of the basket ball

team.

Basket Ball, Captain, 4. Football, 3, 4. Track, 3, 4.

### Helyn B. Barrett

"Yoo-hoo! Wait a minute—I want to tell you something." This call resounds through the halls of Durfee, and turning, we behold Helyn pursuing us. Hat in hand Helyn invariably has something to tell you and that something is usually interesting. She loves to talk and she admits it, and we don't mind admitting that we like to listen to her, for Helyn has a very pleasing personality. She uses her powers for speaking to advantage in the Senior Forum and in the Dramatic Club.

We are responsible to the N. B. Borden School for the presence of our Helyn and after leaving Durfee she intends to go to Vassar College. Here her powers in debating will make her famous as they

have already made her in Durfee.

We prophesy that we shall hear of Helyn some day in the future as President of the National League Of Women's Clubs and we wish her luck. Anyway, wherever she goes, things are sure to be interesting.

Dramatic Club, 3, 4.

Dramatic Club, 3, 4. Latin Club, 3. Forum, 4.

## Pearl E. Beaton "Peb"

"Peb" is some artist! When she is not playing tennis you are sure to find her wrestling with that difficult art of dancing. She outgrew the Westall Grammar School in 1920 and she continued her education in Durfee. From here she will resume study at the Rhode Island School of Design.

## Anna Al. Belisle "Nan"

"Nan" is a product of the Westall School. She entered Durfee in the fall of 1920, and enrolled in the College Course. Her first two years slipped by without much prominence, but her last two made up for these more than double. She has been a member of all the principal clubs in the school and has held office in most of them. "Nan" claims that swimming is her favorite hobby; and she is considered one of the best swimmers of our class. We wonder what? will do next year when "Nan" leaves Durfee and enters Middlebury College.

Dramatic Club, 3, 4.

Forum, 3, 4.
Hockey Club, 4.
Greek Club, 3.
Class Pin and Ring Committee, 3.

## John R. Berry "Berry" "Jack"

"Jack" came to us in '20, another great student that the Slade School sent. In early September, he was following the Technical Course, but disliked this and enrolled in the Commercial, where he has attained high honors. Football, basket ball, and skating are his hobbies and he is correct when he said that football was one of the many, as we all know that Jack is no doubt the best football player around his corner. Behind the soda fountain the boy is quite an expert. Next year "Jack" intends to follow his ambitions at Boston University, where he expects to advance his way to the position of Accountant. Good luck, "Jack".

## Charlotte J. Bilsky "Lotta"

Charlotte was one of the very many precious stones taken from the Susan H. Wixon Grammar School and reset in Durfee. Her accomplishments are many and she gives promise of being one of the foremost artists of the country. Just glance at the cartoons for proof. But she does not possess the fickle temperament of an artist. She is always good-natured, taking "slams" and compliments with unruffled composure. She is especially noted for ironical writings, while enacting the role of the "Lady with the Lorgnette". Added to her talents is the ability to make A's appear on her report card. In fact there is no such letter as D in her alphabet. After completing her course at Durfee, Charlotte intends to continue her studies at Wellesley, where, indications show a rosy future awaits her and her quest for knowledge will be successful.

#### Edwin I. Bilteliffe

The curtain is raised and "Edwin", our best pianist, enters on the stage. He came to us in 1920 from the Susan H. Wixon School and has always been a valuable addition to the class of '24 at Durfee. Naturally he chooses music as his favorite amusement and those who have heard him play know that he is sure to be heard from in the musical world in later life.

Although music occupies much of Edwin's time, he devotes part of it to skating and basket ball. Since Harvard is his next station, we are confident that that college will receive a good student and a very talented musician. The best wishes of the class will follow him.

Orchestra, 2, 3, 4. Dramatic Club, 3, 4. Latin Club, 3.

## Chester C. Bishee "Chet" "Barney"

"Chet" is another example of the fine specimens that the Highland School turns out. "Chet's" favorite pastime, like that of the other fellows from this district, is football. You will find him tackling or bucking the line on the Highland Field any day in the football season. Who knows but what he may become a second "Mac Aldrich" or "Lukey Urban"! "Barney" is a Sergeant in the Cadets and his favorite pastime in this regard, is winning medals at the drills. "Chet" hopes to become an electrical expert thru the help of the General Electric Company.

"Bibby" is another graduate of the Lincoln School. We wonder how it is so many bright pupils first go to this school. "Bib" is a devoted soccer fan and every Sunday you will see him climbing aboard the South Main Street car, heading for the Stadium. Besides a fan, he is also a player. No doubt, you have seen him in action on Ruggles Park, helping the "Celtics" to make a record.

"Bibby" always has a smile for everyone. Small wonder he is so well known! "Bib" is also a ball player, and when it comes to getting under the ball, he has no equal. He is greatly interested in radio and other electrical inventions, and intends to continue studying at the General Electric Company in Lynn.

## Alice A. Blais

"Al" is one of our most prominent and promising girls. She came from Swansea four years ago to join us at Durfee and very thankful we are to have had her. Some people make collections of stamps, or antiques, etc., but Alice has made a collection of A's and of friends, both masculine and feminine. The Commercial Class is very proud of their claim to her, and she has been one of the founders of the successful Commercial Club of which she is secretary. claims dancing and riding as her favorite amusements and as for sports, any outdoor "sport" will do. "Al" has been quite an active member of the Dramatic Club, taking part in a number of plays, which were admirably well done. "N'est-ce pas, 'Mother Baxter'?" When "Al" leaves Durfee she augurs that Boston University will be her Alma Mater next year. If she shows as much spirit there as she has at Durfee, she will be the Acme of her class. We know you'll succeed, "Al".

Record Book Staff, 4. Commercial Club Secretary, 4. Girls' A. Director, 4. Dramatic Club, 3, 4. Hockey Club, 4.

Ernest E. Blais "Ernie" "Blaze"

"Ernie" is a graduate of the Stevens' Grammar School. Although he is a very apt pupil, he has never over-taxed himself while at Durfee. In winter when the ice is nice "Ernie" may be seen playing hockey with the boys or skating with——, on the Swansea Dam. In summer he enjoys swimming and baseball and from what we have seen could vouch for him in any of these. He has no chance to lose his voice because when he walks thru corridors he receives a friendly greeting from the greater part of the pupils, especially the fair sex. He has also tried to prove by his conduct during recess that he is the world's long-distance eater. When he has conquered all contestants at Durfee he will pass on to defend his title from his opponents in Northeastern University.

#### Lillian I. Blinn "Bud" "Izzy"

"Bud" came to us from the Dighton Grammar School and has stayed with us four rolicky years. Studies never seem to worry "Bud", but she is generally "there" with the recitation. "Izzy" claims that driving a machine is her favorite sport. Oho! that driving a machine is her favorite sport. Oho: "Izzy", now we know why Dighton is so close to Taunton (oh me, oh my, and to think of the number of times, all unsuspecting, we passed through Dighton). Well, "Izzy", maybe you're a second Barney Oldfield but you've got to show us. Next year "Izzy" will help swell the ranks at B. U. (our blessings to Boston's traffic cops).

#### Mary M. Bogan

Mary is one of those rare, sweet, quiet girls who manage to go through four years of High making many friends and yet not attracting much attention. She came to Durfee in 1920 after graduating from the Highland School.

Besides being an excellent scholar, (Mary's report card never lacks A's) she is a thorough out-of-door girl. She claims basket ball and skating as her favorite sports, and she manages to enjoy these two without neglecting her work.

Next year she will go to Bridgewater to train for teaching. She has chosen her future profession wisely, for with such a dear conscientious teacher as Mary to spur them on to higher things, her pupils will be examples to all others. Good luck, Mary.
President of G. A. A., 3.

Record Book Staff.

#### Harry Bolunsky "Mike"

"Mike" was taught his A B C's in the William J. Wiley School. He was so bright they only kept him eight years before sending him on to Durfee. "Mike's" favorite pastime is skating. On any cold day, you will find him at either North Park or the "Stump", a small pond in the woods near Steep Brook. "Mike" never misses any of the school activities. He is a member of the S. A. A. which alone proves he is well liked by teachers as well as students. "Mike" intends to lend his future ideas and services to Tufts College. Pretty lucky for them!

#### Angela Boodry "Dutchy"

Well, if it isn't "Dutchy", another product of the Susan H. Wixon Grammar School. "Dutchy's" humorous and sunny disposition has won her many friends.

"Dutchy" intends to become a school teacher and she will continue her education at the famous Framingham Normal.

We wish you luck, "Dutchy".

#### Marquerite Bonner

Are you seeking an amiable girl, a pleasant one? The result of your quest is obviously Margurite, of

course. She may be quiet, studious, wholly efficient and cool-headed, but we've deemed her otherwise.

All right, we'll stop, "Peg", but you'll have to be good. "Peg" has ambitions—oh, yes, she's going to study hard at Normal School and become a capable, lovable Junior High teacher. For all these studious intentions, "Peg" just loves to dance and skate and

Wherever you go, Margurite, we're sure you'll succeed.

> Katherine S. Borden "K"

In 1920 "K" was sent to Durfee as the smartest pupil from the Highland School and her reputation was not flattery for immediately in her Freshman Year she was placed on the Hilltop Staff. In her Senior Year Durfee was fortunate in having her as Editor of our weekly paper. Moreover, she was not only connected with the Hilltop but was also a very efficient Assistant Editor of the Record Book. "K" also has proved her popularity in being elected Secretary of the Class in her Senior Year and as Vice-President as a Junior. But Katherine did not shine as an "Emerson" alone for she is an accomplished musician and the orchestra was very fortunate in having so talented a person as "K" in its midst. We know that Vassar will welcome her with outstretched arms and we wish her great success in all that she undertakes in later life.

Editor Hilltop, 4. Associate Editor, 3. Associate Editor Record Book, 4. Vice-President Class, 3. Secretary Class, 4. Secretary Latin Club, 3. Hilltop, 1, 2. Orchestra, 2, 3.

## Kathryn E. Borden "Kitty"

If "Kitty" is a sample of the Samuel Watson School girls, we would like to have a great many more of them at Durfee. "Kitty" enjoys all kinds of amusements. The most prominent are: dancing, bowling and playing the Hawaiian Guitar. We well know she likes dancing because we have seen her at the drills floating along without a care in the world. As for playing the Guitar, all we have to do is use our imagination and add to the picture a porch and a little moonlight!!! Nuf sed!!! "Kitty" intends to enter Framingham in the fall and we sincerely hope she will make many friends and be as well liked as she was at Durfee.

#### Marion Bottomley

Behold!—a fair daughter of King Neptune. Marion is a true lover of the sea and excels in all water sports. Talking about water sports—say—did you ever see the beautiful swan dives and those "peachy" jacknife dives that Marion can do? You haven't? Then you don't know what you've missed, for Marion surely can dive! Miss Bottomley is a very modest girl and never boasts of her accomplishments. Four years ago the wind quietly planted Marion in our midst, after she had graduated from the Westall Grammar School. This school has sent us many classmates but Marion is the kind we need in school for she does her work faithfully, day by day. Next year she goes to Bridgewater. Here Marion will prepare to be a teacher whom everyone will like.

### Hannah Al. Bowden

Hannah graduated from the Davis Grammar School in 1920 and came to Durfee to establish a good record. This she has done successfully and she graduates with a goodly number of high marks. Hannah is classed as being one of our best athletes, taking part in all the sports in her Junior and Senior years especially the Girls' Circus. Hannah is very fond of about all winter sports especially skating, when ? is by her side. Next winter we wonder who Hannah will have for a partner when she goes ice skating on some pond around the Bridgewater Normal.

### Louis I. Boxser

#### "Luke"

"Luke", hailing from the Fowler School, showed his discretion by alighting at Durfee. He is a quiet, good-natured person, but nevertheless has lots of pep-"Luke" is an active worker in the Dramatic Club and was one of the stage-managers in 1922. He is an actor of no slight renown and can portray any character to perfection.

He likes baseball best of all and say—he is some player. At times he can hit a three-bagger which suprises him and eventually us. "Luke" will continue his journey, en route a la Tufts. There he will do his best to nab an "M. D.". Well, "Luke" we wish you a happy future in cutting up and may the cut-ups

be successful.

Dramatic Cub, 4, Assistant Stage Manager 3. Hilltop, 4. Forum, 4. Latin Club, 3.

#### Constance Brauton "Con" "Connie"

In the year one thousand nine hundred and twenty A. D., "Connie" outgrew the famous grammar school called the Westall and, bringing with her a calm, serene disposition, entered these halls of fame. Although she has not yet decided where she will go, we wish her happiness wherever it may be.

During the four years spent at Durfee, "Con" has distinguished herself in the social line. No drill or dance would be complete without "Connie's"

presence.

Latin Club, 3.

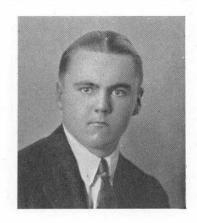

#### Doris Brayton "Dot"

Whiz—Cr—Ash—Bang!! Fair maids do not be frightened; it is only our "Dot" making another world's speed record on the Indianapolis Speedway. If perchance you do not know "Dot" permit me to introduce to you, the "World's Speediest Woman", Miss Doris Brayton. Dot graduated from the Prospect Street School in Bridgeport, Connecticut. She came to Durfee in her Junior year. "Dot's" hobby is driving a fast car (preferably a green one). "Dot" is a true daughter of Durfee, for whenever there is an athletic contest Dot is always on hand. She has a pair of lungs which she isn't afraid to use. So whenever "Dot" and the green car come into sight, we know Durfee is out to win. "Dot" plans to go to a Secretarial School next year where she will prepare to be the secretary of some big financier.

## George R. Bridge "Bridgey"

In 1920 "Bridgey" came from the Davis Grammar School. His chief pastime in the fall is football. Although he was unable to come out for the Varsity he enjoyed himself with other teams. "Bridgey" belongs to the Latin Club, and the Electrical Club. After he leaves us he will resume his studies at General Electric, where he will study electric engineering.

Latin Club, 3. Electrical Club, 4.

## Milton B. Brightman "Milt" "Mit" "Brighty"

"Gang way." Here is some of Dighton's stock.
"If they're all like "Milt" there, it must be some town. "Brighty" has gained many friends since he came here and is liked by all. He was a member of the football squad in his senior year but he had to quit because of the distance he lived from the Alumni field. He was also Vice-President of the Electrical Club. When "Brighty" leaves the halls of Durfee he will enter Brown University.

Vice-President Electrical Club, 4. Football, 4.

## John J. Brooks

"No, "Doc" isn't a minister or a physican but an issue of "Captain Billy's"." "Doc" graduated from the Henry Lord Grammar School and decided to join our band at Durfee. He is interested in sports, baseball above all. John is planning to become an electrician and is now an active member of the Electrical Club. He is at present spending his time trying to find out how long a short circuit is. We wish him success.

Electrical Club, 4.

#### Haybelle Brooks "May" "Lee"

"May" graduated from the Davis School well versed in literary subjects and she has been continually acquiring knowledge since coming to Durfee. One of the reasons for this is that her hobby is reading and she works while she plays. "Lee" is a prominent member of the Hilltop Staff, being in the news department and the editor of Personals. She is well liked by everyone for her winning smile and captivating manner. The next stop that "May" makes after leaving Durfee will be at Bridgewater Normal School.

Hilltop, 4.

#### Albert Brotkin

"Al"

Who doesn't know "Al"?, the Rudolph Valentino of our class? It makes no difference whether it is at a club meeting, game, or dance, the affair is not complete if Albert isn't there. Walking out of the Samuel Watson School, with his diploma tucked firmly under his arm, he joyfully entered on the lists of Durfee.

He is a member of the Dramatic Club and the Forum and has done very much to make them more successful. Next year, our friend intends to go to Harvard, where, we are sure, he will keep up his good work. May you have the best of luck, "Al", old boy.

Forum, 4. Dramatic Club, 4.

"Si", one of Durfee's shining lights, graduated from the Samuel Watson School. His career in school has been a good one, making many friends for him as the years glided by. Somehow, his personality gets around you and you are another one of his steadfast friends. As for music, "Si" has them beat a mile. One pull of the bow and you are a captive of his enthralling notes. Leading his famous orchestra, our boy musician has made a name for himself here. "Si" enjoys all athletics and dancing. As a dancer he certainly does make a wonderful partner. Witty? Why, that's his middle name. He can make a joke out of almost anything and he always is ready to give

you a good time. Next year "Si" intends to pursue an advanced course of study at Boston University, when we hope to hear more of this promising young man. Commercial Club, 4, Board of Directors.

### John N. Brown

#### "Brownie"

"Who is in the lead now?" "Brownie" is the fellow from whom you hear the bass laugh. He is known as a natural comedian and is noted for his good nature. "Brownie" intends to enter the business world after Durfee finishes with him. Best wishes to you, "Brownie".

#### Julia Brown

#### "Browny" "Julsy" "Julius Caesar"

Choo! Choo! Watch out! Here comes Julia, the vamping lady of the Commercial course. "Julsy' the little flapper of the key-note group, has been the

cause of many a broken heart.

Sociable with everybody, "Browny" has made a host of friends in Durfee, and it is all due to her remarkable personality. Her favorite amusement is dancing and no high school dance is complete without her. "Julius Caesar" intends to try her luck in the business world, for she believes in getting a practical education before she gets-

Julia is an admirer of all outdoor sports, especially the icy art of skating. She can be seen promenading Main Street with a pair of skates slung

over her shoulder, but as for skating?—?—.
We wish to you, "Julsy", the best of luck and we've not a doubt that you're going to be successful in whatever you undertake!

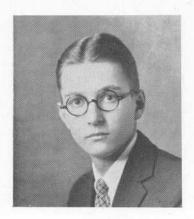

### Ruth Brown "Rufus"

Have you ever noticed in your wanderings about Durfee, a quiet looking girl with black bobbed hair and brown eyes? Well, this girl is our "Rufus". When and brown eyes? Well, this girl is our "Rutus". When the Highland School reluctantly, indeed, relinquished its right on "Rufus", Durfee gave her a warm welcome If you wish aid in any of your studies just go to room 12 and ask "Rufus", because there isn't anything in the line of studying that "Rufus" can't do. Simmons will be favored by the presence of "Rufus" in the fall and we hope that she will carry away all the honors during her stay there. The best of luck to you, "Rufus". Latin Club, 3.

### Roger Buck "Bucky" "Rog"

Enter "Bucky"—as an example of the good things Westall sends us. "Rog" is one of the best tennis players in Durfee, and he was on the team for two years and won many honors. He is also a member of the Latin Club. In his Junior year "Rog" was appointed chairman of the class ring committee. After he leaves Durfee he intends to enter Williams College where he will show what kind of stuff Durfee turns out. Good luck, "Bucky". Tennis, 3, 4. Latin Club, 3.

#### Frances G. Bump "Franny" "Bumpy"

"Say, it was a knock-out, and gee, it was great!" Ever hear these expressions? Never? Then let me introduce "Franny" (otherwise known as "Bumpy") who owns the sole and exclusive rights to utter these words. Four years ago "Franny" bumped into Durfee, liked the looks of us and decided to stay. If "Bumpy" hadn't stayed with us we would have lost one of the liveliest girls in Durfee. This graduate of the Westall School declares she is a regular book worm. Frances also delights in outdoor sports, particularly swimming. "Bumpy" plans to go to Miss Wheelock's School in Boston when she graduates. We know that "Franny" will make a delightful teacher.

#### Hubert M. Burdett "Herb"

In 1920, Hubert came to grace the halls of Durfee after graduating from the Henry Lord Grammar School. During his four short years there, he has made a vast number of friends, and many students will be sorry when Hubert leaves us. He has followed the Technical Course and is one of the brightest pupils in his class. As yet "Herb" has not decided where he will go, but we know that wherever he goes he will be a success. The best wishes of the class accompany you, "Herb".

## John F. Burns "Jake"

Yes, everything's all "Jake". "Jake" grew too big for the William S. Greene Grammar School so he decided he would come to Durfee. He is very fond of basket ball and he was a member of the Durfee squad. "Jake" intends to enter Providence College after he leaves the halls of Durfee. Best of luck, "Jake". We know that some day you will be shining on some college team.

## H. Polores Burns

Margaret, who is better known as Dolores, graduated from the Susan H. Wixon School in 1920 as one of the highest honored pupils of her class. She took the college course and has been a very faithful student during her four years at Durfee.

"Don" finds plenty of time for amusement, however. She likes the movies and ice-skating but her violin takes up most of her spare time and those who have heard her play agree that she has extraordinary talent. Her love of music has been a great aid to her because practicing was never boresome or an unpleasant task.

"Don" intends to spend a year or two at Bridgewater and then go to the Boston Conservatory of Music. Her friends vouch that some day she will rank with Kreisler and wish her the best of luck.

## Edna M. Caldwell "Eddy"

If, perchance, you have not become acquainted with "Eddy" during your stay at Durfee it is not your fault. It is due to the deplorable fact that Edna is very, very quiet and shy. Can you imagine that? Can you conceive of any Senior girl in the Durfee High School that is either quiet or shy? However, after you have become acquainted with Edna you find yourself more than repaid for your trouble. "Eddy" came to us from the Samuel Watson School. Her favorite sports are gym exercises. Strange to relate, Edna says she likes "dancing of any kind". When she completes her course in June Edna says that she will go to work and as a business woman "Eddy" is sure to be successful.

#### Benjamin Camera "Ben" "Benny"

Goodness! no. He's not one half as conscientious as he looks. "Ben" glided through the Brown school and then he sailed through four years at Durfee. Football is his favorite sport although "Dozing" is a close second. When "Benny" receives his precious sheepskin from Durfee he intends to sleep through a course at Tufts. Best wishes, "Benny"; you're happy.

### In Memoriam

#### JOHN CHARLES CAMERA

Born Nov. 26, 1906. Died April 14, 1924.

We take this means of expressing our heartfelt sympathy to those whose loss is even greater than our own. It was not our wish that he should come to so untimely an end, but the will of the Almighty is not to be questioned.

Requiescat in Pace

#### John A. Carbalho

John is studious; very studious. Indeed a studious atmosphere fairly radiates from him. However, John can smile. He has been discovered smiling on two or three different occasions. John likes to read books by the great English masters. He likes equally well the popular works of Dante, Virgil and Homer. John states that he spends any spare time watching the exponents of the national pastime. After coming to us from the John J. McDonough School, John pursued a college course in the High School with great success. M. I. T. will be honored next year by John's presence and we know he will be successful. Treasurer Chemistry Club, 4.

#### Joseph M. Casey "Irish" "Harp"

Have you too noticed somebody rushing about the corridors of Tech completely covered by overalls, a stepladder over one shoulder, and a hammer and rule in his hand? You could hardly fail to notice this husky lad, who is no other than our friend, "Irish". The continual rushing is due to his being

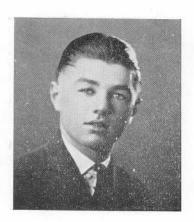

a member of the Electrical Vocational Class "Harp" drifted into Durfee with a group of tiny "Harp" drifted into Duriee with a group of the freshmen from the Samuel Watson School. He did not stay with them long, however, for he soon joined the huskies of the class. "Harp" would rather play soccer than eat, which is surely saying a great deal for one of the male species. "Irish" doesn't intend to let his keen electrical brain flag, so next year will probably find him absorbing new ideas at the General Electrical Company at Lynn. Electrical Club, 4.

#### Hames Chippendale "Chip"

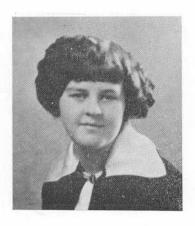

We are greatly indebted to the Sacred Heart School for sending us this lad. "Chip" needs but little introduction to us, because since coming to Durfee he has been a big factor in helping the Class.

He states that football, basket ball and studying are his hobbies and he is a shark in anyone of these things, especially the latter. Next year we hope "Chip" will not hesitate in enrolling at Brown so as to broaden his knowledge in Latin and other studies; not only that but win four or five letters in sports. The best of luck, "Chip".

### Anne Cleary

Anna is a cheerful student, for which reason we are glad she has been with us for four years. Graduating from the Westall School in the spring of 1920, she entered Durfee in the fall and since that time made a vast number of friends by her loving personality. Whenever you hear a lot of laughing around the corridors of Durfee you can make up your mind that Anna is present. Her hobby is dancing and she may be seen at all of the High School Dances "Stepping out". Next year Anna will depart and enter the Boston University to increase her store of knowledge.

## Alfred Cohen "Alley"

After gracing the halls of the Davis School for eight years Alfred came to Durfee and immediately started to pursue a college course. "Alley's" favorite pastime is fishing. He is also fond of telling stories about the "big ones that get away". Alfred claims that he was quite successful in his High School career. He managed to imbibe plenty of knowledge and keep on the "straight and narrow" at the same time. "Alley" is so pleased with his high school career that he intends to continue his education at Boston University. Best of luck, "Alley"!

### Lois A. Cole

"Soft music for the overture, Mr. Orchestra Leader." "Fine." Now that the heroine is in the center of the stage we'll listen to what she has to say. She came from the Frank S. Stevens' School in Swansea, but that wasn't her fault. Neither did it prove a handicap. By no means. Lois is a real, honest to goodness Math shark, the kind you read of in story books. Rumor has it that she fairly blinds Mr. Pickup by her brilliancy. When she is not busy thinking of sensible answers for foolish math problems, Lois may be seen skating on the "dam" in true professional style. When Lois has received her last "A" in Durfee she is all set to purchase a one way ticket to Bridgewater. "All aboard."

#### Chomas S. Collins "Tom" "Tommie"

The curtain opens and "Tom" enters upon the stage. He was another product of the Highland School who has made a name for himself in Durfee. "Tom" was one of the Sport Editors of the "Record" in his Senior Year and also Vice-President of the Latin Club in his Junior Year.

in his Senior Year and also Vice-President of the Latin Club in his Junior Year.

Moreover, "Tommie" is a wonderful football player and made his "D" in his Junior Year. He was unfortunate in being injured at the beginning of this year so that he was unable to play for the rest of the season. Next year "Tommie" is going to Notre Dame and this college will be the recipient of a very promising football player. Best of luck, "Tom".

Vice-President Latin Club, 3. Sport Editor Record Book, 4. Forum, 3, 4. Football, 3, 4.

#### A. Wilhelmina Connelly "Billy" "Willa"

It is to the Sacred Heart Academy that we are so much indebted for our pleasant acquaintance with "Eilly". "Willa" declares that dancing and riding claim most of her time, and she certainly is an accomplished rider, but we know from her success in school that she does not neglect her studies. "Billy" is as yet undecided about the future, but we know wherever she turns her footsteps, she will receive a warm welcome.

Dramatic Club, 3. Dance Committee, 4.

#### Haul A. Connelly "Ponzi"

Ecce! Behold! The wonder of our class, Paul "Ponzi" Connelly, whose popularity was clearly manifested when he received this title. He came to Durfee in 1920 and during his stay here has acquired

many friends.

"Ponzi" claims hockey, basket ball, and rugby as his hobbies. We will all agree with what he says because he is "the wonder man of our class".

Next year, the University of Illinois is looking for his enrollment and the way he talks they will have him there. The best wishes of the class will accompany him.

#### James Al. Connor "Jimmie"

"Jimmie" came to us from the St. Joseph's School in '20. He enrolled in the Technical course and has attained high honors during his four years. Although he did not try for any team at Durfee he is a very good hockey player, and may be seen every day during the hockey season on the North Park showing others how to shoot a goal from a difficult angle. He also claims football and baseball as his hobbies.

Next year "Jimmie" intends to enter North Eastern University and the class wishes him the best of luck.

Electrical Club, 2.

#### Grace Al. Connors "Buddy"

Fun-loving "Buddy" came to Durfee from the N. B. Borden School. Wherever "Buddy" is, there's sure to be mischief brewing, for "Buddy" is fond of a good joke. Grace is one of the most active girls in the class. Why think, did you ever see her in the corridor walking sedately along? No? Neither did we. For a quick wit, we'll match "Buddy" against anyone of the class. "Buddy" belonged to the Dramatic Club in her third year and is an active member this year also. "Buddy" belongs to the S. P. H. Club; in fact is President. Next year Grace will show Bridegwater what fine specimens old Durfee can turn out.

Dramatic Club, 3, 4.

### Daniel J. Coogan "Danny" "Toughy" "Stup"

Another football star is found in "Danny" Coogan, our captain last year. "Danny" came to us from the Highland School with the intention of making Durfee's teams and also with the idea that he could live up to his name as far as school studies went, which he did. "Danny" entered the Hall of Fame during '22 and '23 when his playing helped to defeat New Bedford. "Danny" claims hockey and football as his best sports and we all agree with him.

Joining hands, we hope to see him as active in athletics and in his studies at Notre Dame next year. Captain Football, 4.

#### Wifford Cook

#### "Cookie"

In 1920 a little boy named Gifford Cook, alias

"Cookie", came to Durfee with the idea to learn enough to enter M. I. T.

"Cookie's" motto should be "appearances are deceiving". Though Angelic he may seem at first acquaintance, a shock is due you, for "Cookie" is far from that heavenly host. He is not only a patronizer of all the High School Dances, but also supports Durfee in Athletics, never having missed a game.

After working three hard years in the Cadets, he was made a Lieutenant. Old Durfee will mourn when

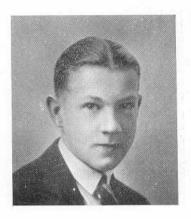

she sees "Cookie" leaving her forever.

Cadets, 2, 3, 4.

#### James Corbridge

James says he hasn't any nickname so you can judge for yourself that he's very unusual. And that impression is quite correct. James is unusual. In the first place he's smart. In the second place he's studious. Generally smart people are studious, but this type is just as rare in Durfee as it is in any other school in the world. James rapidly rose into the limelight when he came to us from the Fowler school, four years ago. James has pursued a technical course for the past four years and he intends to continue his training at some Technical School after graduation. Don't worry, James Noel, you'll make good.

Record Book Staff, 4. Electrical Club, 3, 4.

# John T. Cotter "Jack"

Here is a product of the Henry Lord Grammar School. "Jack's" hobby is electricity and he is studying to be an electrical expert. "Jack's" popularity and ability won for him the position of Secretary of the Durfee Electrical Club. "Jack" may be seen at all of the Football games doing his best part in the bleachers, even in the pouring rain. "Jack" has not decided where he will go next year but we wish him success.

Secretary Electrical Club, 4.

### Gardner D. Cottle

Gardner graduated from the Westall School and came to Durfee with the sole object of getting a further education. Apparently when Gardner wants a thing he goes and gets it. Having reached the decision that an education was a desirable matter, he wanted one. If such trivial affairs as childish sport stood in the way, they must go—for Gardner was in pursuit of learning. And he got it. Moreover he deserves credit for getting it "on his own hook".

We do not know what school will shelter Gardner next year, but whatever it is, it will be fortunate in receiving that rare object—a pupil who wants to learn.

Keep up the good work, Gardner.

#### Lillian E. Coughlin

Puff, Puff! Whew! Lillian almost forgot all about Durfee for she didn't arrive at the Hilltop School until her second year and we certainly are indebted to the Dominican Academy for sending her to us for it was a case of "better late than never". Lillian is a wonderful student and though she appears to some unknowns to be quiet we can contradict this statement by referring you to Mr. Cleare, 7th period study. Lillian's favorite amusement is dancing and she is very well known at school socials and cadet drills. Ch! and pardon us, we almost forgot to mention, Lillian is an accomplished piano player and if you have ever visited her you surely were entertained.

When she graduates from Bridgewater, for that's her station next year, we think we all would want to go back to school and be taught all over again.

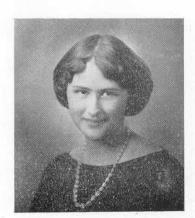

### John F. Coyle "Coyly"

John is the finished product of the Sacred Heart School. Throughout his four years at Durfee, he has been an ardent supporter of all games that our teams have played. "Coyly" claims that football is his hobby. He is surely a good fellow, always in earnest when the occasion requires and at all times ready for a joke and a good time. Because of his ever present good humor and fun-making, John was able to make many friends.

He was appointed as an associate editor of the Record Book, because of his perseverance and willingness to work. He intends to take a P. G. course next year to get a thorough knowledge in his chosen course. Although many of his friends will not be with him next year, we are sure he can make many more new ones and we expect to hear more of him in later years. Record Book Staff, 4.

Chairman Dance Committee, 4.

### Gwendolyn M. Coyne

"Gwen"

Here she is boys! Notice the rush? That is because it is no other than our friend, "Gwen". "Gwen" is a graduate of the Highland School, which seat of learning we most heartly thank for sending us a girl with such a pleasing personality. "Gwen's" favorite pastime is dancing and no one has ever seen her standing around for want of a partner. She also loves to go coasting and no hill was ever too steep for her to try out. She is always in attendance at the football games and we have often wondered why

"Gwen" did not go out for the team.
"Gwen" is a devoted follower of music and intends to continue at the Bush Conservatory after We know she will make a hit with graduation. teachers and pupils.

#### Christine (b. Crandall "Tino"

"Tino" came into our midst from the Westall Grammar School four years ago. To find a girl with a more pleasing personality would be like looking for a needle in a haystack. She has been a great favorite among the boys and girls which is due to her personal attractiveness and merry disposition. "Tino" claims horse-back riding as her favorite sport and we can easily say that she is the best equestrienne in this part of the country. "Tino" intends to enter Victoreen's in the fall and in a few years she will be smiling on some lucky employer. Best wishes, "Tino". Orchestra, 1, 2, 3, 4.

### George L. Crapo, Ir.

George graduated from the Lincoln School in 1920, enrolling the following fall in the college course. It seems as though studies never bother George, but he is one of the clever boys of our class. His favorite sport is football, but George can be seen at any of the local games. In his Junior year George joined the Latin Club and we are sure that his appearance in a bright green toga, at the presentation of the Club's Latin play will never be forgotten by the spectators. George has been a member of the High School Cadets and is now, if you please, Sergeant Major! Next fall George intends to enter Williams College and he will have the sincere good wishes of many ex-Durfeeites.

## Margaret E. Crawford

"Peg" "Margie"
Four long years ago, "Peg" felt that she hadn't been taught enough at the Davis Grammar School, so she entered Durfee with the intention of building up her knowledge. This she has done very successfully as her record shows. Dancing is one of the many accomplishments of "Margie" and is her favorite pastime. She is a second Fritz Kreisler when it comes to playing the violin. Those who have heard her play will agree that Durfee's orchestra would be incomplete without her. "Peg" is undecided as to what she will do after graduating, but whatever she undertakes, we wish her the best of luck.

### Sadie Crawford

#### "Sadie"

"Sadie" graduated from the Highland Grammar School four years ago and took up her studies at Durfee most successfully. During her four years here, she has won the hearts of many with her sunny smile and her agreeable nature. Although "Sadie" has never taken part in any of the school sports, it is not because she isn't interested in them. For who is more eager for fun than "Sadie" who is always making fun for her friends, especially in the classroom? Dancing is her favorite, as her attendance at so many dances has shown. Next year, "Sadie" will enter the Union Hospital to train to be a nurse.

# Kenneth Crosby

"Ken" left the Wilkes Barre, Pennsylvania, Grammar School to come to the great and widely known high school called "Durfee", where he has become well-known and popular. "Ken" is very enthusiastic about football, and shows his loyalty to his team by following every game, whether at home or abroad in the capacity of cheer leader. He has announced his intentions of going to Brown University.

# William S. Cullen "Bill"

Hail to "Bill" who comes from the most southern part of our city. In 1920 the St. Patrick's School was very sad and Durfee very happy when "Bill's" education was completed in the former and was just beginning in the letter

Beginning in the latter.

He chose the Scientific Course and has successfully fought the toils and hardships of the four years of this course. During his stay at Durfee, "Bill" claims that he has acquired a good number of friends and the good will of all his teachers. "Bill" claims football and basket ball as his hobbies, but on account of his studies and other business he has very little time to indulge in these sports. Next fall "Bill" intends to enter the Rhode Island State College, where we know he will make a good record for Durfee.

# Eileen Al. Cummings "Flossie"

"Time and tide wait for no man (or woman)". We have all heard that saying a million and one times but it does not seem possible that it was four years ago that Miss Eileen Marie Cummings (more commonly known as "Flossie") first set foot in Durfee (more correctly in Tech). After "Flossie" had graduated from the "pea-green" stage she migrated to Durfee's ancient halls which she livened up with her laughter. Before coming to Durfee she was a student at St. Louis Parochial School. Flossie's favorite pastime is dancing. Next year will find Flossie firmly established at Hyannis.

# John Curran "Raisins"

Well, we all know "Seedless'. He graduated from the J. J. McDonough Grammar School and came to Durfee to divide his time between studying and basket ball. (How evenly we won't say). He is a great comedian among the pupils of Durfee (and is therefore very popular). John hasn't decided where he will go after Durfee gives him his sheepskin. May he ever prosper!

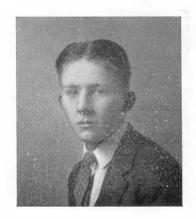

#### Dabid Cusick

If Dave is a sample of the products of the St. Patrick's School we wish that they would send more, for Dave, although far from a grind, always knows his lessons and as a result his report card is not

without its high marks.

Dave is also an athlete of high standing, indulging in all sports, although he likes football the best. He is a briliant polo player. Not being endowed with a large stature, Dave has not made any of Durfee's teams, although he was a star on the Hornet's football team. When it comes to dancing Dave sure can pick up the splinters and is to be seen at all the drills and Record Book dances.

Dave, after finishing his studies at Durfee, intends to enter Colgate University, where we know he will be popular because he is an all round good fellow.

# Robert F. Cusick, Jr. "Bob" "Bobbie" "Jr."

"Bob" is one of the many Valentinos that entered Durfee from the Davenport in '20. Judging from his ability as a student, his popularity among the girls (?) his good looks and lastly, his good dancing, he may well be called a "Valentino": When he entered Durfee he indulged in the Commercial Course and is considered one of our best Commercial pupils. Following in line of the other Davenport graduates, "Bobbie" took football and basket ball as his hobbies. During his short stay at Durfee he has gained many friends and the good will of all his teachers. "Jr." intends to enroll in the John Hopkins University of Baltimore and Durfee's advice to him is not to fall too hard for the Baltimore "Janes".

# Catherine M. Dacey

"Flappers and cake-eaters." Allow me to introduce to you the world's most graceful ice-skater, Miss Catherine Mary Dacy who in the good old days was simply known as "Kath". Don't forget she was elected Class Best Looking. Her marvelous figure, light and beautiful daticing on skates, has drawn applause from audiences all over the world. Let us turn back the pages of history and learn of that memorable day when "Kath" came to Durfee. It was in the fall of '20 after she had graduated from the N. B. Borden Grammar School that "Kath" joined our class. We remember her then as a little girl with black curls and great big brown eyes. If you should chance to stroll into Framingham next year you will find "Kath" there.

Dramatic Club, 4.

### Loretta A. Daley

Attention! Everyone! Here is someone who has gone through High School without having acquired one of the most important things Durfee gives to a senior—a nickname. At least if Loretta has one she does not lay claim to it. After Loretta had learned all she could at the William S. Greene, she hastened to Durfee where she has spent a very profitable four years. The "movies" are a great attraction for Loretta for they prove to be her favorite indoor sport. Bridgewater will claim Loretta next year and Durfee wishes her every success in her career.

# Margaret F. Pallagher "Peg"

We certainly are thankful to the Sacred Heart School for sending "Peg" to Durfee. She will always be remembered by her classmates as a girl of pleasant manners and a charming personality. "Peg's" a good sport and always ready for a good time. Dancing is one of "Peg's" hobbies and we know she excels in this art because she is beseiged by partners at all the dances. "Peg" intends to enter Framingham and we hope she will learn to cook some good meals while delving into the mysteries of the domestic science course.

# Alfred W. Dark "Ducky" "Al" "Hawthorne"

We must here express our gratitude to the Frank S. Stevens School of Swansea for sending us such an all around good sport as "Al" Dark. He is a quiet fellow and the inscription "Still Waters Run Deep" may well be applied to him. "Hawthorne" is a medieval fellow and acquired this nickname because his hair was combed and shaped like that of the original Hawthorne. He is a very good runner and it has been said that he is the best half miler who ever stepped into Durfee. He has followed the Technical course, excelling in Machine Shop and Mechanical Drawing. Next year he will go to the General Electrical Works at Lynn and do not be surprised to see him make Track Captain. Good luck, "Ducky".

### Aaron Dashoff "Lolly"

In 1920, "Lolly" entered Durfee, a graduate of the Davenport School, and in his four years here, there seems to be no activity in which he has not taken a great part. He acquired an oratorical art on the Debating Team. An actor? I should say he is. He scored a great hit as "Genesis" in 1923. Yes, he is some soldier.

he is some soldier.

"Lolly" is also a stringy violinist and has been a great aid to the Durfee Orchestra. Can he write? Why, his sport articles, editorials, etc., can be found in any issue of the Hilltop. "Lolly" just can't keep away from the tennis court and many a hot contest has been fought between him and his cousin, "Ev". "Lolly" will enter Harvard. Our best wishes accompany him.

Latin Club, 3.
Cadets, 1, 2, Corporal 3, Sergeant, 4.
Forum, 3, Executive Board, 4.
Dramatic Club, 3, 4.
Hilltop Staff, 4.
Chairman of Pin Committee, 4.
Councilor, S. A. A.
Record Book Staff.

#### Eberett Dashoff "Ev"

The achievements that "Ev" has accomplished make the Dashoff volume one of huge size. "Ev" entered Durfee, a product of the John J. McDonough School. As a business manager, "Ev" could prove a success, for he has already received great experience as Business Manager of the Hilltop. His military record has been a fine one. In the manual of arms "Ev" is very skillful, having walked away with first prize in the 1922 Efficiency Drill.

As a scholar he ranks among the first and will

be among the highest next year at Harvard. He is also the proud possessor of the art of debating, being a member of the debating team.

Greek Club, 3, Director, 4. Forum Director, 3. Debating Team, 3. Cadets, 1, 2. Sgt., 3, 1st. Lt., 4.
Hilltop, 1, 2, 3, 4. Business Manager, 4.
Orchestra, 3, 4.
Dramatic Club, 3, 4. Record Book Staff.

# Sadie Dashoff

When Sadie entered Durfee four years ago from the John J. McDonough School, she came unheralded, but soon made a name for herself.

Though quiet, Sadie took her part in school affairs, and was to be seen at many of the events held by her classes. She was some dancer, and it certainly was a pleasure to glide around the floor with her. She also liked the outdoors, and could sooner be found hiking or riding than enjoying herself

With these accomplishments, we are sure Sadie will make a success in life. She is going to Rhode Island Normal School, where we wish her the greatest success and predict a brilliant future.

#### Marjorie Dean "Marge"

"Marge" is tall and dignified-looking, but it doesn't take you long to find out how sociable she really is. She is a graduate of the Fowler School. "Marge" doesn't care for sports but she does like to drive her car around town (except in rainy weather, how about it, Marjorie?) We don't wonder she doesn't like walking very much, since she lives some distance from school, but of course she never openly says she doesn't like walking. Now, Marjorie is very much interested in Hygiene and is a member of the "Smiling Pass Hygiene Club". As you may have expected, she intends to become a nurse and will enter a school of nursing. Hygiene Club, 4.

#### Louise A. Deane

Louise graduated from the Westall School in June, 1920, and the following fall entered Durfee in the college course. Louise appears to be very quiet and retiring, but you should see those brown eyes twinkle.

Louise is an enthusiastic member of the Dramatic Club, in fact, has been councillor during her third and fourth years (another proof of popularity). Louise tells us her favorite amusements are riding and reading. Perhaps the latter accounts for her unusual ability in Dramatics, for we forgot to mention the fact that Louise is one of the most finished actresses of our class. We understand that Louise is an expert horsewoman and may be seen, in her spare time, on a dashing charger galloping around the Pond. Next year Louise will go to Leland Powers. Good luck to you, Louise; may you have as good friends there as you have been to us.

#### Eli≋abeth Delahanty "Betty"

Four short years ago "Betty" entered the wide doors of Durfee which were patiently waiting for her to begin her career. Although "Betty" was very quiet and very small she was immediately recognized for her kindness and thoughtfulness for everyone. These little acts of kindness and thoughtfulness have made her famous during her stay here. It is our part to thank the Highland School for sending "Betty" to us and we, in turn, intend to send her to Framingham where we wish her every success in the art of teaching school.

# Edith Deplitch

Edith's most noticeable attribute is her wonderful good nature. She is always smiling, friendly, and eager to make people happy. Doesn't she make those Math and English lessons seem a lot easier by telling us what she thinks of those heartless instructors. And she can swim! If you want to see a real mermaid just give yourself the pleasure some fine day of watching "Dep" enjoy her favorite water sports. Let's hope Edith has loads of time next year at Framingham to enjoy her favorite diversion besides faithfully doing all her studying. She has our heartiest wishes for lots more fun to come.

## Grace S. Dewsnap

"Dewey"

And now enters "Dewy". She is just what her name implies, always sweet and fresh (no, my dear, don't jump at conclusions). After graduating from the Henry Lord Grammar School, Grace decided to seek a higher education in Durfee. Well, she did, or we would be minus one of the jolliest girls of our class. Sports have a deep attraction for "Dewy". especially tennis and canoeing. Evidently she is a fine swimmer or we think she would not be so fond fine swimmer, or we think she would not be so fond of canoeing. Don't think that "Dewy" neglects her studies to have some fun, for she has made a record to be proud of. She excels especially in designing, which she will study next year at the Rhode Island School of Design. We wish you the best of luck, "Dewy".

#### Susan G. Demsnap "Sue"

"Sue" graduated from the Fowler Grammar School and took up her studies at Durfee with great success. "Sue" is one of the quietiest girls in our class but she is always ready for a good time. Her favorite sports are basket ball and skating. "Sue" is interested in dramatics and is an ardent member of the Dramatic Club. She is undecided as to what she will do after graduating, but we wish her success in everything.

#### John F. Donnelly "Jack"

Our eyes were first turned on "Jack" when he entered our midst from St. Anne's Grammar School. For four years he was prominent among his classmates and helped to make many a school dance a success,

by his knowledge of decorating.

As a football player "Jack" is a genius, and has gained many friends here during his stay, so that "Jack" ventures forth with all their best wishes to General Electric, which will be the next field of his scholastic endeavors.

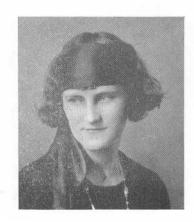

Electrical Club, 4.

# Mary A. Donnelly "Don"

"Don" came to us from St. Mary's Cathedral School and ever since has been active at Durfee. "Don" is a member of the "I Should Worry Club" and she would rather joke than study. Reading and dancing, we are told, are her hobbies. We can believe dancing to be one because it suits her, but we can hardly believe the reading part as we don't think she could sit still long enough to do much reading.

Sargent's will claim her next year, in preparation

for a teacher in Physical training.

# Rita M. Donnelly

You are now gazing with affection upon the star of the Dramatic Club, no less a person than Rita Marie Donnelly, only known as "Ret". She graduated from the Gardner Grammar School of South Swansea, but this doesn't mean necessarily that Rita is a "hick". By no means is she. In fact she shines wonderfully in a debate, especially at those heated ones at the Record Book meetings. "Ret" goes in for all kinds of sports, both indoor and outdoor, and whatever she goes in for, she is sure to come out on top. Next year "Ret" will desert us for Smith College, and we hope she'll keep up her same good record there as she has here.

Dramatic Club, 4. Latin Club, 3. Forum, 3. Home Room Director, 3, 4. Record Book Staff.

# Frank H. Prislan "Duzzy"

"Step aside, ladies and gentlemen". Frank Maurice wishes to disclose to those who are so unfortunate that they have neglected to become acquainted with him a few facts about himself. "Duzzy" came to us from the Henry Lord School. After imbibing all the knowledge possible to obtain within the walls of this beloved institute, he intends to enter Northeastern and drink more from the cup of learning.

Spanish Club, 3.

# Katherine Al. Progue

When the Davenport School graduation was held in 1920, "Kit" was among the lucky ones. Then in September, she just naturally turned her footsteps toward Durfee and she has continued to turn them Durfeeward during the last four years.

Katherine says that her favorite amusements are coasting and dancing (which goes to show that she is both an indoor sport and an outdoor sport). We don't blame Katherine for liking dancing for she can dance and we know it.

dance and we know it.

"Kit" will join some of her classmates at Bridgewater next year, where she will train for teaching. Wherever she goes she will carry with her our sincere good wishes.

# Lillian G. Buffy "Micky" "Billy"

Whew! A whirl of dust! Who's that? Why, that's "Mickey", our classmate, going sixty miles an hour. This is "Mickey's" hobby, to go like the wind all over town in her machine. When the Davenport sent Billy to us they certainly did send some one full of pep. Dancing is another of "Mickey's" hobbies and she is always seen at the school dances. Next year "Mickey" intends to go to Boston Normal and we wish her the greatest success.

#### George J. Dunn "Kid"

Some people say that the author of that popular ballad: "I love the ladies" dedicated his song to "Kid". We cannot vouch for the truth of this assertion. However, we do know that George has a very pleasing personality, and most ladies admire a pleasing personality. We have the Davenport School to thank for this gloom dispenser. "Kid" states that rugby is his favorite sport. Perhaps you have seen him chasing footballs around on the Alumni. Don't laugh. Many a star started his career chasing footballs. "Kid" has not decided yet just what he is going to do when he is graduated in June but in whatever he does we wish him the best of luck.

### Mary L. Durfee "Billy"

This fair little Miss hailed from the Lincoln Grammar School. She pursued a commercial course for four years and is so pleased with the results that she intends to continue her business training at Bryant and Stratton's. She claims that dancing is her favorite pastime, and we hear she has already turned down numerous offers from the dashing "Ruddy". Best of luck to you, "Billy".

# Margaret F. Dwyer "Peg" 'Madge"

Among the students that came to us from the Borden School was "Peg". In the fall of 1920 she was enrolled in the Normal Course at Durfee where she has become a very energetic worker to be sure. She's the kind of a girl we like to have in our classes when we're selling tickets. Did "Peg" ever miss a game, a dance, or a play? She did not! It seems to us that these teachers are getting more and more wonderful in every way and we are sure they will reach the highest degree when Peg emerges from Bridgewater. Bye-bye "Peg"; you have our best wishes.

#### Stanislans Dziordz "Judge"

Honk! Honk! Honk! Why, don't be alarmed, because it is only "Judge"; not Judge Hanify but "Judge" Dziordz from Durfee. He owns a car you know and how he can drive. Ask the girls; they admire his skill. He is very popular at Durfee and has been nicknamed "Judge". He was given this name because he can give his opinion on anything and most times he is right. He is well-liked and quite unusual because he loves to read the works of Shakespeare and Milton. He spends a good deal of his time at the Public Library and if you have seen a bright young studious man pestering the librarian for books it was he. He is a real sport and is also a Basket Ball shark and oh, boy, how he can shoot those baskets. He is a born lawyer and next year he will show his wares at the Boston School of Law.

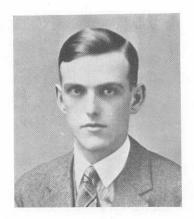

# Gerald Eagan

"Jerry" has been a great aid to Durfee during his four years here. He has gathered a huge number of friends and all will be sorry when this young man leaves us. He claims skating and baseball as his chief hobbies and sports and he can certainly skin o'er the ice. As a baseball player he is right there and can sign up with the "Yanks" any time he pleases. Yes, "Jerry", we all hope that you make a success in your business and don't forget we are all behind you.

# Rena J. Easterbrook "Rene" "Pol"

"Pol" is a lover of the open. To be confined in school is her one great misery. After having graced Stevens' halls in Swansea, "Pol" joined us in her high school career at Durfee. Although she started in High School with the commercial course, other courses offered more interesting studies, so "Pol" decided to become a "Special". "Pol's" favorite sport is bicycle riding and you may be sure she is quite a rider—not only bicycles though. Rena is one of these "take me as you please" girls, which accounts for her pleasing disposition. While at Durfee, Rena has made many friends and when she goes to Hyannis this summer to school they all wish her the best of success.

#### Earl B. Ellis

After receiving a sheepskin from the Westall Grammar School, Earl came to Durfee to prepare himself for Amherst College. Earl took up the life of a soldier and won the position of Top Sergeant in the High School Cadets. His favorite pastime is canoeing, in which he is no mean opponent. We wish you the best of luck at Amherst in your future life, Earl.

Cadets, 2, 3, 4.

#### Milton C. Epstein "Milt" "Ep"

"Milt" entered Durfee from the N. B. Borden Grammar School in short breeches, and we are fondly awaiting graduation day, when "Milt" claims he will discard his relics of childhood, and appear in the full

regalia of young manhood.

He is sergeant bugler in the cadet corps, and a member of the orchestra, where he plays the cornet. He is a prominent member of the Forum, and it is worth going miles to see "Milt" in his short pants argue with opponents twice his size.

"Milt" is undecided as to where he is going, but

we know that he will talk himself into the good graces

of all his associates. And we hope to hear great things of you, "Milt". Cadets, 2, 3, 4. Sergeant, 3, 4. Latin Club, 3. Orchestra, 3, 4. Forum, 3, 4.

#### Ebelyn M. Ebans "Evie"

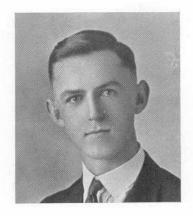

"Evie" got her first inklings of knowledge in Assonet, thence journeying to Durfee where she spent four happy years. Through her good nature and sunny disposition she has gained a number of friends. "Evie" enjoys a good time and the shining floors of the large dance hall are too much of an attraction for her as she claims dancing is her favorite amusement. Well, she's not the first girl who falls for it. Next fall she intends to grace Hyannis Normal with her presence. The best wishes of the class go with her for her success in life.

From the Davis School in 1920 "Chris" graduated and entered his High School career in the Scientific Course. "Christy" is an excellent student (don't we envy him his report card) and is well liked by both his teachers and fellow classmates. "Christy" is a good entertainer and we do enjoy his remarks on the lesson, notices, school gossip, etc. "Christy" claims soccer as his favorite sport but we have heard from a dependable source that he wields a mean racquet (he was runner-up in the Senior Boys' Tennis Tourna-ment). In his Junior year "Chris" belonged to the Dramatic Club and the Spanish Club. At present he is a very active member of the Journalism Class, being Circulation Manager. As to his future plans, "Chris" is silent, but we know that wherever life's journey takes him "Christy" will be surrounded by sincere good friends.

Cir. Mgr. Hilltop, 4. Dramatic Club, 3, 4.

# Dorothy M. Fanning "Dot"

Well, well, look who we have before us. Don't you know that tricky dutch cut when you see it coming down the hall? Why, that's "Dot" Fanning, the most collegiate young Miss in Durfee. She is a regular attendant at all the school dances and games of all kinds. No matter what happens, if it is collegiate, "Dot" does it. When asked to describe her favorite amusement she starts off saying, swimming and dancing, but she is such an all around good sport she has to end up saying, "Oh, everything." "Dot's" voice is also another great asset of hers for she is now a member of the Glee Club.

Having said all this we must not forget to add "Dot" is a good student and is popular among her teachers. "Dot" hasn't decided just where she will continue on what she has learned in Durfee but whether it is college or normal we hope she succeeds

Glee Club, 3, 4. Hockey Club, 4.

### Frank S. Feitleberg

Here we see a likable and good-natured fellow. His early education was begun in the John J. McDonough Grammar School. During his High School career he has amassed a huge collection of friends. He has a wonderful personality that can not be easily equalled. Frank is known by everyone and is a friend of every athlete. His greatest liking is for Football and he can be seen at every game backing up his team with true school spirit. There are (it is sad to relate) very few Frankies of such calibre. He will continue his studies in the University of Pennsylvania. "No matter what you undertake later, Frank, you'll make a success." Good luck and remember you're a Durfeeite from Durfee Land.

Did you ever see that businesslike gentleman walking through Durfee's corridors? He was the Business Manager of the Record Book. And well may the Borden School be proud of "Ernie", for if he handles himself in the future as he did the Business part of this book he will surely make a name for himself. Also, the Senior Class was fortunate in having so talented a person as "Ernie" as their Vice-President. Meanwhile let us not forget that the "Class Baby" is also an experienced Actor and Orator. At the Forum meetings it was always a pleasure to hear "Ernie" speak. Next year M. A. C. will be honored by this business-like gentleman's presence.

Forum, 3, 4.
Executive Board.
Chemistry Club, 4.
Debating Team, 4.

# Anna Al. Fitzgerald "Ann"

"Ann" quietly entered Durfee and is quietly leaving it but not without a host of friends. Like most girls "Ann" does not claim dancing as her hobby but secretly we think it is. However, she names basket ball and it sure is, for when the girls of Durfee first formed a Basket Ball Team "Ann" was right there at practice and made the Junior Girl's Team (which was quite an honor). "Ann" says nursing interests her and she intends to take it up after her high school career is over. Truesdale's is the place, and if anything ever happens to you, go there and if the nurse with the light hair and pleasant smile is yours, then you'll want to stay sick forever.

# Thomas B. Hitsgibbons "Fitze" "Fitz"

"Fitz" quietly entered Durfee in 1920 as a result of his primary education in the Davenport grammar school. "Fitz" is an artist and may be termed a genius. His drawings have attracted world wide attention. Swimming and skating claim the first names on his sport schedule. His accuracy and efficiency are the cause of his military training in the National Guards. He is at present a corporal in the guards and on the verge of promotion. Keep up the drilling "Fitze" and soon you will be a general (maybe?) Brown University will be his next stopping place and from there he will, well, time will tell. Good Luck "Fitz" and remember Durfee!

# Charles J. Flynn "Chick"

We need no word of introduction in presenting to you "Chick", Durfee's star athlete. He graduated from the N. B. Borden School, to whom we are very thankful for sending such a deserving lad, both in sports and studies. "Chick" states that football is the only sport and so we will have to agree with him on that. "Chick" is also fond of dancing and may be seen at any of the local dancing halls, stepping around with his girl friends.

Much could be said about "Chick", but space does

Much could be said about "Chick", but space does not permit, so we will leave it for some personage at Dean Academy to write about our "Star Athlete".

Basket Ball, 1. Baseball, 2. Football, 2, 3, 4.

#### Mildred W. Flynn

Mildred is another one of the vast number that the Sacred Heart School sent us. She has had four very successful years at Durfee; just take a look at all the organizations she belongs to. Mildred seems to be quite an outdoor sport, for she chooses hockey and baseball for amusements. She was one of the girls who represented our class on that famous Hockey Team this year. Mildred is a very popular member of the Normal Division and is a staunch worker for the Greek and Latin clubs. Like the majority of the other members of her class she intends to go to Bridgewater to continue her vocation.

Dramatic Club, 3, 4.
Record Book Staff.
Hockey Club, 4.
Latin Club, 3.
Greek Club, 4.

# Peter F. Flynn

"Pete" came directly to the High School under the supervision of the St. Mary's Cathedral School. Of course he followed the straight and narrow path and has brought credit to his mother school. He is an ardent baseball player and can lace out more than one circuit drive. He is a trackster (Webster's dictionary) and can run the hundred (when no one's lookin') in record time. He is also an electrical shark and can handle any shock. It is a toss-up whether he is called "Pete" or "Flynny", but we hereby petition ourselves to address him as Peter. As time is rolling on, let us go on. "Pete" (excuse me), Peter will honor the Northeastern University and will bring fame and glory to old Durfee. Happy Days ahead, Peter.

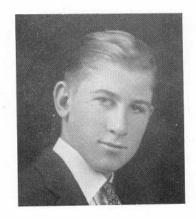

# Lillian A. Folster "Lil" "Lily"

We take great pleasure in introducing "Lil", though probably you need no introduction. She found her way to Durfee from the Lincoln School. "Lil" chose the Commercial Course and among her classmates is known as one of the quiet members of the class. She says that almost any outdoor sport is a favorite. Why not be more definite, "Lil"? She has made no definite plans for next year, but it is very probable that some day she will call a class of her own to order. Whatever she does the love and best wishes of the class go with her.

Dramatic Club, 3, 4. Commercial Club, 4.

# Carl Pl. Forster "Vit"

Carl Forster came to us from the William J. Wiley School in September, 1920. Throughout his four years at Durfee he has made a fine record. Although he did not play on any school team, he is an ardent supporter of all school activities. Swimming and skating are his chief amusements and "Vit" is a crackerjack at both of them. "Vit" will travel on to a technical school and there imbibe some business insight. If "Vit" is the success in the business world that he has been at Durfee, J. D. Rockefeller will have a rival. We don't know what it will be, but whatever it is, "Vit" is going to get our support when he starts out. The best of luck, old boy!

#### Norman L. Fournier

Norman dropped in on us from the well known Cashup District School, State of Washington. Having travelled so far he was weary and fatigued and so he pursued his studies quietly and efficiently. His knowledge ranges from electricity to more modern sciences. He is good-natured and well-liked by everyone. Although Norman has not thrown himself into school politics, he has nevertheless a sufficient dose of spirit. Norman likes radio but when it comes to soccer, well, it would take a good man to beat him. "You are bound to make a successful mechanic or electrician, Norman."

He will visit "M. I. T." for the brief period of four years and there show them a thing or two. May your course be smooth and your career a brilliant one. (Don't handle live wires, Norman, and all will

be well).

### John Frank

"Doctor" "Professor"

The Black Bag! The Black Bag! Well, what do you think is in this bag? Books, books, books. Some industrious and studious young man owns this bag. This bag of great importance happens to belong to our great professor, John Frank. He is fond of all sports and is a good soccer player. He is a busy young man and he never wastes his precious time. He is quick to act and unlike most young folks he likes to study. In his opinion a Shakespeare's Play is better than a Turkey Supper. He was nicknamed "Doctor" and "Professor" because he has the air of being one of these two. He may be always seen with his black bag and his overwhelming supply of books. He and a few other Durfee Students have sent a petition to Washington stating that they would like to have the library opened all night so that they may study longer. Next year he will attend Holy Cross and we are hoping that he will make good.

"Red" "Biscuit"

"Oh Well!"-"I don't care."

Everyone must have heard these sayings while walking through the corridors in Durfee. If they didn't, they were deaf or else "Red" wasn't yelling (as he usually is) at the time. That is what makes

him so popular.

"Red" graduated from the Sacred Heart School. He surely is keeping up its reputation by his work. "Red" can play every kind of sport, but football and baseball are his favorites. He was spoken of as a candidate for the football squad. He didn't try out

for the team, so he lost his chance for his letter "D".

During his stay in Durfee, "Red" held down high
offices in many of the school activities. He was trusted because of his ability to do things. "Red" has not as yet decided where he will go for his

further knowledge of learning.
"Good luck to you, "Red", old boy."
Record Book Staff.

Electrical Club, 3, 4.

### Louise E. Furlong

Four years ago, Louise entered our midst, a graduate of the St. Joseph's School. One of the best natured girls in our class, Louise has won many friends because of her happy disposition and her cleverness. Although she is a studious girl, she is fond of a good time and is a lover of all sports. Louise claims her favorite hobby is dancing. This has been proved to us by her attendance at the drills. She has shown her interest in Science and Latin by being a member of both clubs. Next year, Louise will take up her studies at Pembroke. Our sincerest wishes for success follow you, Louise.

Latin Club, 3.

### Eli≋abeth Al. Gallery "Betty" "Bet"

The Davenport School seems to send us all our pretty misses; included in the group of '20 is our well known "Betty". Since "Betty" entered Durfee four years ago she has piled up good marks and has gained the friendship of many fellow students. "Betty" is one of our few History "Sharks"; in her third year she attained the grade "A" in this subject. "Bet" is a lover of outdoor sports, especially skating, and she can be seen gliding over the ice at the South Park most any night the thermometer is below freezing. Next fall "Betty" will say goodbye to good old Durfee and further her education at Hyannis Normal School.

John J. Galvin

"Jack" "John J." "Sylvanus"

Student, editor, actor, debater, writer, "John J." is all these and more too. Also a "regular fellow". From the time in 1920 when he entered Durfee from St. Mary's Cathedral School, we recognized in him a boy whom we were glad to have as a co-worker. His great popularity is shown by the number of duties which have been assigned to him and the way in which he fulfilled them shows his remarkable ability. President of the Dramatic Club, Editor-in-Chief of the Record Book, Active member of the Forum and Greek Club, all of which have been helped to success by his willing help. His forceful, energetic personality is continually felt in Durfee. "John J." is a born leader. As an actor "Sylvanus" has few who can compare with him as he showed in the great number of plays he has appeared in.

Although "Jack" is an excellent student with a

Although "Jack" is an excellent student with a course that included Greek, French, Latin, Trig., etc., one instinctively thinks of him, not as a scholar, but a man of affairs. Those who have worked for him know and respect him for his integrity, intense interest and business ability. "John J." gives one the impression that he is a quiet studious boy, but oh my, you'd be surprised. He is one of those who have helped to make the class of '24 famous. John will attend Catholic University next year and that college may well call itself the lucky recipient of this

brilliant, earnest fellow.

# Elizabeth B. Gardner "Beth"

After a short stay at the Westall Grammar School "Beth" turned her footsteps toward Durfee and it certainly was a happy Durfee which admitted this charming little miss under its noble portals.

"Beth" claims ice-skating, tennis and basket ball to be her hobbies but we think she has left out the most important one of all, the art of pulling automobiles. How about it, "Beth"?

Barrington School will claim "Beth" in the fall and we hope she will be as well liked and as successful as she was at Durfee Dramatic Club and Hockey Club.

Dramatic Club, 4.

# Margaret V. Garrahy

"Meet Miss Garrahy, World at Large." "Peg", meet the World." Now that we're introduced we'll hear what this dainty Miss has to divulge about herself. "Peg" is a graduate of the St. Mary's Cathedral School. Correct. You have guessed right the first time. Dancing is her favorite pastime. Those who know Margaret say that she is indeed a daughter of whom Terpsicore may well be proud. Although "Peg" has imbibed oodles of knowledge at Durfee, she is by no means satisfied. She discloses the startling information that she is to continue her training at the New York School of Penmanship. All the luck in the world, "Peg".

# Callanan I. Garbey

Let us present to you one of the most hale, hearty, and popular pupils at Durfee, Callanan Joseph Garvey. "Cal" is our electrical shark and is full of fun and funny doings. His endless pranks have won for him the lasting affections of all his teachers. His chief abode is at Tech in the Machine Shop and Electrical Room. During his four years he has more or less been interested in this kind of work. "Cal" is also interested in athletics and basket ball is his favorite sport, although he is something of a football player too. "Cal" expects to finish his education at Northeaston and we are sure because of his good nature that he will be welcomed there. Electrical Club, 4.

# Kathleen Al. Gebar "Kittie"

Ah-h!—here is an attractive young Miss who was dedicated to B. M. C. D. in 1920 by the Davenport Grammar School. She is quite popular and a very studious and attentive student. She excels in English and when upon the platform in Room 11, she resembles a feminine Daniel Webster. She is a regular attendant at all of Durfee's games and she may be always heard at Alumni field cheering for Durfee. She also is fond of dancing and when she does not attend a drill all the masculine gender feel disappointed. Next year she intends to go to Hyannis Normal School. Some way or another we feel as though we would like to be a student over again and have this wonderful little Miss teaching us.

# Alden III. Gee

"G" came to us in his Junior year from the Woonsocket High School. During his two short years of study at Durfee he obtained the good will of all his fellow classmates and teachers. He is a royal supporter of football which he claims his hobby. But let us not forget that "G" is an actor and a very good one at that. Those who saw "G" as Paul in the "Maid of France" know well that some day he will rival even the best. Next year Leheigh is fortunate in securing so prominent a person and we know success awaits him.

Dramatic Club, 3, 4. Forum, 3, 4.

# Gertrude K. Giblin

The Davenport Grammar School sent "Gert" to us just four years ago. She says that dancing is her favorite amusement, although she enjoys a good game of tennis. Tennis fans who have seen "Gert" in action claim she would be a worthy rival to the diminutive "Helen". "Gert" intends to enter Miss Kidel's kindergarten school where she will learn how to impart her knowledge to the youth of America. A very lucky choice for the children, we'll say.

Dramatic Club, 3.

# Stanley E. Gifford

Stanley is inconsistent, very inconsistent. We are forced to this conclusion when we consider his nature and his likes and dislikes. In the first place "Jim" is quiet. Indeed, some unkind people have said that Stanley is a grind. This, however, cannot be true, for "Jim" says that his favorite sports are automobile and motorcycle races and we imagine that a grind would prefer reading books to any other pastime. All of which proves conclusively that Stanley is by no means a grind. "Jim" graduated from the Henry Lord School and as yet he has not decided where he will go after graduation. Perhaps to some "speed school" where he will learn to be a worthy successor to Oldfield or De Palma.

#### Nettie Goldstein

#### "Net"

Perhaps congenial is the best adjective to describe Nettie, for no one doubts for a moment that Nettie is congenial. After flying like a meteor through the eight grades in the Borden Grammar School, Nettie came to Durfee with a firm resolution not to slacken her speed one bit. She didn't. Nettie likes modern dancing best, perhaps because it offers so much opportunity for rapid motion. During her stay in Durfee "Net" showed herself particularly brilliant in Math and Latin. When she leaves us this year she intends to enter some finishing school. She has not yet decided what one.

Latin Club, 3. Science Club, 4.

### Morris Gollub

#### "Morsh"

Morris came to Durfee from Taunton in his senior year, and was a decided acquisition to the school. In his short stay, his personality has made him one of the most popular in his class. He sure is right there when it comes to the girls. There is no dance held in Durfee without the pleasant face of "Morsh", as he is called by his friends. His chief hobby is answering the girls (and how he amuses them!) He is a member of the Forum, and, with his experience there, he intends to perfect a new line for the girls.

Morris intends going to Harvard next year, and we are sure he will be as successful there as he has been in his one year at Durfee.

Forum, 4.

## Irbing A. Goss

Irving A. Goss, honoring Durfee by entering it after graduating from the Davis School in '20, came as a Freshman full of zeal and energy. His pep was not lost and wasted, but instead his ardor was soon transformed into electrical energy. He joined the Electrical Club and there worked very diligently to make his club a better sucess. His skill in electricity was so pronounced that he was called Durfee's Edison.

Now that Steinmetz has died, "Irv" feels that he can now take his place and we have no doubt that he could do it. Irving is undecided. He doesn't know which road he ought to take. However, he believes that he ought to try his luck in the world for at least one year before studying further.

Electrical Club.

### Anna G. Gould "Gert' "Gouldy"

"Gert" is a product of the William J. Wiley School and is one of the smallest members of our class. She is also one of the foremost members of the Glee Club. "Gert" claims outdoor sports as her favorite amusement and we know this is true for she is an ideal swimmer and perfect skater. As an

indoor sport Basket Ball takes first place and she is always present at the games. "Gert" was also a member of the Girls' Basket Ball Team in her Jumor year. Next year "Gert" goes to Bridgewater to continue her profession.

Glee Club, 3, 4.

### Arthur G. Granovsky

#### "Arkie"

Clankity! Clank! Clank! ——Smash! here comes "Arkie" Granovsky in his tin can. He is fortunate enought to ride to school in his own car. He loves to drive and may be seen any morning about 8:14 A. M. riding the cobblestones on Bedford Street. He is a staunch worker for the Hilltop and can always be relied upon to do his assignments well. He is a hard worker and if a teacher has any real work to be done "Arkie" generally gets it. He is quite studious and renders his lessons well. He is a good debater and we have enjoyed many of his peppy speeches in debates. We will expect to hear great things of him next year.

Dramatic Club, 3, 4. Asst. Business Mgr. Hilltop, 4.

#### Marjorie Grav "Margie"

Hark! I am about to introduce you to a bright and intelligent young lady who entered Durfee in 1920 in search of an education. "Margie" is one of Durfee's prettiest and if there was a beauty contest held at Durfee we know that she would win it. She is a good speaker and when she gives a debate she has the air of Daniel Webster. She is a lover of all sports, her favorite being dancing. She is well liked and quite popular and if she is absent from any school dance the boys are quite disappointed. Next year she will attend Bridgewater Normal School. Therefore do not be surprised if you see her name on the faculty list at Durfee in a few years. Good luck, "Margie"!

# John E. Grenfell "Jack" "Gren"

The Fowler School has the distinction of sending this boy to Durfee. He is known by everyone for his quiet, retiring disposition, yet is enterprising enough to be one of the most popular boys in the Electrical Club.

For some reason or other, he left the cadets after serving two years. In the battalion he was rapidly earning a splendid name, and bade fair to become a commissioned officer. In his second year at the cadet camp he was appointed acting corporal when there was need of non-commissioned officers. Much to our regret, he did not continue his military career in the corps, and the battalion lost a fine soldier.

New Hampshire State College is the place where

John has chosen to go. Electrical Club, 4. Dramatic Club, 3, 4.

# Mary F. Griffin "Maisie"

"Maisie" was the most popular girl who graduated from St. Patrick's School in 1920 and soon gained a new host of friends in Durfee with her winning personality. She likes all out-door sports but claims hiking and tennis as favorites; as for in-door amusement, dancing comes first. Dogs are her hobby, that is, not "hot dogs", for just at present it's an Irish Terrier. She is very appreciative of music, particularly instrumental and plays the piano, violin, and mandolin for her own pleasure. Next year will find "Maisie" at Bridgewater, where her plans and anticipations will materialize. In her we lose a sincere friend and offer her our heartiest wishes for success in her future work.

# John B. Grinnell "Shorty"

Having imbibed all the knowledge possible at the Wixon School, "Shorty", as we always call him, chose Durfee as his next stopping place. He claims baseball as his favorite sport and we could safely add a number of others, n'est-ce pas, "Shorty"? He has not disclosed to us his future plans, but as he is a wise chooser we are sure he will take the right road on his way to success.

# Amy Al. Hallows

"Peppy" came to Durfee four years ago from the Fowler School but she was here only a short time when she decided to leave us for a while. She attended another high school for a year or two, but the attractions of Durfee proved too great for her and she returned here for her Senior year. "Peppy" claims dancing as her hobby and we can readily believe this as we have seen her "tripping the light fantastic" at every dance. "Peppy" is as yet undecided about what institution of knowledge she will attend next year but she intends to enter some normal school and take up the art of teaching.

# Josephine B. Hambley

After graduating from the Westall School, "Jo" became a member of our class and we have never regretted it. Her sunny disposition and quiet manner have won for her a great number of friends. "Jo" is an all-round sport and is one of the best players on the basket ball and hockey teams. She is an ardent member of the basket ball and hockey clubs. But "Jo" is just as studious as she is "sporty" and has mastered the art of studying as she has mastered the art of playing basket ball. Next year she will enter the New Haven Normal School of Gym. Perhaps some day she will return to Durfee as a gym teacher.

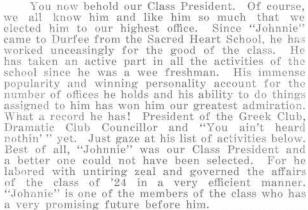

# Howard D. Hargrabes "Howie"

To the Highland Grammar School we are indebted for another star in '24's constellation—namely, the popular "Howie", who has circled with honors his orbit at Durfee. What will be the sad fate of the cadet drills without the gallant lieutenant "Howie"? Who will be catcher for the baseball team of '25? And above all how can Durfee ever stagger to victory on the gridiron minus that brilliant center who held the enviable reputation of having never been knocked out? Add to his military and athletic labors a none too facile berth on the Record Book Staff, and you will have a fair idea of "Howie's" versatility. Good work, Howard; we wish you luck.

Football, 3, 4. Baseball, 3, 4. Cadets, 2, 3, 4. Record Book, 4.

# John J. Harrington "Jack" "Johnnie"

He is also an excellent scholar, swinging a course which includes Greek, Latin, Math, etc. "Johnnie" will attend Holy Cross next year and we shall allow his remarkable record to speak for itself and we earnestly wish this clever, sincere chap a world of

success.

President of the Senior Class, 4.
President of the Greek Club, 4.
President of the Latin Club, 3.
Chairman of Executive Committee, 4.
Vice-President of Greek Club, 3.
Councillor of Dramatic Club, 4.
Hilltop, 4.
Home Room Director, 3.
Junior Debating Team, 3.
Forum, 3, 4.

# Margaret H. Harrington "Peg" "Peggy"

After spending eight years at St. Joseph's School "Peggy" decided to join us for a few years to pursue her high school career. They have been four pleasant years for now she recalls, with much enjoyment, things that once seemed to be her hardest trials. "Peg" is very small but what she lacks in quantity she makes up in quality and has a very pleasing disposition. Reading is one of her favorite pastimes; she is never lonesome when she has books within her reach. In winter, skating is the attraction during her spare time. The coldest day is never too cold to keep "Peg" from her skates. Her plan for the future is to become a teacher; therefore, next fall she will enter Bridgewater, where we are certain she will be successful.

#### Alden L. Hart "Hartie"

Perhaps because of his quiet and shy manner you have not become acquainted with this young man, so, now, in his proper place, let us introduce him. Mr. Alden Hart! We're very pleased to meet you and equally sorry that we must lose you again so soon. It may be that football claims much of your time, Alden, and then your daily lessons show that you spend much time in preparation, but somehow we think you ought to give us the chance to see more of

"Hartie's" diploma reads: "Henry Lord Grammar School, 1920", and Durfee will be very proud when he has added another which will read: "Amherst 1928".

> Cadets, 1, 2. Durfee Electrical Club, 4.

#### Ina M. Hathaway

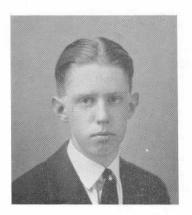

Ina graduated from the Assonet Grammar School and spent the first part of her high school career at New Bedford High. Finally she came to Durfee and we are all as glad as she is, of the change. She is one of the best liked girls of the Normal group. It is just her charming personality that wins her so many friends and admirers. Her hobby is reading, which is largely responsible for her wide knowledge. Ina, however, indulges in much livelier hobbies than reading, namely, dancing, in which art (if it may be called such) she is very skilled. Next year, you will find Ina in Bridgewater industriously preparing to become a teacher. She may rest assured that the heartiest wishes for her success will accompany her.

### Ruth W. Hathaway

After graduating from the Lincoln School, Ruth, a blithesome, happy-go-lucky girl, entered our midst, much to our delight. One of Ruth's many attractions is her ever-ready smile, which can not be resisted, and for this reason she has a host of friends. Throughout her four years she has been the source of much fun and amusement among her friends and is considered one of the most agreeable in our class. Ruth is extremely fond of outdoor sports, especially skating, which she certainly can do well. But don't think that all Ruth does is to have a good time, because she really studies and has been very successful in that line. Next year Bridgewater will be the happy possessor of one of our most charming girls. The class extends its best wishes for your success.

# Marren P. Hathaway

Our electrician, that's "Hat". Coming from the Highland School, this lad was ambitious enough to take a special course in electricity and stay in school until 3:30 every day. He is patrol leader of a scout troop, and every year goes to scout camp, where he assimilates ten pounds or so to his weight. From his higher surroundings ("Hat" is almost a six-footer) he looks down upon us, and we know that he will secure as high a station in life as he has in height.

Durfee Electrical Club, 4.

# Lillian A. Hawes

"Lil" has undoubtedly been enjoying her short stay at Durfee. She only came to us this year from the Westport High School. Her breezy manner has found many acquaintances for her and she is liked by all who know her, both boys and girls. "Lil" claims dancing to be her favorite amusement but she is also a football fan. If you saw her at the games you would soon be convinced that it is correct. "Lil" is ever ready for a joke and has a smile for everyonc. "Lil" has not been very definite in stating her future plans but at any rate she intends to enter some hospital for training, and our best wishes go with her over the high-road of time.

Glee Club, 4.

# Annie Hearth

The Susan H. Wixon School so kindly sent this charming girl into our midst and we have never had reason to regret it. "Jack" is decidedly one of our most fun-loving girls and can make a good time out of anything. Among her favorite hobbies are dancing and swimming, both of which she does extremely well. In her studies, she has been very successful and leaves behind her a very good record. Annie is a member of the Commercial Club and also of the S. A. A. Next year Annie says she is going to work. Whatever she does, we wish her much success.

Commercial Club, 4.

Henry Helfenhein "Helfy"

"Helfy" entered Durfee's halls of learning four years ago in company with others of his class who graduated from the Borden School. Music is his greatest hobby in life and he sure can pull a wicked bow. The renowned orchestra under the name of Majestic is led by our "Helfy". His playing ranges from the lowly jazz to the uplifted operatic airs. His playing is irresistible, irrepressible, intoxicating, etc. We do hereby commission him to represent Durfee in the New England Conservatory of Music for the coming four years and then as the far famed "Helfy" in the modern musical world. His only rival up to the present is Paul Whiteman's Orchestra, but after surpassing this obstacle the way will be clear. May your career be happy until Mendelssohn's march is played.

Cadets, 1, 2. Orchestra, 2, 3, 4.

# Minnie Henry

As the curtains are drawn aside for the next number on the program, whom do we see but our Minnie. A more pleasing and lovable girl has never yet entered the portals of Durfee. Before the end of September in 1920, "Min" was ensconced in the hearts of many. "Min" made her debut at playwriting when she wrote the play entitled "Innocent". Believe me, she can write them. "Min" claims dancing as her hobby which statement can be proved at any of the Drills or Record Book Dances. Boys, watch her step! Minnie intends to enter a school of Oratory and we are sure she will be received with outstretched hands, as she will be well recommended by the Durfeeites for her skill in Drama.

Dramatic Club, 3, 4. Hockey Club, 4.

## Edward Herbert, Ir.

Four short years ago the Westall Grammar School sent us a very worthy gift. The present was labeled "Ted" and Durfee opened wide her portals and gathered him in. She has never had cause to regret her welcome, for "Ted" has always led his classes. He is studious and quiet in school, but don't let that give you a wrong impression, for often times certain of his classmates (we wonder who?) have caught momentary glimpses of a manly form clad in hunting costume, or heard the report of a rifle in the woods about his home. Oh, Ted's a regular sportsman.

Ted's an antique collector, too, and we often wonder how he has the patience to hunt incessantly for all the stamps of all sizes, colors, nationalities and ages which we know he possesses. Once more Durfee's portals open wide, a little more reluctantly perhaps, and "Ted" "steps out". We wish you the best of good times on your tour abroad, Ted.

# Lawrence J. Heron "Larry"

Lawrence came to Durfee from the Central Jr. High School, Allenstown, Penn., in April, 1922, and has distinguished himself in the extremely short time he has been with us. "Larry" has many friends and has received very good marks as well. Has anyone asked you what you thought of Durfee? As for athletics, we know, because you have been a staunch supporter of the team. We hope, "Larry", that when you start to work along the electrical line, you will make good. In fact, we know you will. Let us hear from you once in a while!

# Alma Hicks

Alma is a graduate of the Westall School and came to us in the fall of 1920. During the past four years "Al" has gained for herself a very good reputation for being a "good sport" and a girl just bubbling over with fun. She is very fond of athletics and may be seen at all the games staunchly supporting dear old Durfee. "Hickey" is also a member of the girls' A. A. so you see, she is a booster for girls' athletics as well. She is interested in the "Smiling Pass" Hygiene Club and expects to go in training to be a nurse at the Rhode Island Hospital. We wish you all sorts of good luck, Alma!

S. P. Hygiene Club, 4.

### Ebn H. Hilton

This demure little miss hails from Swansea. She graduated from the Stevens School and entered Durfee in the fall of 1920. She is a popular member of the Normal Course. Eva says her favorite sports are tennis and basket ball and we just know she must play both these games equally well. We might add that she enjoys skating and when the cold weather comes around she is the first to discover that ice has formed. Then everyone flocks to her to find out how the skating is in Swansea. Eva intends to be a teacher and next year she will be a freshman at Bridgewater.

Hockey Club, 4.

# Dorothy B. Holden "Dot"

Here we have a very popular member of the Senior Class. She is a graduate of the Susan H. Wixon School. "Dot" has gained many friends during her all too short stay at Durfee. She has a very pleasing personality and is "Chock-a-Block full of fun." She has also stood very well in her subjects. She is exceptionally fond of scouting and basket ball as she can prove.

as she can prove.

"Dot" will attend a Secretarial School next year.

We take it that you are going to be a private secretary. Are we right? We know you will make an excellent one and we expect to hear more of you

in the future.

#### Mary K. Holland "May"

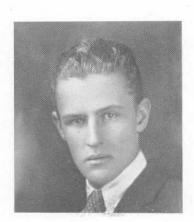

What a short time it seems since "May" entered the portals of Durfee intent on furthering her education. And yet Durfee has proved so delightful to her that she is going to "edicate" herself still more for next year she will become a student at Hyannis Normal School. "May" is a graduate of the Davis Grammar School; her favorite sport is basket ball. Not only does "May" enjoy watching a good game, but she is a fine player herself. Whenever there is need of a basket to be scored, "May" is always right there with the goods. We know that Hyannis will surely find a valuable student and athlete in Mary Holland.

### Lincoln J. Holmes "Link"

'Twas just four years ago when the Lincoln Grammar School sent this young man to enter the freshman class at Durfee. Since this date "Link" has become a very prominent member of his class. His pleasing smile has gained many friends for him. Proof of this fact is that he was chosen to serve as President of the Junior Class. He is fond of Athletics, especially baseball. "Link" also shows great promise in tennis. He has been an enthusiastic and faithful worker for Durfee during the four all too short years we have known him. He intends to go to Andover next fall and from there to Yale.

Home Room Director, 4. Sports Editor of Record Book, 4. President of Junior Class, 3. Hilltop Staff, 3.

#### Gladys Al. Hornby

We dare any one of you to find a girl who is pleasanter, more sociable, more jolly, et cetera, than Gladys. You're right! It can't be done. She is a graduate of the Westall School and during her four years at Durfee we have not only grown to love her but also to be proud of her. Her charming disposition has won for her many friends. Gladys is to enter the Rhode Island Hospital in the fall. You can't blame anyone for wanting to enter this particular hospital if they are sick, (even if they do live in Massachusetts) as we are more than sure that she will be an excellent nurse.

# Sydney Horbitz "Syd"

Allow us to introduce to you this wide-awake young man. Why, of course you know him! Couldn't help it, could you? "Syd" graduated four years ago from the Lincoln School (you still think it the best, don't you?) You can easily tell that he is a football fan from the very fact that his car may be seen on its way to all the games. "Syd's" favorite pastime is dancing and at this particular art he can't be beaten. Next year B. U. will be the proud possessor of this Durfee graduate. "Syd" then expects to enter the business world. We wish you well in whatever you undertake and we know you will make a name for Durfee in the future.

#### Earle A. Hober

Here is another product of the Westall School. Since coming to Durfee, Earl has been active in the Durfee Orchestral Club and Dramatic Club and has proven his ability in both societies. Earl is also clever in his studies, having a fine record that will never be surpassed.

He intends to go to Brown University, but we think after hearing one of his violin recitals at Durfee he will eventually change his plans and enter a career suitable to a second Fritz Kreisler.

Orchestra, 3, 4. Dramatic Club, 4.

# Alfred W. Howarth "Bill" "Nick Carter"

Hark! Who is that bright fellow? Why that's "Bill" Howarth, otherwise known as "Nick Carter". He enjoys reading detective stories and may often be seen with a detective story concealed under a math book. However, "Bill" is a regular fellow and popular. He is fond of all sports and may be seen in action at Highland Field. He is noted for his English compositions which are very good.

English compositions which are very good.

Next year we will see "Bill" at the Massachusetts
College of Pharmacy. If in reading a newspaper a
few years from now you read that a certain man
died from medicine prescribed at Howarth's Pharmacy
you will know that it was "Bill's" mistake. However,
"Bill", we wish you luck and we're expecting you to
make Durfee proud of you.

Asst. Business Mgr. Hilltop, 4.

# Marjorie W. Howarth

"Marge" is one of the jolliest, best natured girls of '24. She has been a favorite among the girls (and also the boys) ever since she graduated from the Westall Grammar School four years ago. "Marge's" hobby is dancing and we know she excels in that art because she is beseiged by partners at every dance. "Marge" intends to enter Miss Gibbs' in the fall and we assure her that the best wishes of the class will accompany her.

### Ruth Howarth

Allow us to present to you one of the best natured misses in the class, Mademoiselle Howarth. Ruth always has a pleasant word and a smile for her friends. Studies seldom bother Ruth, but oh, those A's and B's. How do you do it, Ruth? Wish you'd tell us. N. B. Borden sent us this winsome miss and we wish to extend our thanks to the same N. B. B. Ruth claims tennis, skiing, and dancing as her favorite sports. Ruth may be seen at any of the school dances with —all right, Ruth, then we won't tell, and we know she's quite lively at the court. But as to skiing, we've never seen her at it, but suppose she excels in that, too. Next year Ruth goes to Framingham and we did.

### Hictoria T. Howayeck "Vicky" "Vic"

Victoria is a product of the Davis School. She is bright and sociable and has acquired many friends during her four all too short years at Durfee. "Vicky" spends most of her spare time reading. (We wonder where you find the spare time. Please tell us.) "Vic" is just crazy about travelling. We would not be the least bit surprised to pick up a paper in a few years and read of a certain little person's exploits in the wilds of Timbuctoo. Victoria has not as yet quite decided what she will do after her graduation from Durfee. Travel, "Vic"?

#### Rebecca O. Howell

Here we have a graduate of the Osborn School in Tiverton, of the class of '20. She enrolled with the other "would be" teachers and has followed the Normal Course throughout the past four years. She has attained a very high rank in all her studies. However, don't think that is all she thinks of, for we all know that she is just the "bestest" company ever. She is also very much interested in basket ball. We feel very sure that when this young lady leaves Durfee, she will be greatly missed—but someone will profit. That someone happens to be the Salem Normal School.

### David E. Hoxie "Dave" "Jack"

And now we come to "Dave", who dropped in on us from far away Assonet. Full of earnestness and good will, he has worked hard and his friends are not few. He is a faithful supporter of all school activities and is especially interested in football. "Jack" is a quiet, cultured young man with few striking characteristics. We haven't heard much of him but he certainly is there with the goods in his classes. (Ask any person who ever took history with him). We feel proud to think that he decided to come to Durfee after absorbing all the knowledge he could at the Assonet Grammar School and we shall feel proud to have him represent our school at Northeastern next year.

### Irving D. Humphrey, Ir.

"Hump"

Crash! Klank! Bang! Creek! Here comes "Hump" in his old flivver. If you need an assortment in automobile parts, just ask Irving, for his "can" has them all—that is, after "Jr." has had sufficient experiments on it. "Hump" graduated from the Westall School and ever since his first year, he has always held his lofty position. He didn't think that anything but riding the flivver could interest him, but in the last year of his high school career, he showed his interest in athletics, by attending every game.

Humphrey, Jr., has made many friends during his stay at Durfee and will be remembered by everybody. He intends to further his education and will go to Williams College. He possesses a remarkable ability for making friends, he has a cheerful nature, and is always willing to help a friend. With such characteristics, "Hump" is sure to be successful.

# Lorene Humphrey "Tony"

Lorene graduated from Westall in '20 and displayed her usual good sense in coming to Durfee the next fall.

She entered the college course and oh, what a trail of good times she has left behind her during those four years. A real good pal is Lorene, always ready to agree that the lesson is too hard, but equally ready to show you how to get it.

ready to show you how to get it.

What good times Lorene has afforded us in school, giggling over some little thing, or sending us into hysterics over some joke or story. She intends to study languages, art, and music in the future, and so has enrolled in Comstock's Musical school, New York. Good luck to you, Lorene. May your future school find you as good a sport as Durfee has.

# Harjorie C. Hunt

Now here's a girl we all know well. She graduated from the Westall School and joined the freshman class four years ago. "Marj" has gained a good many friends since the day when she first entered Durfee's halls. "Margie" spends most of her "leisure hours" either reading or dancing. She is exceptionally fond of the latter and she certainly can dance! Marjorie has not as yet decided what she will do after leaving Durfee but we are more than sure that whatever she sets out to do, she will do well. We wish you the best of luck in whatever you decide upon as your life work.

## Francis J. Hurley "Francie"

"Frannie" came from the wild and "woolly" Westall School, but four steady years at Durfee have completely changed this man's desire to become a cowboy. His mind is now fully developed and he is now on the road to realize his ambition to become a? His chief sports are baseball and skating, and he can certainly hold down the initial sack in A1 style. His fame as a skater is known throughout the city (?) and he can draw letters, pictures 'neverything on the ice. "Frannie" claims he can cross a river that is a mile deep, but he really means in winter! Well, "Frannie", it is about time that you dropped such a queer name and began to call yourself Joseph, since you are now a full-fledged graduate of Durfee. Yes, Joseph has decided to continue his learning at the Rhode Island State College, and no doubt will learn to do wonderful things.

Chemistry Club, 4. Latin Club, 3.

# Hatrick J. Hurley "Pat" "King Tut"

Clog! Clog! Clog! Who is that? Why, that is "Pat" Hurley. What, does he wear trench shoes? Why of course not, that is only the noise of his "King Tut" heels, but "Pat" claims that it is the latest to wear leather heels. Furthermore, leather heels annoy the teachers and we wonder if "Pat" doesn't get just a wee bit of pleasure doing this. But "Pat" is a regular fellow and everyone knows and likes him. He doesn't study too much but like most young men he studies enough to get by. He is a reporter for the "Globe" and we never have to worry about any write-ups of Durfee. He is fond of all sports and spends most of his time playing basket ball. "Pat" was thinking of going to Oxford and in time get a degree but the "Globe" recognizes a good man when it sees one and so he will be successful wherever he goes—because it's in you, "Pat", old boy, to make

# Norman C. Isherwood "Mickey" "Bubbles"

We give great pleasure in introducing to you Mr. Norman C. Isherwood, Durfee's foremost soccer player. He is unlike most boys at Durfee because he likes soccer. He has several nicknames, among them "Mickey" and "Bubbles". He was nicknamed thus because of his fondness for these two great popular songs. He is a math shark and when Mr. Cleare called on him for a problem he always had it. Yes, he did not. Next year he is going to be a man and work. We will perhaps see him in some electrical plant in or around Fall River. "Bubbles", we wish you the best of luck.

## Edna E. James "Jimmie"

Edna is another one of our classmates from St. Joseph's School. Her sunny disposition and her ever-ready laugh have won her a host of friends. Although "Jimmie" loves a good time, she never neglects her studies for one, as her record will show. Reading and skating are "Jimmie's" favorites but she is a good all-round sport. Next year we hope that Edna will win as many friends at Bridgewater as she has at Durfee.

Latin Club, 3.

#### Hoonne M. Jette

Yvonne, unlike most of us, didn't graduate from a grammar school, but from a private school. She shows her originality immediately by not having a nickname. As Yvonne expects to go to work after leaving school, she wisely chose the Commercial course, in which she was a success. She is small, but remember, "There's good stuff in small packages". The glimmer of the moonlight on the smooth ice is a great attraction for Yvonne and we may be sure by the number of friends which she has that she never goes skating alone. How about it, Yvonne? She has not mentioned what her favorite summer sport is, but no doubt she is like the rest of us and likes the great outdoors.

Dramatic Club, 3. Commercial Club, 4.

### Hazel J. Johnson

We are sure that this unobtrusive young person could relate some very interesting experiences if she were not so quiet and reticent. Hazel favored Durfee with her smiling presence only during her Junior and Senior years. Before coming here, she attended the Balboa High School, Canal Zone, Panama. There, we knew you'd sit up and take notice. Panama! What a train of fascinating scenes the very name suggests! Hazel claims swimming as her favorite sport and if she puts all the zest and good will into it that she put into her school work she must be a rival of Annette Kellerman. Hazel is a very interested member of the Commercial Club. When she graduates she will return to her native clime and will reside there for a while.

Commercial Club.

# Barney Kahan "Buddy" "Kanee"

"Early to bed, early to rise, Makes a man healthy, wealthy, and wise."

That's what Barney says and he ought to know. No one doubts that Barney is both wealthy and wise. However, he does refuse to admit that he's wealthy. Barney was smiling when he first entered Durfee after graduating from the Davis Grammar School. We have yet to see him minus that perpetual smile. "Kanee" is quite a ballplayer and he can be seen almost any Sunday afternoon "pitching 'em in" on Lafayette diamond. After studying in the commercial division for four years, "Barney" has decided to enter business. We are sure that his sunny smile will prove as great an asset in business as it did during his career at Durfee.

"Kanie", the wizard in the saxaphone world, arriving at Durfee from the W. S. Greene School, immediately busied himself with the task of showing some of the freshmen how to shift from low to high speed. Don't think that shifting speeds on his old "junk" was his only hobby, for he greatly liked the many outdoor sports. He was a member of the Dramatic Club and did very much in making it a success. His fame, as an actor for the Club, reached its height in one night (curses on that night). "Bill" has made a great many friends during his four years at Durfee and he will make still more when he reaches his destination—college. "Kanie" is thinking of giving you a dose of this and a dose of that and he says that he will get the doses from Tuft's Medical. S'long, "Kanie", old topper. Our only hope is that you lead the straight and narrow path and have as little to do with prescriptions as possible.

Dramatic Club, 3, 4. Latin, 3.

# Frnest G. Kashar "Ern" "Kash"

"Ern" is a specimen of the Davis output and is certainly good. He is dyed deep in Radio. In fact he is head over heels in love with it and what he doesn't know about this aged animal can be printed on a thumb-nail. His mechanical ideas will certainly establish for him a coveted position. It won't surprise us when we hear of Kasher's improved tuner (Radio part 13). With his diploma tucked under his arm, "Ern" will wend his way to "M. I. T." and there become something or other. From there he will be on auction for the highest bidder and will perhaps accept a \$15,000 offer (Bughouse Fables). Well, we're sorry to lose you but anyhow we hope you will Ern the Kash.

# Benjamin S. Kauffman "Coffie" "Bennie"

"Bennie" is a happy-go-lucky fellow and one who is never dreary but always full of pep. He has remarkable musical ability, having played two years in the school orchestra. Fellow classmates of "Coffie" have said that he ranks second only to Fritz Kreisler. He not only made his debut at Durfee as a violin player but also a singer. If you ever have heard wicked strains of music down in the Tech corridors, it was "Bennie" trying to render "Sweet Adeline" to some of his classmates. He is fond of all sports and is a fair basket ball player. He has refused many offers from the Capitol Theatre and intends to follow the technical line at General Electric.

Orchestral Club 3, 4.

#### Jeannette N. Kabolsky "Jean"

To the Lincoln School we are indebted for this popular member of the Senior Class. She came to Durfee in 1920 with the rest of us foolish freshmen and emerges a dignified Senior. "Jean" is an all-round good sportswoman but she considers tennis her favorite sport. As for her favorite amusement she is divided in her opinion. She likes dancing, at which she is no learner, and she likes also to drive the automobile. To settle the argument she put both down. May we ask a simple question, Jean? Yes? Well, how many people does your machine hold? Two? We thought so. Next year, "Jean" is going to enter Sargent's School of Physical Education. We wish you luck, "Jean".

Dramatic Club, 4. Hilltop, 4.

### Raymond T. Kaylor

Raymond is just Raymond. No sir, no nick names for him. He is a popular member of our class. Here is a fellow who actually says he prefers baseball to football. Raymond is a graduate of the Westall School and we're certainly glad that he felt it worth his while to spend four long years in our midst. Nor in a sense could we have got along without him, for his helpful work as treasurer of the Electrical Club marks him as a willing and earnest worker. Did being treasurer take so much time and concentration that you couldn't think of your next course of education, Raymond?

#### Katherine T. Kehoe "Kitty" "Kay"

Why not contract and say "Kitty Kat", Katherine? You're just as comforting and soothing as a real pussy. Durfee's halls have never been blessed with a daintier, gentler Miss than "Kitty". St. Joseph's School got eight years of sunshine from her quiet smile and then generously gave her to us to bask in her friendly warmth for four years. After some lucky normal school has been brightened with two years of her sunny presence, think of all the little tots who will be happy in learning their A. B. C's

"Kay's" favorite sport is football and well has she backed our teams in her four years at Durfee. Boys, a little advice; if you are suddenly taken by a fit of blues, go instantly to "Kitty".

### Anna H. Kelleher

This charming young lady graduatd from the Sacred Heart Academy in 1920. The first day she breezed into Durfee her popularity began and during the four following years it has increased steadily. "Kelly" claims dancing and reading as her favorite amusements and we know she must read a great deal

amusements and we know she must read a great dear judging from her perfect recitations in English.

Not only is "Kelly" a clever student, but she is also a wonderful dancer. This is why we chose her as "best dancer" of our class. Don't you think we displayed good judgment in our choice? "Kelly" is a real all-round good sport which means a lot. We have never seen her energy or "out of sorts" and we have never seen her angry or "out of sorts" and we know that when she enters Framingham Normal next year she will be just as popular and well liked there as she has been at Durfee. For a girl with a more pleasing personality it would be hard to find. Record Book Staff, 4.

# Arthur C. Rellog

"Clint" came to Durfee four years ago, a graduate of the Stevens' Grammar School, Swansea. It would be hard to find a more genial fellow than this good-natured chap who has piled up his A's as easily as it is for some of us to pile up D's. All sports have an attraction for "Clint", but tennis is his favorite and he wields a tennis racquet like a champ. "Clint" is a prominent member of the Dramatic Club and has taken the leading part in several plays. Next year he will enter Williams College, followed by the best wishes of his class.

## Mildred H. Kelly

"Millie" hails from the William J. Wiley School. In September she entered Durfee, with much fear and trepidation, but finding the atmosphere very much to her liking, she immediately settled down to collect A's and to make a host of new friends. It is needless to say that she succeeded in both her purposes, for she is one of the most popular Seniors in the Commercial division besides being one of the most brilliant. Mildred is a very good skater and she says that skating is her favorite outdoor sport while like a good many other Seniors dancing claims her interest when she is indoors. Next year, Mildred intends to go to Hyannis Normal School where we hope she will be as successful as she has been at Durfee.

# Teresa G. Kelly

Ladies and gentlemen, take your hats off to our prettiest girl. What is her name? Why, "Gert" Kelly, of course. "Gert" is liked by all her friends, as she is always ready for fun and is quite filled with it herself. Dancing and skating are her hobbies and why not? "Tom" knows how to do these things, too. "Gert" is a product of the Commercial Course

and holds a distinguished record of having written three pages of shorthand a minute. "Good luck, Gert." We hope you will continue on this line at a College this fall; if you do, we know you will succeed. The Class wishes you the best of luck. Commercial Club, 4.

# Elsie M. Kenyon "Toots"

From the Lincoln School comes the welcome addition to the Senior Class. 1920 was the year in which "Toots" made her debut in Durfee and, although she is a jolly and popular girl, she is too busy acquiring A's in her subjects to bother much with the social side of Durfee's activities. But she did think she had time enough to join the Commercial Club, where she combines business with pleasure. We like her nickname very much, don't you? Wonder if "Toots" would inform us where and why this cognomen was attached to her other very pretty name. "Toots" likes to dance and often allows herself to indulge in her favorite pastime, especially during no school when her time is not taken up by studies. Next year Elsie plans to enter the Salem Normal School, where we know she will be as successful as she was at Durfee.

#### Frederick G. King

From the William S. Greene School comes this talented member of the Senior Class. After having Frederick for a number of years, his grammar school found that he had acquired all the knowledge necessary to enter Durfee. So, accordingly, with many regrets, he was presented his diploma in June, 1920 and started on his road to Durfee. We must here say that their loss was our gain. He is quite musically inclined and he plays first violin in the Durfee Orchestra. But music does not occupy all his thoughts for he is a corporal in the Cadets and also is very fond of baseball. He is as yet undecided where he will go next year but wherever he does go, he will be a welcome addition to the Freshman Class.

Greek Club, 3, 4. Durfee Orchestral Club, 3, 4. Cadets, 1, 2, 3, 4.

#### Marion Kingsley

"Peggy"

If we were doctors and one of our patients needed a change of air, we would say, "Go to Swansea, young man." As proof of our wisdom we would point out a resident of this fair town, a quiet, oh so demure, little lady whom you may see any day in Durfee dispensing her shy smiles to her lucky friends, Miss Marion Kingsley. "Peggy" graduated from the Stevens' Grammar School in 1920 and since then has been coming to Durfee. Marion likes to skate, and every day when skating is allowed, she may be found on the pond. (No, we didn't say in the pond, you impudent thing). She also likes to read and to dance. Next year "Peggy" plans to enter some Secretarial or Business College. Best wishes, "Peggy", say we, and these words echo the sentiment of the whole class.

> Margaret H. Kirby "Peg" "Patsy"

Behold! The sweet little Secretary of the Record Book Staff enters upon the scene. This wonderful young lady came to Durfee in '23 from the Dominican Academy, but in the short time that she was there she made a vast number of friends on account of her pleasing personality. Her remarkable talent as a writer was responsible for her being placed on the Record Book Staff and also in being appointed its Secretary. "Peg" claims dancing and swimming as her favorite sports and if one saw her at a Record Book Dance he would not hesitate to say she was a wonderful dancer. And as a swimmer, few High School girls can compare with her. Next year "Patsy" enters Fitchburg Normal School and we know it will be the recipient of a girl whose pleasing personality and temperament are bound to make her a successful teacher.

Record Book, 4. Dramatic Club, 4. Forum, 4.

#### Isadore Kniaz

Isadore has a reputation to live up to. When he first came to Durfee from the Davis School, he became known for his quietness and his serious air. Now he must not disappoint his friends and suddenly blossom forth as a "regular fellow". Oh, no, it would not be right. Isadore realizes this and has kept himself in the background where social affairs are concerned. But he is not at all a part of the background where his studies are concerned. And even quiet boys may have favorite sports. Isadore says his is football and he ought to know. He is even quieter now for he has a weighty problem to solve: "Where shall I go next year?" Wherever he does go, we know that he'll make good for such attributes as he possesses, make for success!

# Benjamin Knott

Blab! Blab! Plab! Yes, it is Bennie, the young man with a smile and a big talking face. "Bennie" is a good scout and well known. Some folks wonder how "Bennie" gets all his good marks so I am going to tell them. He knows what study means and can define it well. He is unusual because when the rest of the boys are out to a movie or a dance, "Ben" is home trudging "thru" English or Solid Geometry. He is always talking and can tell some mighty good jokes. He is quite a prophet and has developed some good sayings, one of which he himself has kept, which is "The boy who closes his book too soon won't know his lessons well". He is an active member of the Electrical Club and next year will take up an electrical engineering course at Northeastern University.

Electrical Club, 3, 4.

# Raymond N. Knott "Ray"

In September, 1920, "Ray" was transplanted from the Henry Lord Grammar School to Durfee. Since then he has thrived very well here. In fact, he has thrived so well that in June he will blossom forth as a high school graduate. He is a very quiet boy and his studies have kept him so busy that he has no time for school organizations. Outside interests keep him from these, also. But however busy he is, he always finds time to see a soccer game, which he admits is easily his favorite sport. He would go a long way to see a good game; so you see he is a cut-and-dried soccer fan and woe to the one who "knocks" his favorite sport. This year will be his last year at school and we wish him luck in any new ventures that he undertakes next year.

#### Herbert E. Krohn "Herb"

"Herb" claims Swansea as his old home town. Every morning he plods his way to Durfee from this little town and afternoon finds him on his return journey. This he has done for four years, ever since he graduated from the Frank Stevens' School in 1920. Herbert is a very broadminded fellow and he has such an enjoyable time in life that he can't decide which amusement or sport gives him the most pleasure. Every time he takes up a sport he is willing to swear that it is his favorite, but as soon as he takes another one up, he changes his mind. He is an active member of the Durfee Electrical Club. It looks as if we'll have an electrician for a classmate for next year he plans to enter the General Electric School.

Electrical Club, 3, 4.

# Margaret M. Lahey "Peg" "Peggy"

The N. B. Borden School added another to its list of prominent graduates when it sent "Peggy" to Durfee in 1920. Throughout her High School career she has always been successful. "Peg" is an accomplished artist and her work in the "Record Book" tends to make her well known in the Artist World in later life. "Peggy" claims dancing as her favorite sport, but we fail to understand why, for we have never seen her "stepping out". Framingham will rejoice in receiving so talented a person and one who will be a successful teacher. Best of luck, "Peggy".
Art Editor Record Book, 4.

Dramatics, 3, 4.

"Beginning is half the battle-", so they say, and yet, Catherine arrived at Durfee in '23, but she has made a vast number of friends. St. Mary's Cathedral School and the Dominican Academy are responsible for this sweet little red-haired girl.

Of all her many accomplishments the most prominent is her wonderful acting. As soon as she entered B. M. C. D. she plunged into Dramatics and we prophesy a successful future for her. Her poise and ability to carry herself perfectly in what ever part she plays are responsible for the applause when-

ever she appears on the stage.

Unlike most of her sex, "Ginger" chose reading as her favorite amusement, and as an authority on

plays she can't be beat.

Next year Catherine intends to attend Normal School and we know that her success is assured, and yet, we think she missed her vocation. Best wishes and best of luck ,"Ginger"!.

Dramatic Club, 4.

Albin L. Lamarre

Here we have, ladies and gentlemen, one of the most popular members of our class, "Al" Lamarre. "Al" is smiling, as usual. It seems that no matter how serious the matter is, "Al" can see the bright side of it. His countenance is always wreathed in smiles, especially for the fair sex. "Al's" favorite hobby is talking, sometimes to the despair of the teachers, but always to the enjoyment of his classmates, for "Al" is very witty. Dancing, too, claims him as one of its ardent followers, for hardly a High School dance takes place which he does not favor with his presence. By his hearty spirit and amiable disposition he has gathered many friends who sincerely wish that he attain the acme of success in whatever he studies at Williams College next year.

Record Book Staff, 4. Dramatic Club, 4. Latin Club, 3. Forum, 4. Cadets, 1, 2.

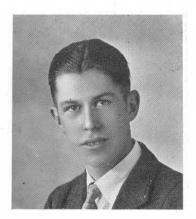

"Ted" pines for a sailor's life, but even sailors must have a bit of an education, so "Ted" consents to remain in High School. Oh, no, "Ted" isn't going to be an ordinary sailor; he wants to know the scientific method of sailing. So he plans to go to a Nautical School next year. He comes from the Borden School, near which is that big (?) pond at North Park. No doubt that is where "Ted" used to sail his little boat. Sailing takes up most of his time but still he has a liking for electrical things. "Ted" is an auditor in the Durfee Electrical Club and also one of its most popular members. Sorry to lose you, "Ted", but if you choose to sail the wide seas, the best of luck, old top.

Durfee Electrical Club.

"Evie" graduated from the N .B. Borden School and came to us a shy girl, but four years at Durfee have transformed her. You people who have seen Eva studying and studying and who probably think her a grind, would be greatly surprised to learn that Eva is just full of fun. Eva's hobby is reading and she can rattle off authors at a terrific speed. "Evie" is at every dance, knows all the latest news, latest fashions and is in fact so up-to-date that she is an authority on all the latest things. We all know she's going to continue her brilliant career next year at B. U. and everyone wishes she'll visit the old town every chance possible.

# Helen G. Laluson "Len"

A more sedate and peaceful girl than "Len" never before roamed the halls of Durfee. "Len" came to Durfee from the Highland School and has made many friends during her stay here. She claims swimming and driving a machine as her hobbies, and we know she excels in the latter, as we have seen her driving over the highways of Fall River. Helen belongs to the Dramatic Club and is also a member of the Board of Directors of the Class. "Len" is undecided about the future, but we leave her with the best of wishes for her career.

Home Room Director, 4. Dramatic Club, 4.

#### Henry C. Lawson

Ladies and gentlemen, we have before us to-day, Mr. Henry C. Lawson. Henry is a product of the Highland Grammar School, and if all the products of this school can be judged by Henry, we have a very good estimate of this school. Henry is so dignfied he thinks that it would be beneath his dignity and his station in Durfee as 1st Lieutenant of the Cadets to write that he has a nickname. Nevertheless there was a time when our dignified Henry was not adverse to wearing flaming odd stockings and a bright-hued tie. Henry is an ardent admirer of boxing, although his powers in this art have not yet been publicly demonstrated. Next September he plans to enter Harvard. With all his wonderful attributes, Henry is sure to be successful.

Latin Club, 3. Cadets.

"Jen" "Jennie"

In the fall of the year 1920, a little Miss, Jane Lawton by name, came tripping along one of the numerous roads that lead to Durfee, with the intention of entering Durfee's halls and increasing her already bounteous knowledge acquired at the Samuel Watson School. Durfee received her with open arms and she liked us so well that she stayed the full four years. Choosing the Normal Course as the one on which she would shower her attentions during her sojourn at Durfee, "Jen" began her career well by receiving honorable mention for her story during "Better English Week" in her freshman year. Jane's favorite amusements are reading and skating. Jane is an elocutionist of no small ability and to further her talents in this field, she plans to enter the Leland Powers' School of Oratory next fall.

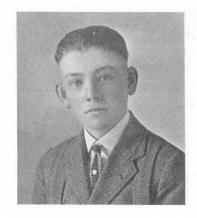

Dramatic Club, 3, 4. Hockey Club, 4.

#### John M. Leach

"Jack"

Hurrah! Hurrah! for St. Patrick's Day is here. When you came into Durfee on the second of March last year did you notice Mr. Leach with the green stockings and the green table-cloth around his neck? Well, that is our friend "Jack", Durfee's foremost son of Ireland. He is a real Irishman and in any debate for the downfall of England "Jack" is sure to win dramatically or fistically. He is a born mechanic and he can repair anything from a broken toothpick to a sick dynamo. He is quite studious and most of the time has his head closed up in a book down at the Library. "Jack" ought to go to the Boston School of Victory, and become a second Patrick Henry, but he has decided to go to the General Electric Works at Lynn. We know that he will be successful, for he has that pleasing personality that makes everyone like him. We wish you luck, John!

# Emily R. Leary

Page Sherlock Holmes! "M" has a secret which she absolutely refuses to divulge. Now, gentle reader, be prepared for the worst—she says she will never tell her favorite sport! Now, what do you suppose it can be? Perhaps some of her classmates in the N. B. Borden School can tell us. Ever since she came to Durfee in 1920, she has taken great delight in arousing some one's curiosity and then refusing to satisfy it. She is so busy teasing people that she hasn't had time to decide where she will go next year. Now, we're curious about that, too. Oh, dear, will "M" ever answer questions to satisfy us? However, we are sure these characteristics of hers will not hinder her from being successful in whatever she undertakes.

Girls' Glee Club, 4.

# Richard B. Leary "Dick"

The N. B. Borden Grammar School proudly numbers "Dick" Leary among its list of graduates. For he came from there in 1920 and enrolled at Durfee with the rest of us. Jolly and fun-loving, he has become one of the most popular boys in Durfee. He is an ardent baseball fan and has been playing baseball since he's been knee high to a grasshopper. "Dick" has his serious moments, also, especially when he's been called to recite on just the part he didn't prepare, n'est-ce pas, Monsieur Richard? But that happens to the best of us. This year "Dick" has been made Sporting Editor of the Hilltop, which position he has ably filled. His plans for next year are not definite so he prefers to keep them quiet. He has our best wishes for success. Hilltop, 4.

# Milfred S. Ledoux "Duke"

Wilfred is a naughty boy. He didn't tell the name of the school from which he graduated and that makes more work for poor hardworking us. Well, anyhow, "Duke" came to Durfee in 1920, a little "Freshie". Finding the College Course best suited to his talent and studious disposition he took his pen in hand and wrote his name down on the list. "Duke" is an ardent admirer and staunch follower of the author of that famous old proverb, "All work and no play make 'Jack' a dull boy". But there's nothing wrong about that, because we also are disciples of this belief. "Duke" professes to like rugby football and here again we agree. Next year "Duke" plans to go to college, but he has not yet decided what college he will honor by lending his presence there to make up the Freshman Class.

# Mary R. Lehane "Buddy"

If the Sacred Heart School didn't give us "Buddy" with a feeling of reluctance, it certainly must be famous for its generosity. At least that's how we feel after we've had Mary four years and now must give her up. Mary is just the girl that her nickname typifies. "Buddy", or more exactly "Every body's Buddy". It's very wrong of you, "Buddy", to tell us that you are going in training for a nurse and you even tell us you are going to Truesdale's Hospital. Can't you see that you are holding out a great temptation for us to play sick or fall off ladders or do any number of dangerous things just in the hopes that you will be given the task of curing us?

## Elinor C. Henaghan "Elna"

Oh! Look who is here! Miss Lenaghan herself!!
"Elna", way back in 1920, began her career at Durfee. Being at the age when every one thinks he is so wise, she decided that she had been long enough in grammar school, so she packed her bag and baggage and migrated from the Sacred Heart School to Durfee and to us. After the transfer was made, there arose the gigantic problem of choosing a fitting course upon which "Elna" should embark. Going over the different courses in her mind, she decided that she would cast her lot with the other victims of the Normal Course. "Elna" likes to play the piano and to dance. Her plans for next year are not mature, but she intends either to go to Simmons College or to Framingham Normal School. Good luck, "Elna".

Dramatic Club, 4.

### Jessica A. Leonard

"Kiddo" "Jess"
Oh, gracious! How shocked our great-grand-mothers would be if they read this—"Kiddo" Leonard openly admits to the general public that she likes rugby! Why, they would faint away! How shocking! Not a bit, say we and we're glad "Jess" has the courage of her convictions. "Kiddo" came from the William J. Wiley School in 1920 and since then has taken up her abode in Durfee. While Jessica likes all sports, still, as we said before, she likes football the best of all. (Now, here, I said the game, not the players of the game.) Next September, Jessica plans to go to Normal School. Although she has not definitely decided, it will probably be Bridgewater and she hopes to emerge a dignified, full-fledged schoolmarm.

Girls' Glee Club, 3, 4.

#### Maru E. C. Levell

Are you looking for the quietest, most studious senior girl? If you are, end your search, for, gazing at you, so shyly, is the object of your quest. One day, she felt so desperate she had the audacity to whisper in study-hall. This shows the extent of her boldness. You ask her name? It is Mary Levell. Coming from St. Mary's Cathedral School in 1920, she has endeared herself in the hearts of many Durfeeites and they will be sorry to see her leave. As you would expect of such a quiet girl, reading is her favorite sport and we'll wager that the books she reads would be too learned for most of us. Next year she will become a freshman at Emmanuel College, where we know she will be admired as much as she has been at Durfee.

### Joseph Levine

"Joe"

Who was "The Gentleman with the Spyglass?" Here he is revealed, "Joe" himself. The Lincoln School was responsible for the "Gentleman", who caused so many pupils embarrassment when their parents read the "slams" in the "Hilltop". And yet, "Joe" has a multitude of friends and very seldom do you see him alone-eh, "Joe"? The Record Book was fortunate in securing this talented person's services, and when you read the "wise cracks" at the end of this book, remember "The Gentleman". As a favorite sport, "Joe" claims handball and if reports are true, as all are, only very experienced players will dare challenge this fun-maker. We know that when "Joe" enters Bates it will receive a person who finds it's just as easy to furnish fun for its students as a log does in rolling down a hill. Many thanks for the "slams", "Joe". From the Record Book Staff. "slams",

Hilltop, 4. Record Book Staff, 4. Latin Club, 3. Forum, 3, 4.

### Ida G. Lebiten

The Lincoln School is responsible for sending "I" to us, but nevertheless we are thankful to have her. Ida is original in her work and quietly (?) goes her way depending on no one. Some girls carry a handbag around with them, but Ida doesn't; she carries a little vanity case. "I" is fond of dancing and parties, but she is still more interested in everything that pertains to out-door life—skating, swimming, and tennis, for instance—for truly, Ida is a great out-of-door girl. She also says she likes reading—we wonder if she means it! It was a wise choice when Ida was chosen director of the Commercial Club. On leaving Durfee, if she doesn't become her father's "private sec", she will probably attend Normal School.

will probably attend Normal School.

Dramatics, 3, 4.

Commercial Club, 4.

Director Commercial Club, 4.

# Marian G. Lewis

This demure little lady is Marian, whose pleasant ways have won her the esteem of all her class-mates. Marian came to Durfee from the Westall School. To find a girl with a more pleasant personality would be like fishing for gold fish in salt water. Marian claims that reading is her favorite pastime and we may well believe this, for it is not an uncommon sight to see her in the library. Brilliant! Why, Marian has everyone in the Normal Course wearing their brains out trying to keep up the pace that she has set for them. Salem Normal claims Marian next year.

# Alice L. Lindberg

"Al" came all the way from Swansea to join us at Durfee, having imbibed all the knowledge that the Frank S. Stevens School would impart to her. The S. P. Hygiene Club was wise when it chose "Al" as treasurer". "Al" enjoys playing tennis and walking, but is it alone, Alice? She just "loves" to dance—we are all aware of that. Don't be surprised if ever you go to Rhodes and you meet Alice, but let me warn you she doesn't go alone. Some day if you happen to go to the R. I. Hospital and are met by a tall, blonde nurse, you may be sure it is "Al".

Dramatics, 3, 4. S. P. Hygiene Club, 4.

#### Terrance J. Lomax

"Terry" "Ted"

"Hurrah! Art, WAZ is broadcasting. Come and listen in." Thus do we introduce to you "Terry", an ardent radio fan. If you're ever looking for "Ted", you are sure to find him around some receiving station. But this is not the only amusement this graduate of the Susan H. Wixon School enjoys, for "Ted" is a lover of baseball, if I may use the word. Let us review for a moment some of his activities while at Durfee. He was one of the Joke Editors in both the "Hilltop" and the "Durfee Record", and when you enjoy the "wit" in this book, we hope you will remember "Terry". He is also an orator and debater and easily holds everyone's attention when he speaks. Next year "Ted" intends to enter Holy Cross and we know this college will receive a student who is sure to make a

name for himself in later life.

Joke Editor Record Book, 4.

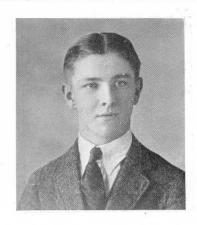

Joke Editor Hilltop, 4.

Latin Club, 3.

# William R. Lord "Bill"

Attention! You are now reading the history of one of Durfee's foremost and best students. "Bill" is quite popular and extremely well known in the cadets because he is so good natured. "Bill" is a color sergeant in the cadets and oh! how he loves to carry the flag. It is rumored around Durfee that the girls all wondered who was the cadet carrying the flag in the Armistice Day parade. They were surprised to find out that it was our own "Bill". We do not like to tell secrets but we wonder, did the girls know that he had a broom up his back which made him so straight. He is undecided where he will go next year, but he may go to West Point. Good luck, Sergeant.

Color Sergeant Cadets, 4. Cadets, 1, 2, 3, 4.

#### Samuel I. Lobit "John"

Be prepared to laugh. "John" is a splendid satirist. Though it may go unnoticed, nevertheless "Sammy" possesses splendid humor. "John" came from the Davis School. Perhaps that explains it. When asked his favorite amusement, he replied, "Studying my lessons." For the benefit of those who do not possess a sense of humor let me hasten to state that this is humor. "Sammy" has not decided just where he will go after graduation. Perhaps to some College of Wit. He really should cultivate his humor.

## Alice A. Lowney "Smiles"

"Smiles", as her name signifies, is one of the happy-go-lucky members of the Commercial Department. "Smiles" claims her hobbies are dancing and baseball. She is always on hand when the baseball season is on to cheer the boys to victory. We don't know whether it is her hobby or whether some player is the attraction. Her ambition is to be a Penmanship teacher, so next year "Smiles" may be found at the Palmer Method School of Business Penmanship.

Commercial Club, 4.

## James J. Lynch "Sailor"

Avast ye lubbers! Make way for the class sailor. We must thank the Fowler for this disciple of Columbus. As we might guess, swimming is his favorite sport. Firmly convinced that there are still new lands to be discovered, "Sailor" tells us he has made all arrangements to cast off for the Mass. Nautical School next year. The best wishes of the class go with you, "Sailor".

# Margaret M. Lynch

This jolly young lady came to Durfee in her senior year from the Sacred Heart Academy. Our only regret is that she waited so long before coming to Durfee. "Peggy" claims basket ball as her favorite sport, but we wonder if it really is basket ball that "Peggy" likes so much. We've seen her dance and we've seen her at the movies and she seems to enjoy both of these so much that we think she must have had a hard time deciding what her favorite amusement is.

"Peg" intends to enter Fitchburg Normal next fall, and we know that she will be as well liked and as popular there as she has been at Durfee. Anyway,

"Peggy" has our best wishes.

#### Mary T. Lynch

Only a little girl, but, what wonderful things often come in small packages. For the benefit of those who don't know her, we are going to list all her winning qualities. They're all winning, too. She is smiling, brilliant, and jolly. She is pretty, witty, and wise, and often we've listed all these qualities. There is still one more we can squeeze in somewhere. She's just the kind to make happy all the little heads into which she will instill the mysteries of reading 'riting, and 'rithmatic at some future date. Next year Bridgewater Normal can boast that, inclosed in her walls, is a little miss just brimming with winning qualities, but we won't be jealous because, like the Davis Grammar School, we believe in sending forth our little bundles of sunshine to brighten other places.

# Ruth L. Lyne "Shorty"

Ruth is one of the smallest but most popular members of the Commercial Division. She came to B. M. C. D. in 1920, a demure little maiden from the Davenport School. "Shorty's" favorite pastime is dancing, and she is often present at the school dances. Her efficiency will make her an important asset to any office. After graduation she intends to work in an office. Good luck and best wishes, 'Shorty'.

Commercial Club, 4.

### Randolph H. MacBeath

"Mac"

"Mac" is one of our best all-around boys. He was sent over from the Westall Grammar School in 1920 and since then has worked hard and successfully both as an athlete and scholar. He has the power of making friends and thus is in possession of a huge host of them. He loves basket ball and is rapidly outstripping his rival, "Johnny" Beckman. He has received an offer of \$20,000 from the Celtics, but has refused, claiming to be an amateur. As a football player he is not a beginner and knows how to tackle square, fair, and low. To him there is no such word as "fear", and he goes in to win. He is yet undecided as to what he will undertake, but whatever it is, "Mac", you will succeed.

Football Team, 3, 4. Basket Ball Team, 3, 4.

# Douglas HacDuff "Mac" "Doug"

Douglas came to us through the courtesy of the John J. McDonough Grammar School. His clear mind has made his reasoning sane and sound, and if you wish to enter into any argument on any topic, just notify "Mac" and then beware. As a means of recognizing him he carries his trusty Boston bag around and is thus in possession of a weapon in case of self-defense. Eventually he will become an electrical wizard and will emblazon Durfee's name bright and strong in the Electrical World. He claims skating to be his chief sport and guarantees to secure the best two out of three falls. Good luck, "Doug". May happy and prosperous days follow you.

Durfee Electrical Club.

# Jessie C. MacIntyre "Jess"

And now, oh readers, let us make you acquainted with this young lady, "Jess", who, we all agree, is certainly worth knowing. Her hobby is swimming, and King Neptune made some haul when he dragged this mermaid into his harem. "Jess" believes in the old maxim, "Laugh and the world laughs with you". She is always cheerful and no matter how hard the day's assignment is, "Jess" always manages to see the end of the seventh period. "Jess" has become very popular among her schoolmates during her four years, being made a Home Room Director. Next year she will depart to Bridgewater to increase her store of knowledge.

Home Room Director, 4.

# Walter Pl. H. Macomber "Walt" "Mac"

Honk! Honk!——Crash! What? Someone killed? Oh, no, that's just "Walt" Macomber delivering his orders on Saturday, for he works in Hudner's, you know. "Mac" is a good sport and quite popular. He is a lover of all sports, his preference being football. Rumors have it that "Mac" could have made the varsity team last year, but he wanted to give the other fellows a chance. He excels in electrical work and when they need an electrician or an expert on radio they call on "Mac". Next year "Mac" intends to go to some electrical school and become a great electrician. Therefore in future years do not be surprised if you see this sign outside of some large plant: "Walter Macomber & Co., Master Electricians". Good luck, "Mac"!

Bentley G. Macy "Bent" "B. G."

"Bent" came to grace Durfee with his presence in 1920 straight from the N. B. Borden School. He was a little embarrassed, trembling freshman. He is very popular among the boys and girls (especially the girls) because of his merry disposition. "Bent" has begun the difficult art of driving an automobile. We only hope that he drives straight and does not come into close contact with lamp posts, on his way to Harvard.

Forum, 3, 4.

Cadets, 2, Corporal, 3, Sergeant, 4.
Hilltop, 4.
Dramatic Club, 3, 4.
Greek Club, 3, 4.

# Alilton Alacy

"Milt" came all the way from the Cohannet School, Taunton, to a good school. His huge success in school life is known by everyone. He is a fellow who is well-liked and admired by all his classmates. His wonderful personality has secured for him a host of friends. "Milt" has aided the Forum in every possible way. As its President he has carried it through a successful year. For amusements, he claims to like debating and dancing. In debating he really shows his liking, but as for dancing, it is yet an obscure desire. "Milt" will journey on to the Harvard Medical School and there receive an "M. D."

President of Forum, 4. Record Book Staff. Hilltop, 4. Debating Team. Dramatic Club, 3. Latin Club, 3.

### Joseph J. Magnino

"Joe"

From the Quincy School in Boston, "Joe" came to Durfee, and what is Boston's loss has been our gain. He is known by the whole school for his work in school and out. His work in sports, especially track, is fine. "Joe" is a member of the track team and he also played with Durfee's second basket ball team.

Magnino is a sport writer for the Durfee "Hilltop", and he can write as well as he plays. He is an electrician of no mean ability, and is a leading member of the Electrical Club. He intends to enter Brown. Good luck to him, and let's hope he keeps up the prestige of Durfee as in the past.

Electrical Club, 4. Hilltop, 4. Track Team

### Charles F. Mahoney

"Pug"

In September 1920, "Pug" entered the portals of Durfee and settled down in the Technical Course. Throughout his four years here, he has proved himself a valuable asset to the school. But one thing is puzzling to us, and that is, where he acquired his nickname, "Pug". For Charles is not at all pugilistic, but very quiet. Next year "Pug" will grace the halls of some Electrical School. The best wishes of Durfee will always follow you, Charles.

Electrical Club, 4.

#### Marion Mahoney

And here in her proper place we will present Marion. She is just the kind of a girl who enjoys a good time and lots of fun, but still can be serious at the right time. She is efficient and dependable, and as to disposition—you couldn't ruffle her no matter how hard you tried. The William S. Greene School is responsible for eight years of her education and after leaving Durfee, Salem Normal School will place her name on its roll. Dancing and skating are Marion's favorite pastimes, and any one who has ever seen her gliding over the ice or over a ball room floor will tell you she is a champion at both. Good luck to you, Marion; we are sure that you will succeed in your chosen profession.

### Lena E. Alalone

"Lee"

"Lee" is just the kind of a girl you can't forget. That wuzzy bob, those sparkling eyes, and fascinating smile are something that is known all over Durfee. "Lee" is an all round good sport and we are sincerely indebted to the N. B. Borden for sending her to us. Dancing is her hobby and we know this is true, for she is always at the school dances and at the games to cheer the Red and Black boys to victory. After telling all her characteristics we must not forget to mention that she is a good pupil in all her studies. Next year you may find "Lee" at Miss Neil's Kindergarten School preparing to become a teacher of the little ones whom she adores.

#### Russell M. Manchester "Trink" "Chief" "Rube"

"Trink" is another of those wild Tiverton boys. He is, without a doubt, our class "Shiek". "Chief" has a desire to become the Chief of the Fire Department at Tiverton. He is a great baseball fan and never misses a game in town or out of town. He is also a basket ball player, his height enabling him to reach up and drop the ball down into the basket.
In fact, "Trink" is a great lover of all sports and doesn't miss many games of any sort.

"Trink" intends to continue his studies at

Kingston College, where we know he will uphold the name of "Durfee" and the Class of '24. We expect to hear great news of you, "Trink".

## Freston Al. Alarble

Marbles! Marbles! No, not a game, but just a good-natured young man by the name of Preston M. Marble. He is a fine sportsman, with a special liking for tennis (outside of French). He is a wonderful tennis player, and wields a wicked racquet. He came to Durfee from the Highland School and we are much indebted to that school for sending him down to us. He is an admirer of basket ball and when he plays we need two scorers to keep count of his baskets. He may be seen playing these two prospective games at the Boys' Club or at the Fetherdic Tennis Courts. Next year we hope to see him on the Yale Tennis Team.

#### Robert F. Marschner "Bob"

Straight from Texas! "Bob" entered Durfee from the Van Zandt School, of Fort Worth, Texas. Contrary to expectations (since he comes from Texas) he is one of the quietest and most evenly disposed characters in the school.

His chief work in the school has been for the "Hilltop". He has written many articles for the benefit of the students, which they have read without knowing they came from the brilliant pen of "Bob". He has also done excellent work in the Forum and Dramatic Club.

Robert F. has expressed his intention of going to Brown, where he will greatly add to Durfee's fame by the illustrious work he surely will accomplish.

Hilltop, 4. Forum, 4. Dramatic Club, 4.

#### Malter E. Marston "Hook"

"Hook" is a Susan H. Wixon protege. While there he managed to be on the Grammar School team and he is certainly some baseball player. Last year he was on the squad and will doubtless be on this year's team. He is also an admirer of basket ball and football and is really a first-rate athlete. He will proceed on his way to Brown and there become a freshman again. If "Hook" continues in the way that he has begun, there is no doubt that he will make a howling success in whatever path he follows. He is on good terms with everyone and will surely make friends out at Brown. Well, good luck to you, "Hook", old boy, and make a name for yourself.

Baseball, 3, 4. Home Room Director, 4.

#### Doris J. Martin "Dot" "Dimples"

"Dot" came to us from the Slade School and since her entrance she has become known in Durfee for her attractive and jolly personality. She is very fond of dancing and upon hearing a "fox-trot" she can hardly control her feet. "Dot" may be seen at all the drills gliding over the polished floors with some handsome looking fellow. Her ambitions are to teach the young, and can you just imagine "Dot" looking sternly at the young uns? She is also a good student and you can never find any trouble with her work. "Miss Neil's Kindergarten School" stands in the distance with out-stretched arms welcoming her to reside there next fall to prepare her for a teacher's career. Well, so long, "Dot"; we wish you all the luck in the world.

#### Grace L. Martin "Gracious"

The Westall School is responsible for sending Grace into our midst, for which we are indeed very grateful. A quiet, studious girl is Grace, who has been very successful in all her studies. Her sunny disposition and her fun-loving nature has won for her

a wide circle of friends.

"Gracious" takes great delight in walking and reading. The Dramatic Club claimed Grace for one of its most loyal members. Next fall Grace intends to enter Pembroke, where we all wish her the greatest

success.

Dramatic Club, 4.

# Thomas A. McCann

After graduating from the Sacred Heart School, "Art" decided to show himself to the boys and girls of B. M. C. D. Since joining us "Art" has proven that he can play hockey as well as anyone in the school. "Art" demonstrated what he knew in the art of sport when he and his team played a team of fellows representing Durfee and the latter was easily defeated. Hockey is not the only thing "Art" is competent in, however; for example, if you look at Miss Jouett's record you will find A's and B's after his name.

Next year, we will find "Art" at the General Electric School aiming toward electricity, to help out the world in future years.

Friends and others, lend me your ears. This is "Mac". "Tom" was sent to us by the Lincoln School just four years ago. He took the Tech course and has since been able to keep up with us for these four hard years—or rather four happy years, as they were for "Mac". Always looking on the bright side of things, "Mac" never fails to bring humor wherever he goes. He is a good dancer and if he wasn't present at a high school dance or drill, it certainly would be a calamity. "Mac's" favorite sport is basket ball and, although he was handicapped by size from making the regular team, he displayed his ability at the hoop game with many outside teams. By his hearty spirit and amicable disposition, "Mac" has gathered many friends who sincerely wish that he attain the acme of success in whatever he pursues after leaving Durfee.

Record Book Staff, 4. Electrical Club, 3.

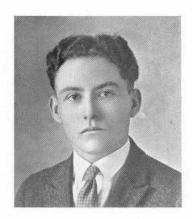

# Raymond J. AlcDonald "Mac" "Ray"

"Mac" is our all-round handy man. After graduating from the N. B. Borden School, he thought that he wouldn't mind giving Durfee a try out. "Mac" decided that he would join Durfee's Electrical Club, for he thought that the organization needed some live wires. (He has been looking for one ever since.) His hobby is basket ball and he enjoys football and soccer very much. Through his excellent playing. "Ray" has made Durfee's second basket ball team. For the time that he was with it he made an excellent showing. "Mac" is well known and his personality has won many friends for him. "Mac" does not intend to go to college, but we know that he will prove successful in anything that he may take up as his life work.

Electrical Club, 3, 4. Basket Ball, 4.

## Rose C. AlcGee "Mac"

A winning personality and a charming disposition have been bestowed upon our Rose. The William S. Greene School lost a little piece of sweetness and we gained that same when in '20 she first entered Durfee to make all the friends which she has now. Swimming, you know, is her hobby, and she fairly lives in the water in the summer time. Ask any Steep Brook patronizer. "Mac" is going to Bridgewater next year and a picture of children bringing little gifts to their "pretty teacher" seems very realistic. We know they will appreciate you as much as we do, Rose.

### Mary Al. AleGrath

Four years ago Mary graduated from the Davenport School. This goes to show that the Davenport is right there when it comes to sending fair ladies to Durfee. We certainly are glad she made Durfee her stopping place. Mary's pet hobby is dancing, and after seeing her glide over the floor at the drills and Record Book dances, we'll say she is Pavlowa's only rival.

Mary is also a member of the Hockey Club, being interested in outdoor sports as well as indoor. She has made a great number of friends among both sex while at Durfee, and they will regret to see her depart for Bridgewater next fall. You have Durfee's best wishes for success in Bridgewater, Mary.

Hockey Club, 4.

### Fredrick J. AlcLane, Jr.

Smash! Bang! Bang! What was that, someone killed? Why, no, that's only our own little Fred McLane from Durfee. This all happened in the wilds of Swansea, where "Mac" may often be seen hunting for ducks (?). "Mac" is a cadet officer and oh, how he loves to drill and parade. He is a radio shark, and if you are ever puzzled about radio, ask "Mac". He will certainly enlighten your mind. He was president of the Durfee Radio Club in 1922 and fulfilled his office efficiently. Next year he is going to Boston College and then to a Law School. He will, no doubt, become one of our greatest lawyers some day.

Cadets, 1, 2, 3, 4. President Radio Club, 2.

# Hary H. Alc Hahon "Mae" "Mac" "Mickey"

"Mae" came to us from the Davenport School a smiling, fun-loving girl, whose report card belies her unstudious appearance. "Mac's" hobbies are automobiling and tennis, at which she excels. "Mickey" is never visible at dances, being always surrounded by a crowd of admiring fellows trying to put their autographs on her dance card. We predict that when "Mickey" becomes a nurse there will be a general exodus in the direction of the Massachusetts General Hospital, which she intends to enter.

# Everett McMahon, Ir.

Now, here is "Mac", one of the wittiest boys of '24, also one of the most popular, for everybody likes him because—well, they can't help it. He came to Durfee from St. Patrick's School in 1920 and since that time he has proved to us that he is one of the best of good sports. His life is a continual round of dances, movies, and good times. As for dancing, even Valentino isn't in it with our friend "Mac", who is never absent from a high school dance and many others; who knows? "Mac" is also one of the athletic teams' ardent followers, hardly ever missing a game, either at home or out of town. "Mac" says that his hobby is riding in automobiles. "Mac" is as yet undecided but we can all be sure that he will make a success wherever he goes. Here's luck to you, "Mac", and never forget the good ole time "Old Durfee" gave you.

# Frene J. AlcNerney

Well, here's brilliant, jolly, jovial, and loyal "Rene". A better "all-round good scout" never was, is or can be. She graduated from the Susan H. Wixon School and enrolled in the Normal Course. As a student, few can compare with her. She is fond of skating, dancing, and reading, and you can see her at all the High School dances showing those present what good dancing is.

If you can sustain your curiosity until next fall, you will find "Rene" at Pembroke College.

### Romaine Al. Alckae

"Mac" is another good example of that fine old institution, the country school. Gardner Grammar claims the distinction of fitting "Mac" for her career at Durfee. "Mac" is a typical athletic girl. There's hardly any sport in which "Mac" is not an expert, but she claims dancing as her favorite, so—"Boys, please keep in a double line". (Apologies to Messrs. Pickup, Shurtleff, and Wallace). "Mac" belongs to the S. A. A., and is a very active member of the Hockey Club. She is very clever with the needle and did you ever hear her tickle the ivories? Oh, Boy! In fact there's nothing you can mention "Mac" can't do. She sure is a good sport. Next year "Mac" goes to Bryant Stratton Business School. Hockey Club, 4.

Commercial Club, 4.

#### Robert A. Alc Watters "Mac" "Bob" "Rob"

"Bob" came to Durfee from the William S. Greene, and since then has been prominent by his questions (refer to Miss Miles). Though he is continually asking questions, he is a quiet chap, and is well liked for his good nature and remarkable personality. He was a member of the cadets for two years, and his experience aided him greatly in his duties as lieutenant of the traffic squad. During his short stay in the cadets, he won an honorary mention

in the freshman drill.

"Bob" is taking a scientific course, and at the
Worcester Polytechnic Institute where he intends going, we know he will become one of the world's greatest engineers. We wish you the best of luck, "Bob".

Cadets, 1, 2. Traffic Squad, 4.

#### Archie Miller

Archie graduated from the Davenport Grammar School. That is where he established his reputation as an all-round good sport. Much to his credit and our satisfaction he has upheld this enviable reputation since coming to Durfee. His favorite sport is football, although he also likes baseball and basket ball. Every time a Durfee team goes into action you may be sure that you will see Archie's beaming countenance present. We have one fear for Archie, and that is that some day he will be arrested for impersonating a "shiek". As a dancer he is superb and he is to be seen at the high school dances "picking up the splinters" with a graceful glide which everyone envies. At this writing Archie has not decided which college he will attend, but whichever one it is, is assured of a good all-round sport with a winning personality.

#### Kathleen M. Moloney

"Katty"

"Katty" calls the William J. Wiley School her "Alma Mater" for, since she was a tiny tot she attended this school. But in 1920 this school had a lapse of unselfishness and surrendered Kathleen over to us so that we might enjoy her for a while. Kathleen was enrolled in the Commercial Course when she came to Durfee, and since then has quietly, but forcefully, been making a name for herself in this course. In appreciation of her good work, she was elected one of the Senior members of the Board of Directors of the Commercial Club. "Katty" likes to play basket ball and also likes to "trip the light fantastic". Next year she is going to enter the Salem Normal School, where we know she will be as successful as she was at Durfee.

Dramatic Club, 4. Hockey Club, 4. Commercial Club, 4.

## Beatrice J. Moore "Betty"

Enter "Betty", one of the most prominent members of the Commercial Course. Four years ago, when Beatrice entered Durfee, she was very shy. But during her stay here her personality has secured for her a vast number of friends and now in 1924, when she leaves us, a vast host of friends have good cause to regret her departure. "Betty" was a member of the Commercial Club, and contributed greatly to its success. Next year Beatrice will attend a Secretarial School, where she hopes to further her schooling. Good luck, "Betty".

Commercial Club, 4.

# John L. Morey "Jack" "Fat"

Here he is, girls. "Fat", the ladies' man. No matter where you stand in Durfee's corridor, you will see "Fat" surrounded by a group of girls. "Jack" came from the Borden School. We often wondered why it was he never went out for any of the school teams. Most of the Borden School graduates are now 2 and 3 letter men. But "Jack" likes to dance, which explains it all. At any dance, you will see friend "Jack" besieged by a bevy of girls, all wanting the next dance.

next dance.
"Jack" intends to go to Worcester Tech next year. All our luck is with you, "Jack".

#### Frederick J. Moriarty "Irish"

Classmates beware!! You have before you Frederick John Moriarty, otherwise known as "Irish", who knocks out everyone of his opponents in the first round. Do not get "Irish" angry, for his mighty left will promptly "muss" you up. (a word to the wise is sufficient). "Irish" has another hobby besides boxing, and that is violin playing. He sure can make his violin talk. Whenever we hear it our feet just "itch" to do the "light fantastic". Four years ago the Susan H. Wixon Grammar School sent us "Irish". He intends to be of some use to the world, for next fall he will enter the John Hopkins Medical University at Baltimore, where he will begin training to become a doctor.

# Rosa B. Morin "Tillie The Toiler"

Oh, Rosa, won't you please narrate the story connected with that marvelous nickname, "Tillie the Toiler"? Won't you tell us when, where, and how you got it? These and other questions have been piled on "Tillie", but to no avail; she will not divulge the secret. So we remain in ignorance of a story which we feel sure would liven the columns of our illustrious paper, "The Hilltop". "Tillie" graduated from the Borden Grammar School. She declares that ice-skating is her favorite sport. We agree with her, for wherever there is ice, there is always "Tillie".

Rosa plans to go to Hyannis next year, where, as a result of her customary "toiling", she will become a teacher.

#### Boitius J. Morrison "Bozo" "Bo"

"Sweet Adeline, My Adeline, you're the fairest—etc." Don't you know who he is; why, that is "Bo" Morrison, the noted singer. He will have a hard time trying to find a place to practice his songs after this year, because the Machine Shop down at Tech will be closed to him. He sings down there because no one can hear him amidst all the noise. However, he is a good sport, always with a joke on hand to tell you. He is an exceptional young man because he likes reading and drawing. "Bo" has told the librarian that he reads new books because he has read all the books in the library. Next year he is going to an architectural school and who knows he may build your mansions some day.

Secretary Electrical Club, 2.

#### Hiola E. Morse "Es" "Essie"

Esther, the attractive young lady to be seen on the right is a very popular member of the class of 1924. She graduated from the Highland School in 1920 and then came to Durfee. "Es" loves all outdoor amusements, skating and driving a machine having first rank among these. "Essie's" future is as yet undecided, but we prophesy that she may either hold the position of a demure lady doctor or one of those nurses who caused, "I don't want to get well" to be written, for she holds the position of Vice-President of the Hygiene Health Club.

We hope "Es" will continue to be as successful

in the future as she has been in the past.

Vice-Pres. Hygiene Club, 4.

#### Sarah C. Mullins "Tiny"

Yes, "Tiny" Mullins is that merry little girl whom you see smiling her way through the crowds in Durfee's corridors. A smile is "Tiny's" only weapon, but she needs no other, for when "Tiny" smiles, she has Durfee at her feet. Someone ought to write a book, "The Lover of a Smile", and have "Tiny" as the heroine. Perhaps they teach you, along with the three R's, how to smile at the Davis School, where "Tiny" first started have education. "Tiny" is kept so "Tiny" first started her education. "Tiny" is kept so busy completing her education that she has no time for many school organizations, but however busy, she likes her little dance. And they say she never lacks partners, either. Next year she plans to enter Hyannis Normal School.

Commercial Club, 4.

#### Francis J. Murray "Frank" "Irish" "Speed"

"Frank", or "Speed", which, by the way, is a very good nickname for him, was one of the snappiest men on our football team this year. He usually played right end, but whatever his position was, he always played a good square game. Next to football, "Frank" likes dancing, which is something he can do to perfection.

He is a product of St. Joseph's School and during his four years' stay with us he has proved to be a very good student as well as an athlete. Next year he intends to go to John Hopkins University, so we expect to hear great things from Francis J. Murray, M. D. in future years.
Dance Committee, 4.

#### Thomas J. Murray "Tom"

"Tom" came to us about four years ago from the St. Patrick's School. Since that time he has accomplished much, both in his studies and the vast number of friends he has acquired by his loving personality. He claims that football is his hobby, and this can easily be proven, because "Tom" may be seen at most all of the home games. Next fall "Tom" will leave the small town's education behind and enter the "Hub's" General Electric, where we know he will make good.

Electrical Club, 3, 4.

#### Robert J. Newbury "Bob" "Professor"

In 1920 when the Lincoln School sent "Bob" to Durfee little did it realize that its graduate was to imprint his name on Durfee's Honor Roll. With the enthusiasm of a good scholar, "Professor" settled down and throughout his four years here has worked incessantly, but at the same time not forgetting to have a little fun on the side. He proved a valuable asset on the Record Book Staff which was fortunate in having him as one of its Editors.

"Bob" claims football as his favorite sport and he was always seen at all football games. Moreover, he is a good player, and the only reason he didn't try out for Durfee was because of lack of time. He is bound to be a great player later. And let us not forget, if anyone wishes to learn anything about Parliamentary Law, "Professor" will always be ready to teach him. Best of luck, "Bob".

Record Book Staff, 4.

Secretary Tracesurer, Dramatic Club, 4.

Secretary-Treasurer, Dramatic Club, 4.

Do you know our versatile "Bill"? Of course you do; if not you soon will. "Bill" is a nice, cute little boy of our class (Sweet- you bet, girls!) who may be seen tramping the halls of Durfee with his closest friends, his books (?). "Bill" came to us from the Sacred Heart Grammar School, a fact which has made that institute our lifelong friend for giving us such a gem. "Bill's" favorite sports are swimming and basket ball. He may be seen working out at the "Y" almost any day in the week. Next year we lose our light-hearted "Bill", for he then will grace the halls of Holy Cross. Good luck, "Bill", and don't forget to put in a good word for old B. M. C. D.

Dramatic Club, 3, 4. Hilltop, 2, 3. Latin Club, 3.

#### John F. Nickols "Nick" "Jack"

"Nick" is an athlete of great ability. He represented his school for three successive years on the gridiron, but on his fourth attempt was injured, and was unable to play the remainder of the season. "Nick' 'is also a "shark" on the basket ball squad and his opponents have a hard time to keep him from scoring.

During his four years with us, he was also a fine student, liked by all his teachers and classmates. Judging from the success "Nick" has attained from his studies, we have no doubt but that complete success will be his, when he enters Tufts this fall. Football, 2, 3, 4.

Baseball, 1, 2.

Basket Ball, 2.

#### Irma III. Nickerson "Nicky"

"Nicky" will long be remembered by those who know her as a pleasant, funloving Miss. She came to us from the Westall School, where she accumulated the knowledge which made her such an apt pupil at Durfee. Here she spent four grand years, intermingling studies and dances, as "Nicky" gladly admits that the shiny dance floor has its attractions for her. According to "Nicky", dancing is her hobby, but we are willing to wager that we could add a few others. "Nicky" has not told us of her future plans, but we are sure that her winning smile will bring success.

### Hannah J. Norton

To you few who do not know Hannah, allow me to introduce her as one of the most delightful girls of our class. Ever since she entered Durfee, after graduating from the Sacred Heart School, she has won many friends by her irresistible good nature. Hannah is also one of the best all-round sports of our class and has taken an active part in all the School activities, especially hockey. There's where Hannah shines, for who can find a better hockey player than Hannah, who has often been the means of gaining a victory for her team by her quick, accurate playing? But skating is her favorite hobby, and she can skate even better than she can play hockey. She is just as successful in her studies as in her sports, and she has made a very good record in Durfee. Next year Hannah intends to enter Bridgewater, where the best wishes of her class will follow her.

# Milliam B. Norton "Charlie" "Spark Plug"

Here is another product of the Sacred Heart School. Let me present you to "Mr. William B. Norton", otherwise known as "Sparky" because of his great speed. "Sparky" is the only man in this country to have the honor of saying that he beat "Charlie" Paddock.

"Sparky" is very fond of baseball, and played with Durfee for two consecutive years, holding a regular berth. We hope to see "Sparky" again in a Durfee uniform and we are quite sure that he will make the team this year. He is also fond of hockey and basket ball

and basket ball.

Next year "Charlie" will try to broaden his knowledge at Boston College, and we hope he will make good.

Baseball, 2, 3, 4.

#### Jane L. Nugent "Jennie"

This pleasant and agreeable young lady entered Durfee in September, 1920, after graduating from the Lincoln School. She has proved to be an exceptionally good scholar, besides being an active member of our athletic squad. "Jennie" claims baseball as her favorite sport, and besides playing it herself, she never misses a baseball game. Where "Jennie" intends to go after graduating is a mystery to us, but wherever she goes, she will carry our best wishes with her.

## Annie Nulman

The fact that "Red", after graduating from the N. B. Borden School, came to Durfee shows that she is a pretty clever girl. "Ann" is one of the few pupils in Durfee who takes life seriously. Of course, we don't mean that she has no sense of humor, for she is forever smiling, but somehow—her quiet disposition sets her apart from the others. She faithfully prepares her lessons and not until it is all done does she think of enjoyment. She likes dancing very much (although, she has not been caught dancing yet) and her outdoor sport is baseball. It is too bad that "Ann" does not wish to go to a higher institution, for we are sure that she would prove her ability there, but she knows best. May she succeed as well in the business world, as she has at Durfee.

Commercial Club, 4.

#### Michael O'Brien

#### "Briney"

Michael entered Durfee in 1920, a graduate of the Lincoln Grammar School. As an amateur actor, "Briney" is recognized in the greatest theatrical circles. His witty remarks have earned for him a coveted place as a philosopher. Michael is interested in the mild game of soccer, but delights especially in the vicious sport of tennis.

He is a prominent figure in all school activities, and is well liked by the faculty and his fellow-students. Some day we expect to hear of Prof. O'Brien, for "Briney" intends to enter Bridgewater Normal School. Active! Why, I should say so! He is a crackerjack actor in the Dramatic Club, a willing worker on the Record Book, and what not? Well, "Briney", we wish you a prosperous and happy future.

Dramatic Club, 3, 4. Spanish Club, 3. Record Book Staff, 4. Latin Club, 3.

#### Edward F. O'Gara "Eddie"

"Eddie" is one of our friends from the Sacred Heart School. He is a quiet, pleasant, unassuming boy, who has made a host of friends here. He claims rugby as his favorite sport, and he is sure to be seen in the cheering section at all our football games. "Eddie", during his four years' stay at Durfee, has shown himself to be a good sport as well as a good scholar. The profession "Eddie" will take in later years still hides in the mists which guard the future, but whatever he takes up, his good sense and ability will make him a success.

Greek Club, 3, 4. Latin Club, 3.

## Alaybel O'Alara

Thud, thud! Here she comes! Who, which, what? Why, our "Mab", riding the greatest racing horse of the time—Spark Plug. Yes, of course, "Mab" is a great equestrienne. If you don't believe us, turn back, "O ye readers" to the chronicles of the class of nineteen hundred and twenty-four. There you will find "Mab" was the greatest horse-back rider that Durfee ever saw. Way back in '20, "Mab" came to Durfee fresh from the Highland Grammar School. She has liked her curriculum in Durfee so much that next year "Mab" is going to enter a Normal School, where she will prepare herself for the life of a teacher. But we can asure you that "Mab" will never be a stern schoolma-am, for her disposition is contrary to sterness.

#### Katheryn V. O'Neil "Kitty"

Who said all Kitties were wild? Well, they are not, for here at Durfee we have a "Kitty" who is so sweet and lovable that all her friends vie with each other in pleasing her. This nice "pitty" little Kitty one morning in September, 1920, walked right into Durfee's doors. Even then she did not stop, but she walked right into the hearts of all her new friends. She was already ensconced in the hearts of her old friends, made while she attended the Davis School. For all her sweetness, she is a very quiet girl. She came to Durfee with one purpose—to study, which she has done diligently for the past four years. No thrills at all for her to carry home a report card covered with A's. Old stuff by now. Next year she plans to enter Bridgewater, thereby swelling the number of future teachers that owe Durfee so much.

# Mildred E. O'Neil

"Millie" came to us from the Sacred Heart Parochial School. This quiet girl entered Durfee and here she proved to be a delight to all her classmates. Although "Mil" is very quiet, she is also a good listener, and indeed there are few who can claim this honor. "Millie" is as yet undecided about next year, but our best wishes go with her for the future.

# Milliam J. O'Neil "Greaser"

A product of the Highland School, "Greaser" came to us four years ago, passing his first two years here unauspiciously, but in his junior and senior years he blossomed forth in all his glory. He joined the football squad and was one of the outstanding stars that defeated New Bedford here on the gridiron. At the automobile the boy from the Highlands is quite an expert.

We hope, "Greaser", that you may continue in this path, for if you will, we feel certain that success is assured.

Football, 3, 4.

#### Charles E. Orcutt

#### "Lawver"

Keep in line with "Charlie", and you are sure to keep straight, because "Charlie" is an accountant, and a good one. His services have been rendered to the "Hilltop" gratis, and the success of the business department has been greatly due to "Lawyer's" good work.

When the Commercial Club was started, the members showed their confidence in "Lawyer" by electing him President. Thus, "Charlie" is the first president of one of the largest clubs in school history.

New York University will secure in "Lawyer".

New York University will secure in "Lawyer" not only an excellent accountant, but an athlete of ability, since "Charlie" will most likely become a member of the track and boxing squads. We send you away, "Charlie", with the knowledge that you will always be a credit to Durfee and Fall River.

Hilltop Accountant, 4. Commercial Club (President), 4.

#### Sadie Ostroff

#### "Svd"

How can we thank the Susan H. Wixon for sending us "Syd"? Surely, it must have been some sacrifice on their part. Quietly she slipped into Durfee and now she has tranquilly slipped out. Although she has a quiet disposition, her charming personality has brought her many steadfast friends. "Syd" is "stepping-out", boys, for she admits her favorite hobby is dancing. She also likes baseball, and she says that she understands the game perfectly. Having finished her four year course in Durfee she intends to go to the Bridgewater Normal School. We have not a doubt that she will be admired there as much as she has been at Durfee. The best of luck. "Syd"!

#### Frances M. Palmer "Fran"

Good morning, Frances! We're surely glad to see you, because you are one of the most agreeable girls we know. We are certainly grateful to the Lincoln School for sending you here. "Fran" is a very popular girl at Durfee, and why not? Who could resist that smile and that pleasant manner? We have never, in all the time we have known Frances, heard her say anything mean or "catty" about anyone and naturally she has a host of friends.

"Fran" chooses swimming as her favorite amusement and she spends most of her summer vacation enjoying herself in the water. But we feel pretty sure that Frances also likes dancing. Next year, Frances will go to Bradford Academy and leave Durfee desolate. There she will continue to make friends just as she has here.

Home Room Director, 3, 4. Record Staff, 4. Dramatic Club, 3, 4. Latin Club, 3.

#### Melvin E. Palmer "Liz"

Attention! Here we present to you Captain Palmer, better known throughout Durfee as "Liz". Studies seldom bother him; nevertheless he is very popular and well liked among his classmates. "Liz" appears to be greatly inclined to military tactics. He joined the Cadets as a freshman, was made Sergeant in his junior year, and is now Captain of Company A. He claims dancing as his favorite amusement and no one who has seen him at the Drills will deny that. The James B. Condon School of New Bedford gave him his early education, but fate lead him to Fall River, hence to Durfee, and we were all glad of it. "Liz" has made no definite plans for next year. However, we wish him the best of luck in his undertakings in the future.

Cadets, 1,2, 3, 4.

# E. Gertrude Palmer "Peggy" "Peg"

"Peggy" is a very attractive girl and well liked by all her friends and classmates. She graduated from the South Dighton Grammar School and since the fall of 1920 she has spent four happy years in Durfee. Like most girls, "Peg" likes to read, but some of her pleasantest hours are spent in out-door winter sports. Coasting, skating, skiing, she loves them all. She is also interested in School Activities; she belongs to the Glee Club and is a very enthusiastic member of the Dramatic Club. Next year, "Peggy" will enter Antioch College to finish her education. Some day she may be back in Durfee, teaching. Who knows?

Glee Club, 3, 4. Dramatic Club, 3, 4.

#### Alyce Pearson "Babe" "Al"

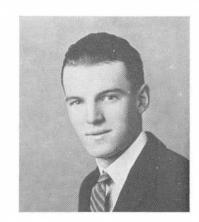

Here is "Al", who came to us from the Highland School. She entered Durfee with the intention of enrolling in the Normal Course, and has proved herself a bright student in this branch of learning, especially in History. "Al" can always be seen at the cadet drills and other school dances. She is very attractive indeed, among both sexes. "Al's" avocations are very numerous, being dancing, swimming, and skating. Here's hoping you'll be as successful at the Mass. General Hospital as you were at Durfee.

Glee Club, 3.

## William H. Phillips

You really must know "Bill". He's that very serious looking person you see walking through the halls of Durfee. Generally he has an armful of books. What senior in the B. M. C. Durfee doesn't carry an armful of books? "Bill" was graduated from the Susan Wixon Grammar School. He has pursued a scientific course and has amazed his friends by his brilliance—don't blush, William. Like all good Americans, he claims the National Sport as his favorite. Lest you get an erroneous impression of "Bill", we hasten to state that he is by no means a grind. Those who saw him play the "Wise Man" will vouch for that. However, all good things must come to an end, even "Bill's" career at Durfee; so when he graduates next year he is all set to dazzle the wise profs at M. I. T.

Forum, 4.
Dramatic Club, 3, 4.
President Chemistry Club, 4.
Home Room Director, 3.

#### Gladys H. Pickup

Gentle readers, let me acquaint you with Gladys, our pleasant and gentle classmate. She is one of our quietiest girls, but none the less liked, for we all enjoy Gladys' good company. Gladys claims swimming as her hobby, the art in which she rivals "Annette Kellerman" herself. We are left in doubt as to what course Gladys will follow after leaving high school, but we have the assurance that she will succeed in whatever work she chooses.

# Alice E. Place "Placev"

When the Samuel Watson School relinquished its rights on Alice she decided to enter Durfee, and it certainly was a happy Durfee which received "Placey" into the freshman class. Alice claims dancing as her hobby, and we can readily believe this, as we have seen her "tripping the light fantastic" at every dance this year. "Placey" is as yet undecided about her profession in the future, but we certainly wish her the best of luck.

### Hugenie R. Plante "Jeanny"

Now, we introduce Mademoiselle Eugenie, or "Jeanny", as she is usually called, who received her first education in an Academy in Canada. Later, however, she came to this city and obtained her grammar school diploma from the Samuel H. Watson School. French is her favorite study, and we are sure we would all claim it our favorite, if we could master it as well as "Jeanny", for she can chat as fluently in French as in English. Water sports are her hobby, and she is a real fish when it comes to swimming. Bridgewater will be her residence next year, where she will prepare to become a teacher—her one ambition. Bon voyage, "Jeanny"!

### Olga Hoczynik

The first thing we notice about this girl is that she has no nickname; she is just known as Olga to everyone. She sallied forth one September morning four years ago to begin her new school life at Durfee. It has been a very pleasant one indeed. Worries are something unknown to Olga, for she sees life as one round of pleasure. Dancing is her hobby, which one might have guessed in a minute, because it is so closely associated with her gay disposition. Olga is a graduate of the Lincoln School, and next year she may be found at Bridgewater. Since she has no fears of entrance examinations, we need not worry about her, but send her our best wishes for success.

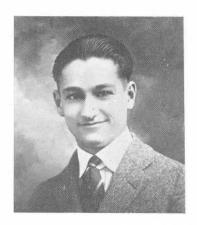

### Jeannette B. Hoisson "Jeanne"

This quiet little "mademoiselle" tranquilly entered Durfee four years ago from the St. Matthew's School. Since "Jeanne" has been with us, we have not heard much noise from her, but her intimate friends say that she can make as much noise as any of us when she wants to. She chose the Commercial Course and has completed it very successfully. She bashfully states that she just couldn't do otherwise, because she liked her studies so well. The one sport which "Jeanne" adores is skating, and she sure can skate. Next year, she intends to make use of her commercial studies by going to work. Lucky will be the employer who receives this capable girl.

## Joseph D. Popkin

Pop" is another specimen of good things coming in small packages. The Davis School is responsible for him, and now it's all our fault. He simply loves debating, and is an enraptured listener in all debates. Steer clear of him or else you will be defeated in a debate on any topic. Next to this wholesome sport comes the love for football. In this he shines (two shiners). Well, we could go on and on for ever and ever, etc. He has taken no active part in school events, but when something's needed, "Pop" is there. As yet he is undecided whether to allow himself to be given over to some institution of learning. All's well that ends well, so here we send our best regards for a future, sunny and bright.

# David R. Hokross "Dave" "Prince"

A question that has never yet been answered is: How could the Davis Grammar School stand the loss of "Prince", when he left for Durfee? His eagerness and ability to do his work satisfactorily and above the average, soon attracted the attention of some outsiders. "Prince", inheriting a mighty voice from the family, was a debator of unchallenged worth. His remarkable showing in this activity simply adds to the proof of his ability to do things.

proof of his ability to do things.

"Dave's" work in the Forum, as well as in the Dramatic Club, is another addition to the list of his accomplishments. "David R." is a lover of all sports. Especially is he interested in basket ball. His favorite hobby, however, is dancing. "Dave" intends to go to the Mass. School of Pharmacy. Best of Luck.

Forum, 3, 4. Dramatic Club, 3, 4.

# David L. Posnak "Puzzy"

"Puzzy" descended upon Durfee from the Davis Grammar School and began a successful career. His genial nature has earned many friends for him. The national sport has enlisted him in its ranks and he is a member of the Football Team. He is prominent in many school affairs. He is a baseball player of great renown, and can certainly scoop up hot grounders. As yet he is undecided as to what pursuit he will follow, but we have no doubt that he will make a success of whatever profession he undertakes. Remember Durfee!

#### Alwen T. Potter

We immediately conceive Alwyn's originality by not having a nickname. Perhaps he can still remember the days when he learned how to spell all sorts of big words at the Westall Grammar School. After they gave him his diploma, he sought the halls of Tech and Durfee for further learning. He has been successful both in scholarship and socially, and is hailed by many friends when passing through the corridors. He has not yet decided what college he will later attend, but next year will find him seeking further knowledge somewhere. Here's luck, old boy, wherever you may go.

### Thomas V. Howers

Thomas Vincent Powers, alias "Puzzy", received his diploma from the Davis School and straight-way set out for Durfee, where he has gained a remarkable reputation. "Puzzy" left behind him a number of friends, but soon grew accustomed to the Durfee atmosphere, and speedily made a host of new ones—especially among the fair sex. Football is his favorite sport, and we could safely add a long list to this one. Next year, unless he changes his present plans, he will attend Holy Cross. We wish "Puzzy" success in whatever he may undertake and hope that he may be able to take life elsewhere as easily as he has here at Durfee.

Latin Club, 3.

### Benjamin Prescott

"Colonel" "Benyormin"

Rest your weary eyes and gaze upon our noble statesman and soldier, "Colonel" Prescott. It will do you a world of good. Quietly, "Benyormin" slipped into Durfee, after leaving, with an honorable record, the John J. McDonough School and now he is quietly slipping out again. Four years have glided by, but during that time his good nature has gained for him a stack of friends. We admit that "Benyormin" beats the rest of us all when it comes to cleverness. The "Colonel's" hobby is translating Latin and sometimes he even finds time to think of baseball, which he takes great delight in. "Ben" is a diligent worker and accomplishes anything that he undertakes. We are sure that "Benyormin" will meet with excellent results at Harvard and we wish him the best of luck.

Forum, 4. Dramatic Club, 4. Latin Club, 3.

### Mary Prescott "Mae" "Mitcha"

It was a dark and dreary morn—when "Mitcha" thundered into our midst. It is still a mystery why the John J. McDonough gave us this fun-loving lass. "Mae" is a girl who enjoys having a good time and yet can be serious at the right time. In the Commercial group, Mary is the star. She is the most efficient and dependable girl imaginable. "Mae's" personality, somehow, gets her many friends. Mary enjoys all outside sports and is extremely fond of dancing. Although she has not yet decided what she will do after graduation, knowing her ability and perseverance, we have no fears as to "Mae's" future. Commercial Club, 4.

### Ebelyn R. Radobsky

"Evvy"

Who is there that has not heard of "Evvy"? For, shortly after this fair maiden was sent to us by the N. B. Borden School, her pleasing personality placed her as one of the popular girls in High School. "Evvy's" first appearance before the pupils' eyes was when she was elected Secretary of both the Class and the Dramatic Club in her Junior year. And before passing from Dramatics, let us not forget that "Sweet Lola Pratt", who so easily captured "Willie's" heart. Ask "Willie"!

She claims reading as her favorite sport, and it bears out the fact that she was elected as the most studious in the Class. As a Senior, she was an Assistant Editor of both the "Hilltop" and the "Record Book", and she helped greatly in making both the great success that they were. When she enters Wellesley in the fall, "Evvy" is sure to place herself in the "Hall of Fame".

Associate Editor Hilltop, 4.

Associate Editor Record Book, 4.

Associate Editor Hilltop, 4. Associate Editor Record Book, 4. Secretary Dramatic Club, 3, 4. Secretary Class, 3. Latin Club, 3. Forum, 4.

#### Elinor G. Reardon "Shorty" "Curly"

Allow me to present to you one of our little friends from the Stevens' Grammar School. "Shorty" likes all sports in general, but she declares that skating claims most of her time, and we are willing to wager that she will carry away all the honors in this art. And let us not forget the "Class Midget" is an honor pupil in her studies. "Curly" leaves us with the intention of going to Bridgewater Normal School and there become proficient in the art of school-teaching. Latin Club, 3.

#### Elroy D. Reardon "Dave"

Here is the capable "Dave". He is a sample "of the goods" (and it is good!) we got from the Frank S. Stevens' School. While at Durfee he has made a very good record. All outdoor sports appeal to him, but skating, swimming and rugby are his favorites. "Dave" has a host of friends and is known throughout the entire school. Next year "Dave" will pursue his studies at the Northeastern University and will no doubt become a practical business man.

What's the use? There are better biographers than we, Elroy. Well, good luck to you, "Dave", and may you have a successful career before you.

## Joseph A. Reddy

"Joe" is another good product of St. Patrick's School. On the surface "Joe" is one of the quietest boys we know; however, we often wonder what he's really like. Sometimes these quiet ones- "Joe" can sit perfectly still, not ever uttering a word, but with such a knowing look on his face that-well, we only wish we could do it and get by with it, but then some people are geniuses anyway. "Joe" claims that out of all sports, football is his hobby (and as proof of this statement he may be seen at all the home games). Next year "Joe" goes to Georgetown University. We hope "Joe's" career there may be as successful as his years here. It will be if the sincere wishes of his friends come true.

#### George Al. Reilly

George graduated from the Lincoln Grammar School in 1920, and found his way to Durfee, where he has spent the last four years. One of his favorite

pastimes is dancing, and when we say dancing we mean it, for George certainly can "step".

George is an all round good scout, being just as popular with the fellows as he is with the girls. Do not attribute this to good looks, but to his personality. The social life of the school does not occupy all of George's time, for he also is a good student. Next year he intends to enter Notre Dame, where he will keep up the same good record as he has at Durfee. Whatever George undertakes we feel sure that it will be a success, and he has the best wishes of all his class in anything he decides to do.

# Irene E. Reilly "Rene" "I" "Irish"

"Rene", a graduate of the Henry Lord School, is one of the best liked girls in Durfee. When "I" entered High School we were introduced to a quiet, rather shy girl, but later we learned that she enjoyed a real joke and was fond of creating a wave of merriment herself. After "Rene" receives her diploma she intends to enter the Palmer Method School of writing in New York. The best of luck to you, "Rene".

#### James K. Riley "Ken"

Readers, pause! To the right we see James Kenneth Riley, or better known as "Ken". After graduating from the N. B. Borden School, "Ken" then decided to come to Durfee, where he has been four years. "Ken" is an active member of the class and is liked by all who know him. He claims basket ball as his favorite sport, and we can say for "Ken" that he is a good sport. "Ken" augurs that he will make Georgetown his alma mater next year. We all wish him luck and success in his new field of studies next year.

### Alice L. Righy "Rugby"

After completing her studies at the William J. Wiley Grammar School, Alice turned her footsteps toward Durfee, and has favored us with her presence for four years. "Rugby" claims skiing and hockey as her favorite sports. She is a member of the hockey team, and is always in the foreground helping her team to win. Alice leaves us in doubt as to what institution of learning she will attend after graduating, but the best wishes of the class accompany her in the work she will undertake in the future.

Hockey Club, 4.

### William J. Robinson "Billie"

Class Behold! Behold the honorable William James Robinson. He is one of the best known members in the school and has been often called "Most Latest", because three mornings out of five he may be seen between 8:15 and 8:30 A. M. debating with Miss Butler for a tardy slip. He is a good fellow and is also an excellent dancer. He is fond of all sports, especially basket ball. Next year he will attend Northeastern University and will some day become an engineer. He has already a plan for a tunnel between Tech and Durfee, which would be quite appreciative. However, "Bill", we hope that you will be as firm an engineer as you are a debator.

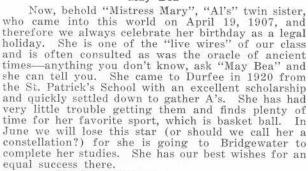

### Alice E. Rockwell

We are indebted to the St. Patrick's School for sending us "Al", one of the most cheerful members of our class. During her four years' stay in Durfee, we have always found in her a true friend, with a genial disposition and a pleasant smile for everyone. Although "Al" avoids talking about herself we've managed to learn a few things about her. She likes basket ball and indulges in many out-door sports, but when it comes to candy-eating, "Al" is in a class of her own. Acting is another one of her hobbies, which she has displayed at the Dramatic Club, and is very praiseworthy. She plays the piano well, and is a wonderful dancer. We will surely regret the loss of "Al", whose certification for Bridgewater is secure without doubt.

Dramatic Club, 3, 4.

Pin Committee, 4. Dramatic Club, 3,4. Latin Club, 3.

## John J. Ronan "Jack"

After proving at the Davis Grammar School that he was boss-joker and champion wise-cracker, "Jack" entered the portals of Durfee in pursuit of further knowledge. He is well known by his classmates, teachers, and office force, as he often gets one-way tickets to journey in that direction. "Jack" is interested in athletics; soccer and baseball are his favorite sports. "Jack" is a very promising pupil, and next year the General Electric will swing open its doors to "Jack". We sincerely wish him the success which we feel confident he will soon attain.

### Kenneth III. Root

"Ken" left a group of friends behind him at the Fowler School, but soon made new ones at Durfee, with whom he has gained a fine reputation. As we would expect, he has chosen hunting for his hobby, but the question that arises in our minds is, "Hunting What?" He is also fond of hiking and bicycle riding, and his friends all admit that he is a "good sport" In addition to all these sports he plays tennis, and we just know that he plays to perfection. Next year "Ken" will journey to Tufts Electrical School, Somerville, where the best wishes of his Durfee Classmates will follow him.

### David S. Rubin

#### "Dave"

"Mr. Chairman, a motion to adjourn precedes all other motions!" This from a boy politician of Durfee. After graduating from the Davis School, "Dave" joined the recruits of the college course, and has been with them for four enjoyable years. He has been an active worker in all school affairs. Especially, has he done a great deal in the Forum. Is there anyone who doesn't know him? Not a single voice breaks the silence and no wonder, for "Dave" is as popular as they make 'em.

as they make 'em.

"Dave's" chief sport is football. He also enjoys basket ball and baseball and is a true supporter of all Durfee athletics. Always behind the teams at all the games, never knocking, pushing every school activity, "Dave" surely is there. "Dave's" intense ambition is to become a worthy politician. (Oh, how could you, David?) Adieu, David S., may you find the outside world as grateful to you as Durfee has been.

Forum, 2, 3, 4. Dramatic Club, 3, 4. Debating Team, 3, 4. Spanish Club, 3.

### Irene S. Ryan

Irene, one of our quietest and most amiable girls, came to us from the William S. Greene Grammar School. "I" has won a great number of friends by her agreeable nature and her pleasant smile. During her four years at Durfee, she has made in her studies a record worthy of mentioning. But, besides liking to study, Irene also likes to swim, a feat which she has well accomplished. Although she is quiet, she is fond of good times and is a lover of all out-door sports. She is a member of the Dramatic Club, and also of the S. A. A. Next year Irene intends to enter Bridgewater, where we wish her the greatest success.

Dramatic Club, 4.

#### Mary Jl. Ryan "Mae"

Although "Mae" appears to be a very quiet girl, she is decidedly different, but looks are deceiving sometimes, you know. She is full of fun and always ready for a good time. Dancing is "Mae's" hobby just now and she is right there with all the latest steps. She likes movies rather well, but whenever she is in want of something to do, a book will usually come to the rescue, for she loves to read, particularly Poe. "Mae" came from St. Patrick's School with a very good scholarship. She took the commercial course and did equally as well here, at Durfee. "Mae" has not yet made any definite plans for next year, but we offer her our heartiest wishes for success.

Commercial Club, 4.

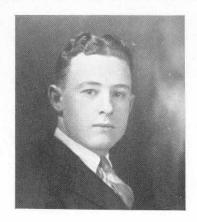

# Anna Sacknoff

On her way from the Davis Grammar School to Boston University, "Curly" stopped at Durfee and has spent four years here. Undoubtedly she has enjoyed being here as well as we have enjoyed having her. She chose the Commercial Course and we are sure she will succeed in her pursuit of further knowledge along that line as she has here. "Curly" claims swimming as her hobby, and if you saw her at it you would not doubt her word. She is also a baseball fan. Her sunny disposition has won her a host of friends who all send their best wishes along with "Curly" on the high-road of time.

### Leonard Sampson "Jimmy"

It beats us how the Highland Grammar School has the generosity to send us so many all-round good sports and students; it certainly outdid itself in giving up to us our popular, good-natured, and altogether lovable "Jimmy". Witty, full of fun, popular, easy-going, and ambitious; condense all these adjectives into one word—et voila! you have "Jimmy". Leonard is there whether it's a dance or a football game; he has a decided liking for both. We wish you'd make up your mind, "Jimmy", as to where you are going next year. We hate to lose sight of you.

# Millicent R. Sampson "Milly"

Pause awhile, good reader, and observe this notable graduate of the Westall School. Since we first came to know "Milly" we have always remembered her as a very good-natured girl, always looking for the silver lining of dark clouds. She gives baseball as her favorite sport, but we think she means spectating, as she is one of the peppiest fans of our class. She knows all the cheers and has a fine pair of lungs which she puts to good advantage. "Milly" will leave us in June to become enrolled as a student at Framingham, where she will spend the next few years completing her education. We send her our sincerest wishes for success in her work.

# Mendall B. Sanford

Wendall is quiet, but friendly and sociable. He has a sincere way about him and we like to listen to anything he has to say. After eight years at the Westall Grammar School, "Win" came to Durfee with what purpose in mind we know not. "Win" hasn't decided himself what he will do after leaving. In baseball, his favorite sport, Wendall certainly shows some pep. He is a member of the Durfee Electrical Club and his quiet but sociable personality has endeared him to many friends in that club. We hope, "Win", that you will get interested in some life work and make a real success of it.

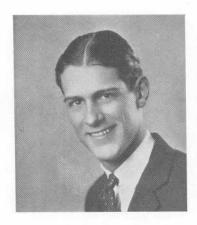

### Elinor Saywood "Red Head"

"Red Head" is quiet when we see her, but just the same we would like to know what causes the twinkle deep down in her eyes and at what time she allows that twinkle to dominate her. We certainly are sure there are times when she isn't so quiet. We'll bet anything she is loads of fun when she's in a merry mood. There's one thing that makes Elinor the object of our true admiration. She can actually find her way over any part of the "Empire" without tripping or falling. That's not all! We mean when the lights are out! Those of us who have vainly tried to nonchantly march down a short aisle with the bright lights burning will surely admire her ability. Elinor came from the Lincoln Grammar School, but hasn't yet decided what she will do when she leaves Durfee.

# Harold B. Schlegel "Hayshaker"

On the first day of school in September, 1920, a tall, rugged, good looking young man walked into Room 50 in Tech. Everybody seeing such a handsome young man inquired of their neighbor who this "Valentino" was, but no one seemed to know him, because he had come all the way from the Cornfields of Tiverton Four Corners to get an education at Durfee. But who doesn't know him now? Since coming to Durfee he has been named "hayshaker". He elected the Commercial Course, finished it with very high marks, and now leaves Durfee for the Bently School of Accountancy and Finance, with the record of being one of our best accountants.

### John H. Sedgwick "Duke"

We're very proud of the fact that this tall, handsome fellow came all the way from the D. M. Hunt Connecticut School to Durfee. We'd like to see more of you, "Duke", but because a certain girl, well, anyway, we'll try not to appear jealous, even if we seldom do see much of you. "Duke" is witty and a good scholar, and as for basket ball, well, there aren't many who care to risk their reputation by playing against him. "Duke" also enjoys experimenting with electricity, and if in the next few years we don't hear of a new electrical invention at the General Electric School, we'll be inclined to believe that he has changed his mind and didn't go there after all.

### Jeter Shahdon "Pete"

Ask not, patient reader, the cause of all this racket. 'Tis but a crowd uttering cries of amusement at some new stunt of "Pete's". Ask "Pete" if you want to hear a few jokes; he knows them all. "Pete" brought his fine disposition from the Henry Lord Grammar School. His hobby is swimming, but we wonder what it is in winter, as we don't think a winter dip is very comfortable. He has not disclosed to us what he intends to do in the future, but whatever he does, we know he will make Durfee proud of him.

#### Edward T. Shannon "Ted"

In September ,1920, "Ted" came to us from the Susan Wixon School, determined to endure the worst in a matter-of-fact way. He has never swerved from that idea. However, think ye not that Terrence is a gloom dispenser. Quite the contrary. His sunny smile and good nature have gained him a wide circle of friends, who will wish him the best of luck when he leaves B. M. C. Durfee to continue his training in Northeastern University.

## James M. Shaw

"Jimmie" graduated from the Samuel Watson School in June, 1920; in September he entered Durfee to further his education. He took the College Course, and after four years of hard study, he successfuly finished it. He claims that football is his hobby, and he can be seen at most every home game. During "Jimmie's" four happy years he made a goodly number of friends and has acquired the good will of all his teachers. Next fall he intends to enter Worcester Tech, where we wish him the best of luck.

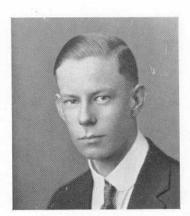

### Mary A. C. Shaw

Here's a girl quite different from the rest. In the fall of 1920, "Dusty" came to us from the Sacred Heart School and enrolled in the Normal Course, "Dusty" is always ready with her cheerful sayings when those "cruel" teachers give a hard assignment. "Dusty" claims walking to be one of her amusements, but we would advise a little more speed in order that she may get to school on time. N'est-ce pas? She has, always taken an active part in school life belonging to the Dramatic Club and other social organizations. Again we have still another would-be school teacher for next year. "Dusty" intends to go to Hyannis Normal. Best wishes, "Dusty".

Dramatic Club, 4.

#### John F. Shen

In September, 1920, John walked into our midst. Now, in 1924, he's going to walk out again. Baseball has been his chief sport, and he is some player. He is a true Greek from Greekville, and as a translator of this dying language, he is a master (at times). He goes about his business quietly and steadfastly and if you do not own him as a friend, then you're to blame. Holy Cross will begin its deadly work on him next year, and the outcome is at stake. In all probability John will practise what he preaches and another energetic clergyman will enter this world. Oh! and we forgot, John is a representative of the Sacred Heart School and certainly has been a credit to his school. Go to it, John, and carry the Red and Black on and on!

Greek Club, 4.

#### Mary A. Shea "Angie"

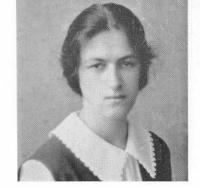

Does she need an introduction? Of course not! We will tell you that she is a product of the Davenport School. We don't need to tell you how popular she is, nor how many friends her sunny disposition has won for her. She has entered into the dramatic work with a great deal of zeal and enthusiasm. How about "keening in cold blood", "Angie"? She is very fond of dancing and swimming and is equally accomplished in both. Next year we will find "Angie" at Bridgewater, where she will learn to become a sedate (?) school Ma'am (will you be one of those "moralizing" kind?).

Dramatic Club, 4.

### Mary E. C. Shea

The Borden School sent us Mary, a quiet, studious girl. During her four years at Durfee, Mary has made many friends because of her disposition, which we find to be so friendly and pleasing. Mary is a lover of all sports, but she considers reading and walking to be her favorites. Mary was a member of the Latin Club, Latin being one of her most excellent studies. Next year Mary intends to enter Bridgewater, where we wish her as much success as she has had at Durfee.

Latin Club, 3.

#### Mona M. Shea

When the Saint Mary's graduates came to Durfee in the fall of 1920, Mona Shea was among the number. Lucky day for Durfee when Mona breezed in, for she has a way about her that just makes you like her. From the very first day when Mona was a lively "freshman", her popularity began, and has been increasing ever since

increasing ever since.

Mona is a "real sport". She goes to all the football games, and especially did she cheer Durfee's basket ball team to success. Mona, like most other girls, just loves to dance, especially with "certain people". She is sure at all the Record Book dances and drills, and everybody likes to dance with her, because she is a congenial partner and also a very good dancer.

Next year Mona will join a great number of her classmates at Bridgewater, where she will uphold Durfee's reputation as a maker of good scholars. In a few more years, when she is teaching, we know "some people" who will wish they were kids again, to be taught by Mona.

Record Book Staff, 4.

Sh-h! "Ciel's" studying and doesn't wish to be disturbed. If you saw her in the study-hall, you certainly would say this was true, because when "Ciel" starts to do anything, she means to finish it, and this does not only apply to studying, but to everything, including heartbreaking. (For verification, see Mademoiselle, 7th period). Outside of all this, "Ciel" is a very apt pupil and beloved by all her teachers because she always knows her lessons. She is a regular attendant at all the school activities, and when at a drill, her card is full before she takes her hat and coat off. Next year she intends to go to Fitchburg and we are sure she will succeed, because outside of her jovial disposition, she has all the appearances of a "school marm" when she wants to look that way.

Ah! Stop, Look! Here she is. One day in the early part of September, the doors of Durfee opened and Elsie was whirled into our midst. That is, however, after getting all the knowledge possible from the Highland School. As an all-round good sport, she simply cannot be beaten. Elsie has a capacity for being "in everything", as her list of activities shows. She says that her favorite sport is cheering. Elsie has many other good qualities, one of which is beauty, for she is one of the prettiest girls in our class. Elsie is also a brilliant student, and never fears when average card day comes. Elsie's ambition is first to go to Brown University and then become a High School Teacher.

Record Book Staff, 4.
Sec.-Treas. Dramatic Club, 4.

Forum, 4.
Hockey Club, 4.
Latin Club, 3.
Home Room Director, 3.

### George Shoob

Now we come to one of the most genial members of our class. Good-natured, jovial, etc., he is admired and liked by everyone. George came to us from the Highland School, and brought with him an amazing amount of cheerfulness and energy that is refreshing

to say the least.

"Shooby" claims his chief amusement to be dancing, and oh, my, how he can glide around the hall! If you have danced with him, you know what a graceful dancer he is. George will journey on to Williams and may you attain as high standing out there as you have done at Durfee, "Georgie".

Advertising Mgr. Record Book, 4. Advertising Mgr. Hilltop, 4. Home Room Director, 3, 4. Orchestra, 4. Forum, 3, 4. Latin Club, 3.

### Israel Sinderoff

"Sindy" came to us way back in 1920 from the Davis Grammar School. His clever wit won him great popularity among his classmates and teachers. "Sindy" is very interested in School Activities. In his freshman year he joined the French Club and was made Vice-President. Later he joined the Spanish and Chemistry Clubs and became an active member of both. This year he was Sporting Editor for the Hilltop. He usually wrote "From the Side Lines", and these articles have proved him to be a very important addition to the Staff. Like most boys, "Sindy" is a lover of sports, especially baseball and football. Next year he will go to Boston University as a worthy representative of Durfee.

### Gabriel A. Sisca

"G. A. S."

Gabriel is a graduate of the Davis Grammar School. He is an ardent supporter of all red and black affairs, and if you don't know "gas", then we're ashamed of you. He is a cadet of great fame and bears himself just like a West Point Cadet, but not quite. He is popular and good natured with all the boys. Gabriel claims that he loves canoeing and horse-back riding and no wonder; he won first prize in the Olympia contests in canoeing and he won a copper loving-cup on the merry-ground in Sandy Beach. Yes, Gabriel, you must not forget that a Durfeeite is a Durfee man, of Durfee and for Durfee forever.

Cadets, 1, 2. Latin Club, 3.

### Louis Slattery "Slats"

How many of our teachers have not had a social hour after two o'clock with this "live wire"? Not that one didn't enjoy it in the least—oh, no! "Slats" spends all of his time in school thinking of new excuses to evade recitations. Perhaps they work—sometimes, but there is at least one teacher in Durfee who has the reputation of being "wise to him". Ever hear of American History?

"Slats" just seems to drift along in the tide with the rest of us, but he excels in playing hockey and football. Another important thing in this hero's life is his "patent leather haircomb". (Perhaps he carries a comb and mirror around with him, which is securely hidden in an invide postst)

hidden in an inside pocket).

"Slats" hasn"t quite decided where he will continue his education next year, but he has the good wishes of every one of his schoolmates to carry with him through the future years.

### Ida R. Smith

"I" is a very promising young lady. Ever since she left the Davis Grammar School she has been endeavoring to make her mark in the world and we sincerely hope that her hard work will not be in vain. She is an exceptionally quiet young lady and she claims that reading and walking are her favorite amusements. Nevertheless, "Smithie" has found time to become interested in both the Dramatic Club and the Forum. "I" expects to go to college and surely any college would profit by her presence inasmuch as we are positive that she would cause no trouble to her professors if she acts at college like she acted here.

Dramatic Club, 3, 4. Forum, 4.

### Pictoria B. Smith

Victoria Birks Smith is quite different from most High School girls. We seldom see her at a high school dance, as a fox trot would not harmonize with "Torie's" dignity. We never hear her singing a popular tune because that kind of music would not appeal to a calm and placid girl like her. Does this girl indulge in any recreation at all? Oh, yes. Place her in a room filled with books and we find her perfectly at home, for reading is where "Torie" derives her pleasure. From this bit of information we naturally expect that Victoria will continue her studies in the literary field. Well, "Torie" expects to become a teacher and in order to prepare for this she will attend Bridgewater after completing her studies at Durfee.

## Milliam C. Smith

"Chet" came to us all the way from Woonsocket and we fail to see how Woonsocket ever released her claim on "Chet", who has such a wonderful disposition. But we are glad it did release it, because "Chet", in coming to Durfee, won high honors in many of our track meets. His favorite sport is football, but aside from this, "Chet" spends a good deal of time in preparing his lessons. If "Chet" makes the record at the University of Maine that he made at Durfee, we will sure be proud of him.

# Ahraham Smolensky "Ab" "Smoley"

Our eyes were immediately turned on "Ab"—long A if you please—with his first appearance at Durfee. With great reluctance, the S. H. Wixon School gave "Smoley" to us in 1920, that he might partake of the cheerfulness of this happy class. "Smoley" left a host of friends behind him, but nevertheless, soon gathered a number of new ones. He is a lover of sports—of course they change with the season—claiming baseball and basket ball to be his favorites. When we part with "Ab" he intends to make his way in the business world. You can succeed, "Smoley". Keep a steady pace and you will win.

### Myer N. Sobiloff

"Sobie"

At last we come to one Myer N. Sobiloff, alias "Sobie". He entered Durfee as a meek and modest freshman and now after gaining laurels in every field, he will leave us (tears of regret) to continue his

studies and activities at Harvard.

As a soldier he is there (having learned the art of drilling in the Cadet corps for a few years). As a musician he claims the very highest rung in the ladder of music. He can surely pull a wicked bow, and under his leadership, the orchestra at Durfee this year has become famous the world over (Fall River).

Keep up the fiddling, "Sobie", and in time the name
Sobiloff will rank—well? He has access to every
High School because of his vast experience as
exchange editor of the Hilltop.

We expect to hear great things of you, "Sobie"

Cadets, 1, 2. Latin Club, 3. Greek Club, 3; Secretary, 4. Hilltop, 4. Orchestra, 3; Concert Master, 4. Record Book, 4.

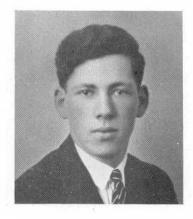

If "Nat" can soothe your troubles in any way, he can surely do it with music. He plays the violin, viola, and also takes lessons on the victrola. Oh, boy, how that man can play! Kreisler will surely turn green with jealousy, for "Nat" intends to go to a Conservatory, where he will further his studies in music. "Nat" hailed from the J. J. McDonough School. Pesides, "Nat" is an all around good fellow. He never fails to do some good turn and thus it is that he has made many friends. It is with great regret that Durfee bids him farewell, but she rejoices when she thinks of the great musical future that "Nat" has before him.

> Forum, 3, 4. Orchestra, 4. Hilltop, 4.

#### Alfred de Souza "Al"

"Not by ears, but by disposition is wisdom acquired". That's what "Al" believes. It's been his motto since he came to us four years ago from the Lincoln Grammar School. His favorite sport is baseball, although he is also a handball "shark". "Al" has completed his Tech Course, and he tells us he intends to continue his technical training in the Durfee Textile School. Every man to his trade, "A1"

### Thomas G. Spagnoli

"Spag"

Well, look who's here! Well, if it isn't "Spag" himself! He came to Durfee to obtain more knowledge about electricity. He settled down to hard study as a freshman, and continued it through the four years, and as a reward for this, graduates with a record in electricity.' Baseball and football are "Spag's" pastimes, and each and every one of us know he excels in the former. We all expect to hear big things about "Spag", because next year he is signed up with the General Electric.

Electrical Club, 3, 4.

#### Elinor Springer

Eleanor is a quiet member of the Commercial Course who came to us in September of 1920. She is of the studious disposition and has made a fine scholastic record during her four years here. Her hobby is reading and she indulges in this diversion by reading anything from a text book to a novel. We are sure that Elinor will be successful in whatever she undertakes and will have the good wishes of Durfee.

Commercial Club, 4.

### Margaret M. Springer

Here's one good sport! We hand it to "Peggy" for being the original gloom chaser. It is the Sacred Heart Academy which we must thank for sending us this wonderful pupil. The "happy-go-lucky" attitude she assumes is just an index to her character. "Peggy" is right on the spot when there is skating. Her regular attendance at Ruggles Park proves this. But "Peggy" does not forget her studying. She plans to enter Bridgewater Normal next year. Here's luck to you, "Peg", and don't forget the good old times "Old Durfee" gave you.

### Porothy Stafford "Dot"

"Dot" is one of the best liked girls at Durfee. She is an attractive talker and is irresistibly funny. Also she is a good dancer. At all the dances she attends, if you did not know, you would think it was a bargain sale, the way the boys crowd around her. As yet, "Dot" has not decided which school she will attend, but whichever one it is, it's certainly going to be in luck. We're sorry to lose you, "Dot".

# Andrew J. Sulliban "Sull" "Sully"

When "Sully" came to us four years ago from the Fowler School, one of his principal aims was to prove the truth of that old adage, "Good things come in small packages". He has succeeded. A good fellow, a good scholar; perhaps that's the best way to describe this cheerful member of our class. "Sully" says his favorite sport is football. He is taking a special course, and has decided to enter some school of engineering next fall. It is with pride that Durfee sends out into the world such cheerful fellows as "Sully"; they may be depended upon to maintain Durfee's high standing.

# Joseph E. Sulliban "Sully"

The Davis Grammar School prepared "Sully" for Durfee, where he has revealed his merry disposition and won many friends on account of his jovial nature. Unlike other Durfee students, "Sul" has a great interest in Soccer Football. We are positive of this, because he is a staunch supporter for Fall River, both at the home games and games played away from home. After leaving Durfee, "Sully" is undecided as to his career, but we hope some day to hear of his playing on the Fall River Football Team.

"Sully" "Frenchy"

"Sully's" just full of pep! That's the first and most important thing any of us can say when describing him. He's a fun loving fellow and always has a good joke to crack. He came to us in September, 1920, from St. Mary's Cathedral School, the state of the series and in June, 1924, he leaves us with the best of wishes for his future success at college from us. Durfee's going to miss him, for it just seems like "Frenchy" belongs to Durfee, where, for four years, he has put pep into every thing going. And maybe you don't think he's had a finger in every thing going! He has-that is to say-most every thing. You see, he had to take some time from baseball to go swimming, but he is always faithful in his duties and his best efforts have gone to make our record book a success. May he always make a success of all his undertakings.

Latin Club, 3. Forum, 3, 4. Dramatic Club, 3, 4. Advertising Manager Hilltop, 4. Assistant Business Mgr., Record Book, 4.

### Margaret M. Sulliban "Peggy" "Peg"

We are indeed thankful to the Davenport School for sending us "Peggy", with her sunny disposition and winning smile. Her many friends will agree that "Peg" will never miss the chance to have a good time if she can help it. "Peg" has decided that skating and dancing are her favorite pastimes. Margaret has a tendency toward music as is shown by the fact that she is a member of the Glee Club. Next fall "Peggy" will enter Bridgewater with many of her classmates. Glee Club, 4.

#### Margaret R. Sullivan "Peg"

Although it is only a year since "Peg" came to us from the Dominican Academy, we have had plenty of time to discover what a charming girl she is. "Peg" is one of the funniest girls in our class, and wherever a good time is to be had, you can always find "Peg". But despite the fact that she never passes up a good time, she has made an excellent record in the short time she has been with us. "Peg" says her favorite sports are swimming and canoeing. Perhaps that is where she learned the art of gliding through the year so successfully. Next year, "Peg" will resume her studies at Pembroke, where we wish her the greatest success.

# Raymond C. Sulliban "Ray" "Sully"

"Ray", after graduating from the St. Joseph's School, decided that Durfee was good enough for him. Baseball and basket ball are "Sully's" favorite sports. This can be proven by "Ray's" attendance at all of the North End League Games. "Sully", through his loving personality, has won for himself a vast number of friends. When Durfee releases her hold on "Sul", he entertains the hope of entering the General Electric School.

Electrical Club, 3, 4.

# Margaret C. Sweeney "Peg" "Peggy"

Here we present "Peg", whose pleasing smile and winsome ways have won her so many friends and admirers in Durfee. Popular, but not conspicous, reserved, yet sociable. She is very good-natured and a true friend, always ready to help a class-mate when in trouble. When it comes to dancing, "Peg" is equal to the best; no wonder she claims it her hobby. The St. Patrick's School prepared "Peggy" with the fundamentals of education, which has made her such an apt student. She joined us in 1920, which seems like only yesterday, and immediately set to work with the normal course, which she has completed most successfully. Next year, Bridgewater will benefit by our loss.

#### Louis Swerling "Luke"

Among the honorary graduates of the Susan H. Wixon Grammar School is "Luke". He came to Durfee with the rest of us, and since then has always been gaining in popularity. As sports "Luke" claims football and baseball as his favorites, being a player of no small ability himself. He is always to be seen watching the Durfee warriors in battle. "Luke" is always springing jokes and his supply is ever being relinquished. We wondered where he got them all, until we found that his favorite amusement was "vaudeville shows". As to where "Luke" will further his education, he has not yet decided, but in all probability it will be some commercial college.

### Adele Talbot

Wow! Rah! Bang! Don't be alarmed; it's nothing, only "Del" coming down the corridor amidst the din caused by her dismissal from that far famed office. "Del" is a lively girl and believes in having a good time. There is only one question we would like to ask. That is: Since when, "Del", have you acquired such an intense liking for the office? "Del" graduated from the Davenport Grammar School four years ago. She is a whiz at tennis, but she is a still better dancer. "Del" is a regular follower of the "light fantastic". Next year "Del" will prepare to be a kindergarten teacher, and the children who get her for a teacher will surely be lucky.

# Roland E. Talbot

After graduating from St. Anne's School, "Ro" spent two years at Assumption College, Worcester, and in his third year returned to Durfee. Everyone knows "Tal" for his friendly disposition and smile. He is also a skilled athlete, being interested in football, baseball, basket ball, and skating. He was a member of the Durfee basket ball five in his first year here, but transferred to another team in his senior year. Any afternoon one can see "Ro" toiling away at the Boys' Club. He intends to enter Holy Cross after graduating and he carries the best wishes of the class with him.

### Gertrude Al. G. Tanner "Gert" "Gerty" "Blondie"

Among the many freshmen who came to Durfee in the fall of 1920 was this graduate of the William S. Greene School. "Gert" is full of life and school spirit. As for sports, "Gerty" is quite fond of long walks and skating. She is an active and interested member of the "Smiling Pass" Hygiene Club. No wonder "Blondie" is enthusiastic over hygiene, for she wants to be a nurse and is preparing to enter the Mary Immaculate School of Nursing this coming fall. We are very sure that in this fair-haired maiden" will be found the makings of an excellent nurse.

### Arthur M. Tansey

Among the students that came to us from the William S. Greene '20 was "Art". Although small in stature, "Art" claims baseball as his sport, hoping some day he will lengthen out swinging the bat. "Art" is a very studious boy. When he entered he took the College Course and completes this course with honors. The "Class Midget" is also a prominent member of the Greek Club. After this year, all of "Art's" letters must be addressed to Catholic University.

Greek Club, 4. Forum, 3, 4.

# Funice M. Terry

Who is the niftiest and sweetest girl you can think of? Of course, it's Eunice, otherwise known as "Teddy". Eunice came to us from the Highland School and we never regretted her coming. Perhaps you might think she is quiet, but then you never noticed her merry twinkling eyes. Eunice declares that her favorite sport is horseback riding. As for this sport, why even Earl Sande, leading jockey in the world, cannot keep up with her.

Éunice is a good dancer, and this statement is certainly fulfilled when one sees this cheerful young lady at all the high school dances, where she is the center of attraction. Having thus described some of her leading qualities, we must add that she is an excellent scholar and never neglects her studies. But just gaze at her list of activities.

Record Book Staff, 4. Home Room Director, 4. Dramatic Club, 3, 4. Forum, 4. Latin Club, 3.

### Choice E. Terry

Choice came to us in 1920, a graduate of the Highland Grammar School. Choice is a happy-go-lucky sort of girl, always wearing that charming smile of hers. She claims her favorite hobbies to be reading and attending the movies, but she plays a very good game of tennis and is an excellent swimmer. She has shown her ability to write by joining the Hilltop journalism class. As yet, Choice is undecided as to what she will do next year, but whatever she undertakes, we wish her success.

#### Grace A. Thurston

Grace hails from the town of Swansea. Naturally, she graduated from the Frank S. Stevens' School. She is rather a quiet girl, but she enjoys a good time and is both sociable and good-natured. She is very fond of the "art" of dancing. We will also say she is somewhat of a "pain saver", if not a "life-saver". Explanation? Why, certainly. A cat tried to come to the Girls' Circus, but his calculations were not quite accurate enough, for the heavy outside door of Tech slammed on the poor thing. Grace? Why, she had the door open in a jiffy and the cat was free. Good work!! Grace is undecided as to what she will choose to do after graduation. Good luck, Grace.

Dramatic Club, 3, 4. Hygiene Club.

### Merbert AH. Tickle

Herbert Tickle, better known as "Cap", came to us from the Davis Grammar School. Hale, hearty, and full of fun, "Cap" has made a host of friends in his four years' sojourn at this illustrious seat of learning. "Cap's" favorite sports are swimming and soccer. He looks on the springboard with disdain when at Lannigan's and performs all the dives from the arms of the chair. The Lafayette Park is his stamping ground for soccer and from all reports, "Cap" shines at this sport. Although "Cap" aspires to be a doctor, he has not decided what medical school he will attend. We all wish him the best of luck.

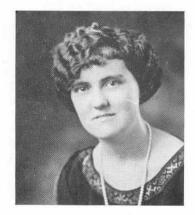

### Alax Tinkoff

If, perchance, you do not know Max, make his acquaintance at once, for he is one of Durfee's all around good fellows. He is not what you would call an "over worked" student. Whenever "Tink" is prepared to recite, he makes the fact known. The Borden School surely lost a lot when we won "Tink". Max claims baseball as his favorite sport and let me inform you that he surely can play. As yet "Tink" has not decided where he will further his education, but wherever he goes that institution will be fortunate.

## Doris Tripp

Four years ago "Dot" tripped into the venerable halls of Durfee. She has gone through her whole course in the same manner, gaily overcoming all obstacles. "Dot", who graduated from the Highland Grammar School, states that football is her favorite sport. Not to play it, you understand—oh, not by any means—but to watch our team win. Of course, it must be admitted that the games were much more interesting when a certain young man played on the team. (s'nough said). "Dot" likes to dance and is always present at all the drills. She was a member of the committee that so successfully ran the Record Book dances. Next year "Dot" plans to go to Framingham.

Home Room Director, 3, 4. Record Book Dance Committee.

#### Judith Tripp "Jude" "Judy" "Trippie"

Another brilliant scholar from the Westall School! They all speak well for the school, that's sure. "Jude" certainly knows what she's talking about, and by the A's on her report cards we know that the teachers all agree with us. Don't think that "Judy's" knowledge is confined to school work wholly, for she is one of the best tennis players we know. If you need a good player, just call "Trippie", for she is always ready. She is also very good in dramatics, and has taken part in several plays presented by the Dramatic Club. Next year "Judy's" name will be found in the books at Vassar. We know, "Jude", you will reflect glory upon dear old Durfee, as you have been faithfully doing from the day you first came here.

Dramatic Club, 3, 4.

# Jacob Tublin

"Jake's" idea of a good time is to take a trip to New York, come back and try to impress us with his knowledge of the wide world. "Jake" is interested in football, baseball, basket ball, and tennis, and is a very fine scholar besides. "Jake" is proud to say that he is not in the class with the boy who is ashamed to show his marks to his parents at the end of the quarter. When it comes to arguments, we place our money on "Jake", for that boy can certainly argue. After leaving high school, "Jake" intends to enter the meat-packing industry in Chicago, and we all wish him luck on the "trail of the meat".

### Arthur K. Turner

Well, just look who's here! The Westall School is responsible for this addition to the Class of 1924. We are glad that "Art" did decide to come to Durfee, because without him our class would be very "pepless". Although "Art" has no desire for any of the school sports, he has the great desire for ice hockey, and may be seen many a zero night gliding over the ice. As yet "Art" is undecided about the future, but whatever he does we're sure he will succeed.

# James J. Hanghan "Jim" "Vaughny"

"Vaughny" came to us from St. Mary's Cathedral School, a bright-faced, smiling youngster, full of pep and vim. Now, at the end of four years, he still has these qualities, altho he has graduated from a youngster to a young man. His favorite sports are football and baseball, football especially. If any one happens to pass thru the South Park during the football season, one can seen "Vaughny" kicking spirals or running down the field for forwards. He is rather light for Durfee's gridiron teams, but has made a name for himself on the Hornets' football team. He intends to continue his studies at Holy Cross and if some day we hear of him shining in athletic circles, we will not at all be surprised. "Vaughny" has also a good scholastic record, and we know he will keep up his good work at college.

### Barbara Vestal "Barb" "Barbie"

Prominent but not conspicuous; reserved but yet sociable; such is "Barbie". She is an honored member of the class of '24. "Barb" came to us from the Highland School in 1920, and since that time made a vast number of friends. "Barbie" is just the sort of girl to have around on gloomy days, to help cheer up things—and she sure can do it by her winning smile, if by nothing else. "Barbie's" favorite sport is swimming, and our advice to her is to get plenty of it, this summer, before she enters one of the leading business schools of the state this fall. She will surely succeed, for very few can compare with "Barbie" as a business marvel.

#### Denis J. Hiolette "Dinnie"

"Dinnie" graduated from the St. Matthews' School with high honors, and came to Durfee with the idea of graduating with higher ones. Outside of establishing high honors for himself, he also acquired a vast number of friends, and the good will of all his teachers. Unlike the other members of his class, his chief sport is Golf. We know this for a fact, because he may be seen any afternoon at the Fall River Golf Club. After graduating from Durfee, "Dinnie" will "push a pen" in the office of the American Printing Co.

### Alma E. Magner "Wag" "Waggie"

Now, meet Alma, known to her intimate friends as "Waggie". She hails from the Lincoln School, where she received her fundamental knowledge of the three R's. "Waggie" is one of the most enthusiastic football fans we have in Durfee. At every game she may be seen, just bubbling over with excitement, ready with all the cheers and yells. Sometimes we wonder if it is really the game that fascinates her so. Besides this, "Waggie" enjoys dancing, in which she is very skilled; but few can compete with her in curling hair. Alma, however, does not spend all her time in amusement, for she has ambitions like the rest of us. During these four years she has made a thorough preparation for Framingham, where she will continue her studies next year. The best wishes of her class go with her.

#### Herbert T. Malker "Babe"

"Babe" Walker, a fine sterling fellow and one of the best liked boys at Durfee, came to us from the Highland Grammar School. Football is "Babe's" favorite sport and he made the Durfee gridiron team in his senior year, though quite light. "Babe" is also a crack baseball and basket ball player. He stands high in his studies and has made a success of his career at Durfee. He will long be remembered by his classmates when he has left them to make a name for himself. He intends to pursue his studies at Dartmouth, and the best wishes of the class follow "Babe" as he graduates from Durfee.

### Alice B. Wallace

"Wally"

Behold! "Wally", one of our most popular and most dignified girls. After graduating from the Davenport School, Alice entered the portals of Durfee where she took up her burden of studies with a good will. No doubt this is why she has been so successful during her four years at Durfee. But studying isn't Alice's only hobby, for you can see her most any day in summer on a tennis court, indulging in her favorite sport. All outdoor sports attract Alice, especially swimming and skating. She is much interested in dramatics, and has delighted her friends many times with her acting. Besides being a member of the Dramatic Club, Alice also belonged to the Latin Club and the Hockey Club. Next year Bridgewater will be the happy possessor of this most delightful and fun-loving girl.

Dramatic Club, 3, 4. Hockey Club, 4. Latin Club, 3.

#### Olive Walmsley "Coosie"

Olive came to us four years ago, a graduate of the Susan H. Wixon School. Her pleasant ways have given us much cause to be grateful to this school, for throughout her four years at Durfee she has scattered sunshine in the path of all with whom she has come in contact. Dancing and motoring are among her favorite hobbies. Drawing is a gift of Olive's, and for that reason she was chosen art editor of the record book. After graduating, Olive will take up her studies at Bridgewater, where we are sure she will meet with great success. The best wishes of your class will follow you in all you undertake, Olive.

Art Editor Record Book.

# Frank Ward "Wardie"

Frank is one of the most popular boys in the snappy Commercial group. He came to Durfee from the Slade School, where he received the foundation which has made him such an apt pupil. Something to be remarked about Frank is that he doesn't give dancing as a hobby, like most of us do; but sports instead, and particularly baseball. One baseball game holds more attraction for him than all the dances in the city. Frank plays the piano very well, but only for his own amusement, and therefore does not care to have the fact broadcasted. Next year, he will continue his commercial studies at Bentley's School of Accounting and Finance. Good luck, "Wardie"!

### Ruth Maring . "Boots"

The Davis School has indeed sent us some of our most amiable classmates, among whom is "Boots". If ever a girl were more loving and more generous than "Boots", we would surely like to know her. Duing her four years at Durfee, she has won the hearts of many of her classmates, not to mention her teachers, also. If ever you want to have a good game of tennis, get "Boots" and you may be sure you will have to play some to beat her. Camping is another one of her favorite hobbies. "Boots' was a member of the Dramatic Club, the S. A. A., and was also a member of the art department of the Record Book Staff. Bridgewater will claim "Boots" next year, and we wish her as much success there as she has had here.

Dramatic Club, 3, 4. Art Editor Record Book.

### Elizabeth Meeden "Libby"

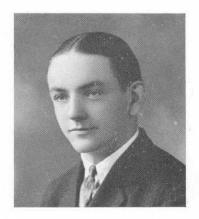

Hail to "Libby", one of the liveliest and peppiest members of the class of '24. She acquired her first inclinations of knowledge at the Highland School and set forth on that famous morning in September with the rest of the freshmen to begin her career in High School. She is very jolly and always ready to jest; in fact, she knows just as much about worries as the most of us know about the Enstein Theory. "Libby" is an excellent dancer and she certainly makes good use of this gift. Next year "Libby" is going to a Kindergarten School. We wish her the best of luck and all the patience she will need for her future work.

### John M. Welch

Halt! Who goes there? Why, it's only our "Jack" Welch, hailing all the way from the William S. Greene School to secure from Durfee her knowledge about college subjects. Not many remember his arrival, but a good number will remember his departure, for "Jack" is one of our jolliest members of the class. Football takes all of "Jack's" attention. This is a fact that can easily be proven, because "Jack's" voice may be heard above all others at the cheering squad at a football game. Providence College is "Jack's" destination, and we are positive of his success.

Greek Club, 3, 4. Forum, 3. Latin Club, 3.

#### Mary Melch

We had just heard that the number of blondes in the United States was decreasing, and we were feeling rather down hearted when along came Mary. Well, we cheered up right away and if you know Mary, you won't blame us. She came to us from St. Patrick's School with the record of an unusually good scholar and she managed without much exertion to keep this record up and at the same time keep in touch with happenings at Durfee.

Mary claims swimming as her favorite sport. We have never seen her swim, but we will venture to say that if she goes at it with the same zeal as she attacks everything else, she must rival Annette Kellerman. Next year Mary will go to Bridgewater to continue her studies. Durfee wishes you success, Mary, and will certainly miss you, for you are a darling!

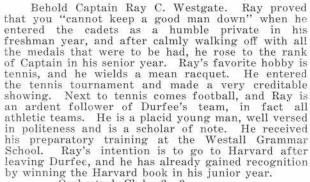

Record Book Staff. Dramatic Club, 4. Latin Club, 3.

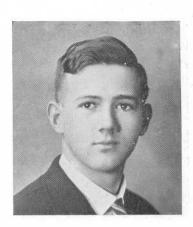

# Florence D. Westall "Flossie"

She is known to us as "Flossie" and needs no introduction, for she has gained the friendship of scores of Durfee pupils. She slipped quickly into Durfee and for four years has been honoring our class with her pretty and winsome smiles. She does look a bit dignfied but she really is a good all round sport. It is the Borden School which has the honor of having her name on its graduated list, but we don't know the place that shall have the pleasure of her presence after she leaves Durfee. When "Flossie" is in a merry mood you should hear her tickle the ivories; you'll feel as merry as she if you listen for long, for her music certainly has a charm for its hearers.

### Joseph T. Mhelan

"Joe" "Joshua"

The Sacred Heart School added another to its prominent list when it sent "Joshua" to Durfee. He immediately settled down to broaden his mind in Technical studies. For four years he studied Electricity, and few can compare with him as an

electrician.

The "Record Book" was fortunate in having "Joe" as one of its Assistant Editors-in-Chief. He has worked consistently, and the success of this book is due greatly to "Joshua's" help. He was also an Editor of the "Hilltop", and was instrumental in its success. As favorite sports, "Joe" chose baseball and skating, and if you ever go to Ruggles Park of a winter's night you will find "Joe" gliding o'er the ice, but not alone; that wouldn't be natural. Next year the General Electric School will receive this wonderful electrician.

Assistant Editor Record Book, 4. Hilltop, 4. Forum, 3, 4.

#### Jean Mheeler

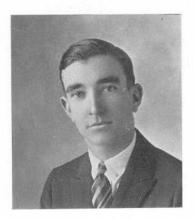

Look who's here; One of our most versatile young ladies. Jean enjoys any sort of outdoor sport, but specifies skiing and golf as her favorites. We predict great things of Jean as a golfer. Her mighty drives will win her fame all over the United States. After Jean had gleaned from the Westall Grammar School, all that was possible, she proceeded to make for herself a place among the best students of our class. Jean was an active member of the Girls' Hockey Club, which so successfully staged the "World's Greatest Circus"—for girls and by girls. She was elected President of the girl councillors on the Students' Activities Association—a position to be proud of. Next year will see Jean a member of the Freshman Class at Vassar.

Senior Forum, 4. Latin Club, 3. Dramatic Club, 3, 4. Hockey Club, 4. Hilltop Staff, 3, 4. S. A. A. Councillor, 4.

### Edward I. Mhyatt

"Irv"

"Irv" is another graduate of the Highland School, who came to Durfee to put a little "pep" into the study periods. "Irv" is one of the many of Miss O'Keefe's admirers. His best sports are camping and hiking, and "Irv" may be seen at any time or any place "hiking" along to his heart's content. "Irv" is at present undecided as to his next year's career, but whatever he enters, we wish him the best of luck.

#### Frederick C. Milbour, Ir. "Fred" "Will"

While attending the Westall School, "Will" made a name for himself which he has upheld since coming to Durfee. "Freddie" claims hunting as his favorite sport. (We have noticed a scarcity of birds in Tiverton). As a Freshman, "Will" entered the cadets and rose steadily until now he holds down the position of 2nd Lieutenant. "Freddie" is very popular, has a smile for everyone, and is never known to be "grouchy". When "Freddie" graduates from Durfee he intends to go to either the General Electric or the Westinghouse Company. Good luck to you, "Will". Cadets, 1, 2, 3, 4.

### Lorraine N. Wilcox

#### "Bug" "Sparky"

"Sparky" graduated from the N. B. Borden School and we only wish all our grammar schools

would send us such cheerful pupils as she is.
"Sparky's" favorite sport is basket ball. also a great swimmer, as anyone will testify who has seen her pulling fancy tricks down at the Club at Tiverton. Skate, did you say? Why, boy, she could make some of these professional skaters feel like a German mark. She sure can dance, too. She'd willingly walk in from Tiverton to attend a dance.

"Bug" expects to further her education at Rhode Island State College. We always knew you had a kind heart, "Sparky"; keep up the good work.

Dramatic Club, 3, 4. S. A. A., 4. Glee Club, 3, 4.

### John B. Williams, Jr.

"Jack" "Johnnie" Tramp, Tramp! Enter the Major. "Johnnie's" favorite hobby is to be a soldier. At this, he rose to great heights, a fine and true leader. But this is not all. He played football and basket ball and made both squads in his junior year, showing up very well. At football, he played quarterback, and although a sub, he was frequently called to the helm and handled the team well. At basket ball he played foward and with his fine passing and ability to shoot, he was early labeled as a valuable man to the squad. "Jack" entered the High School from the Westall Grammar School, where he was an all-round athlete. He was very prominent in his early years at the High School, and was always seen mixing in with the fellows. In his senior year he was elected to represent his Home Room. After completing his studies here, he will further pursue knowledge at Dartmouth. We are sure he'll make a leader as he has done at Durfee.

Football, 3, 4. 2nd Lieutenant Cadets, 3. Basket Ball, 3, 4. Major Cadets, 4 .

# Eberett R. Williams

The Wixon School always sends us some fine fellows and "Ev" is no exception to the rule. "Ev" claims that his favorite sport is basket ball, with baseball a close second. He proves this by his loyal attendance at the games. "Ev" is very popular among the Tech boys, in fact with everyone who knows him. At the time of this book going to press, "Ev" had not decided which college he would enter, but wherever it is we wish him success.

# Eberett S. Milliston "Bunny"

"Bunny" came to us from the Lincoln School in 1920 and since then he has made many friends. In his first year he was a member of the Freshman Orchestra and since then he has been prominent in the Durfee Orchestral Club, as bass violinist. "Bunny" is good-natured, and has a smile for everyone. His favorite sport is baseball, and he may be seen at all the games. After finishing his studies at Durfee, "Bunny" will go to Northeastern and thence to the Massachusetts Institute of Technology. We wish you luck, "Bunny".

Durfee Orchestral Club, 2, 3, 4.

# Samuel Minograd

"Sam" hails from the Susan H. Wixon Grammar School and was among its notables. This honor he has kept since coming to Durfee. "Sam", unlike many high school boys, choses for his sports soccer and boating. He is always at Mark's Stadium when the Fall River team is in action and is no mean player himself. In the summer he is usually to be seen on the river, in a boat, of course. "Sam" is very proficient as a musician, playing in the Durfee Orchestral Club since his sophomore year. He is very interested in music and he intends to go to the New York Conservatory of Music after finishing the prescribed course of study at Durfee.

Durfee Orchestral Club, 3,4.

# Ethel Molod

How can we help but be grateful to the Davis School for sending Ethel to us? All who know her will agree that she is one of the most delightful girls of our class. You can always depend upon Ethel to chase away your blues with her charming ways and her ready wit. No matter how much "Et" loves a good time, she never fails to be prepared in all her studies.

Among her favorite sports is basket ball, in which she excels as in many other sports. Those of us who will not accompany Ethel to Mt. Holyoke next year will be very sorry to part with her.

# Mildred Molstenholme

Coming from the Westport High, "Milly" entered Durfee in her senior year, and in that short time, we have discovered what a charming girl she is. Although always ready for a good time, "Milly" never neglects her studies, in which she has made a fine record. "Milly" says that her favorite sport is football, but she doesn't say whether she likes better to play it or watch it played. We take it that she means the latter, though.

Next year, "Milly" hopes to get a position in an office as somebody's "stenog". Lucky is the man who gets this industrious girl to do his office work, is our verdict.

# Virginia Mood

Now, we introduce Virginia, known to her friends as "Ginny", one of the most athletic girls we have in Durfee. She loves sports, both indoor and outdoor, but best of all, water sports. She is an excellent diver and as for swimming— we urge her to enter the Olympics. "Jin" is very interested in "School Activities"; she plays basket ball and is also one of the stars on the hockey team. She showed her real stuff in that exhibition game at the Alumni Field, where she played right fullback for the Black Team.

This clever girl is a graduate of the Westall School to which we are greatly indebted for her. Next year she will enter the Boston School of Physical Education, where her hobby will become her work.

# Catherine A. Mordell "Kath"

Stand by, boy! Make way for our Catherine! Catherine entered our noble place of learning on a September morn in 1920. Since her stay at Durfee, she has made many friends who will grieve as they see her pass out of the portals of Durfee. You may be sure to see "K" at every athletic game, "rooting" for Durfee. "K" also claims dancing as her hobby, which you would not doubt if you saw her "stepping it" at the Drills and Record Book Dances. Catherine hasn't decided what she will do whenever she leaves us, but she may be sure that whatever she does, she will be followed by the good wishes and recommendations of Durfee.

## Martha C. Mordell

Martha has failed to disclose her nickname. We are just "dying" to know what it is, but since it is a mystery we suggest "Sport" as being very appropriate. Martha professes herself "game at all sports". Evidently she believes in that good old saying, "variety is the spice of life". This being the case we indeed think that "Sport" is exactly the right name for her. Martha hails from Westport, but came to the city to get her education, for she graduated from the Highland Grammar School. After she leaves Durfee, "Sport" intends to honor Providence Summer School with her presence. Another girl added to the ranks of teachers! But we all know that the children who get Martha for school ma'am will surely be lucky.

# Edwin R. Young

On that memorable morning in September, this young man entered Durfee fresh from the Highland Grammar School. "Ray's" favorite sport is swimming, and during the summer months he is to be seen around one of the bathing resorts travelling speedily through the water. In the winter, "Ray" is an enthusiastic attendant at all the high school dances. Although he was a member of none of our school organizations, he is identified by all as a good sport and a valuable friend. The best wishes of the class are extended to him in the work which he will undertake at Northeastern University next year.

## Madeline F. Young

Enter—the Variety Girl. Who? Why, Miss Madeline Frances Young, who will play any sport any time and anywhere. Since Madeline has failed to announce her nickname (which she keeps concealed for some unknown reason) we believe that Variety Girl is the name suited to her. It was four years ago (so the calendar tells us) that Madeline became a "Freshie" after graduating from the Samuel Watson Grammar School. She liked the Freshie's stone, the emerald, but decided that soapstone of a sophomore was still better. Now that she has acquired the tombstone of a senior, she wishes it were the emerald again. Madeline has not yet made up her mind as to what she will do next year, but whatever it will be, we extend to her our heartiest wish of success!

## Adele L. Younis "Del"

We are indebted to the Samuel Watson Grammar School for this young lady. After she graduated, way back in nineteen twenty, "Del" decided to further her education and join us here in Durfee. We are glad "Del" did, for what would Durfee be without that famed collectress of Hilltop money and her business-like manner? "Del" is a devotee of outdoor sports. She particularly delights in walking and rain or shine, wind or snow, "Del" may be seen trudging along "the open highway", enjoying herself immensely. Next year Adele will go to Boston University. She has not yet decided what she will take up, but whatever it will be, we know she will succeed and she has our heartiest wishes for good luck.

## James F. Conroy "Jim" "Blubber"

"Jim" is another of our fine scholars, a product of the Westall School. He prefers the summer to any other season because then he can indulge, to his heart's content, in his favorite pastime of swimming. Why don't you go out for the U. S. Olympic team, "Jim"? We are quite certain you would make it!! "Jim" also likes football and polo, and many a blue-coat has chased "Blubber" because he was skating in the road.

"Jim" has not yet decided where he will go next year, but no matter where it is, he will always make Durfee proud of him.

Mildred F. Bliss

Beatrice Brown

PHOTOGRAPHS MISLAID SUBMITTED TO PRINTER AFTER COMPLETION OF BOOK

During that time he has taken advantage of all of the Technical Shops, especially that of Electricity. In the 1923 Track Meet in Fairhaven he won a letter for Durfee and established a department record that any school should be proud of. After leaving Durfee, Earle will enter the business world.

"Jake" "Jake" "Jack"

"Jake" came to us in 1920 from the Henry Lord Grammar School.

"Jake" is a good man at any sport, but in basket ball he surely is a whirlwind. "Jake" wants to be a sailor and he plans to go to a nautical school after leaving Durfee. In a few years we expect that "Jake" will be sailing the agure see with the marks and signs of an admiral on his can be sailing the azure sea with the marks and signs of an admiral on his cap. Good luck, "Jake"; we wish you success.

# Paul F. Hackett "Hac"

"Hac" made a wise move when he left the Westall School to come to Durfee, and he knows it, too. He is popular among his classmates and has Paul is an all-round athlete. "Hac" is a very active member among the cadets and won the position of Sergeant. He plans to enter the Nautical School next year.

Cadets, 1, 2, 3, 4.

## Joseph T. Hatton

"Joe" "Shortie"
Small! Small! Yes, but yet so big is our own Joseph T. Hatton. He is one of our class midgets, but he always sees to it that he is never left out of anything. He is a good baseball player, and if he were only a little bigger wouldn't he make the New Bedford Team suffer? He is a member of the Electrical Club and an expert electrician. Next year we will perhaps see this young gentleman at Northeastern University.

## Mildred E. Bliss

"Billy" "Mil"

"Billy" came to us from the Swansea Grammar School and brought her exceptionally sweet voice along with her. It was not long before Mr. Titcomb discovered this fact and signed her up with the Glee Club. She is also a member of the Dramatic Club. "Billy's" favorite sport is swimming. The New England Conservatory of Music will probably have "Billy"

enrolled next year.

Dramatic Club, 3, 4. Glee Club, 3, 4.

#### Beatrice Brown

"Betty" "B"

"B" came to Durfee from the Westall Grammar School and claims as her hobbies swimming and reading. "Betty" was elected one of the Senior Home Room Directors and she also belongs to some of the societies which hold sway at Durfee. Wheaton College will claim "Betty" in the fall and we know she will succeed as well there as she has during her stay here.

Home Room Director, 4.

## Earle III. Dennis

"Dusty"

"Dusty" came to us about four years ago from the Borden School. During that time he has taken advantage of all of the Technical Shops, especially that of Electricity. In the 1923 Track Meet in Fairhaven he won a letter for Durfee and established a department record that any school should be proud of. After leaving Durfee, Earle will enter the business

# John Dwyer

"Jake" "Jack"

"Jake" came to us in 1920 from the Henry Lord Grammar School. "Jake" is a good man at any sport, but in basket ball he surely is a whirlwind. "Jake" wants to be a sailor and he plans to go to a nautical school after leaving Durfee. In a few years we expect that "Jake" will be sailing the azure sea with the marks and signs of an admiral on his cap. Good luck, "Jake"; we wish you success.

# Paul F. Hackett

"Hac" made a wise move when he left the Westall School to come to Durfee, and he knows it, too. He is popular among his classmates and has a number of friends. Although not a member of any Durfee athletic team, Paul is an all-round athlete. "Hac" is a very active member among the cadets and won the position of Sergeant. He plans to enter the Nautical School next year.

Cadets, 1, 2, 3, 4.

## Joseph T. Hatton

"Joe" "Shortie"
Small! Yes, but yet so big is our own Joseph T. Hatton. He is one of our class midgets, but he always sees to it that he is never left out of anything. He is a good baseball player, and if he were only a little bigger wouldn't he make the New Bedford Team suffer? He is a member of the Electrical Club and an expert electrician. Next year we will perhaps see this young gentleman at Northeastern University.

# William Holland

#### "Bill"

Behold! His Royal Highness King Tut is here. He is a remarkable young fellow and has made a host of friends during his four years at Durfee. He is fond of all sports, especially baseball. He is a born second baseman and can cover the hot corner with major league style. Next year he will go to Andover and if you attend the Andover vs. Exeter game do not be surprised if you hear the boys from the cheering section yelling: "Ki! Ki! Ra! Ra! Who are we for? Holland! Holland! Ra! Ra! Ra!"

# Arthur H. Kudd

Ah, "Cap" Kydd! Hurrah for Cap'n Kydd! Yes, he's a descendant of the famous pirate, but he'd rather steal the ladies' hearts. No, "Cap"? Don't blush, we're not going to tell all about those Steep Brook walks and the accompaniments. Now don't be misled; "Cap" is no ladies' man—wholly. He's a regular fellow, likes to play football 'neverything. Our Arthur is one of the Davenport's rare gifts and "Cap" says that next year he's going to conquer Northeastern University with his wiles. Here's adventure to you, "Cap"!

# Richard Macomber

Richard came to Durfee from the Stevens School of that little town called Swansea, and claims hockey as his favorite sport. "Mac" loves outdoor life. In winter he may be seen skating or hiking along one of the neighboring roads with his dog and gun-oh, yes, he's a hunter and a real good one, too. During the summer months either baseball or motor-cycling amuses him in his spare time. "Mac" has made no definite plans for next year, but he has our best wishes for success.

### Louis E. Moore "Dinty"

"Dinty" arrived in the halls of Durfee in 1920, a miniature product of the Samuel Watson Grammar School. When not in school he could be found on the gridiron or cutting figures with a young girl friend on the ice. When the writer inquired about "Dinty", Miss Winward, his session room teacher, replied as follows: "Just a minute; I'll have to look him up in my book. He is so quiet that I seldom know when he is here."

This statement well covers "Dinty's" nature. He is undecided about his

plans when he leaves us, but we are sure he will succeed in anything he tries.

# Harris Ratner

Harris Ratner! How familiar that name sounds! A worthy scholar, a clever Hilltop reporter, and what not? "Horace" entered our midst via Central School, Middletown, Conn. He has made a host of friends and his friendly disposition overcomes any obstacle. He is an athlete in every sense of the word. Basket ball has a peculiar attraction for him and he can certainly shoot a basket.

"Horace" will proceed to Tufts in order to secure an "M. D". We are sure that success awaits you, "Horace", and wish you a happy future.

Forum, 3, 4. Dramatic Club, 3, 4. Hilltop, 4.

# ODGANZATIONS

#### **OFFICERS**

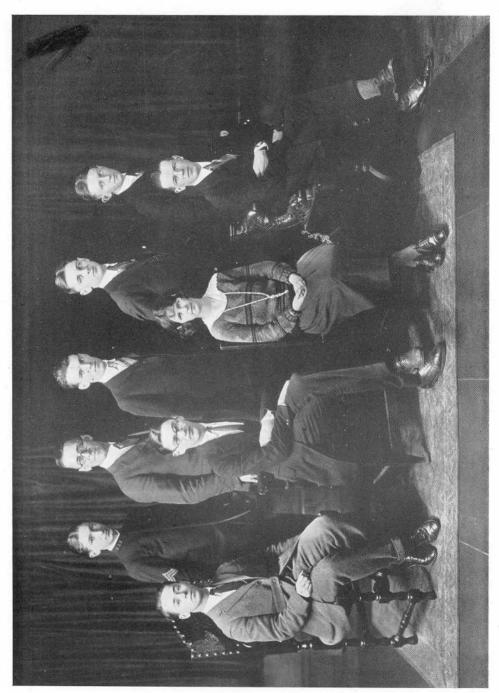

Major—John B. Williams, Jr.; Captain A—Ray C. Westgate; Captain B—Melvin Palmer; First Lieutenant A—Everett Dashoff; Adjutant—Henry Lawson; First Lieutenant B—Howard Hargraves; Second Lieutenant A—Frederick Wilbour; Second Lieutenant B—Gifford T. Cook; Sergeant Major—George Crapo; First Sergeant A—James E. Bannister; First Sergeant B—Earl B. Ellis; Color Sergeant A—William Lord; Color Sergeant B—Francis Connerton.

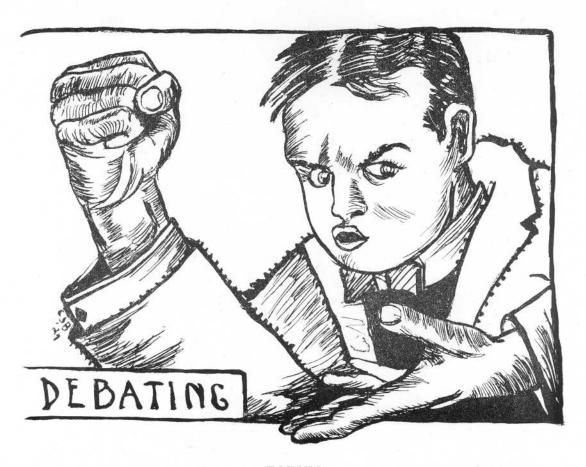

The Cadets were left without an instructor, when Lieut. Southworth resigned in 1923. During his brief stay he became admired and honored by everyone. We extend to him our thankful appreciation for his excellent services to the Cadet Corps.

Lieut. Allen, who is a member of the Durfee Faculty, is now the Cadet instructor and is carrying on the work very efficiently. He has outlined a complete plan of manoeuvres which shall cover a Junior R. O. T. C. course.

Two companies were formed at the beginning of the year, one composed of experienced Cadets, while the other consisted of Freshmen. After strenuous drilling by the Cadet officers, the Freshmen rapidly acquired a true military style and then two companies were made, each consisting of Freshmen and experienced drillers. This method gave to the Cadet Battalion two strong companies who began fighting hard for the Company Cup.

The Cadets got away to an early start, and held their Efficiency Drill quite early in the Music Hall. The drill was a huge success financially and was a decided credit to the Cadets. The winners of this drill were: First Prize—Sergeant Aaron Dashoff; Second Prize—Corporal Joseph Terry, and Third Prize—Corporal James Anthony. Since the Record Book must go to press before the last Cadet drill, we can only hope for as large a success as the first drill.

#### **FORUM**

#### OFFICERS

President, Milton Macy '24
Vice-President, Everett Dashoff '24
Secretary, Elsie Sherrington '24

#### EXECUTIVE COMMITTEE

John J. Galvin '24, Chairman Aaron Dashoff '24 William Phillips '24 James Brady '25 Thomas Brindley '25

Due to the other activities, the Senior Forum was late in starting, but once started, went ahead at a rapid pace. Debating in the senior English course aroused much interest in the subject, so that the members of the Forum came to the meetings to participate actively in the work of the organization.

Under the chairmanship of John J. Galvin the executive committee arranged a program for the entire year, each member of the club being assigned to debate at least once before the members. These debates brought out the abilities of the members, so that debating teams were formed for interscholastic meets.

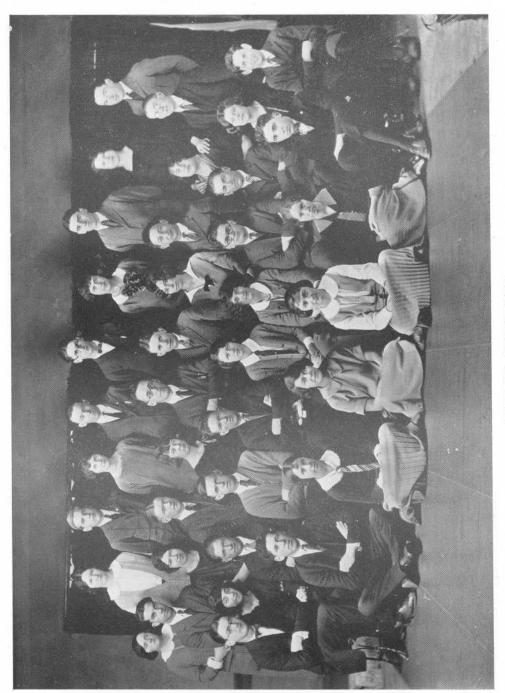

The Forum had a good foundation to work on, since the members of the Junior Debating Team of the preceding year were eligible to compete for places on the Senior Debating Team. The competition was close, since no members of the former senior debating teams remained to win a place. At the date of print, no regular teams had as yet been picked, but it was practically assured that the following would win places on the debating team: Varsity Teams (2): Everett Dashoff, John J. Galvin, Aaron Dashoff, David Rubin, John J. Harrington, Milton Macy, Ernest Fell, David Pokross, William Phillips, Robert Newbury, Christopher Fagan, and John Carvalho, all seniors.

This year Durfee had three main debates. On May 7, Durfee defeated New Bedford by an unanimous vote on the question: Resolved, That the soldiers' adjusted compensation act shall become a law-Durfee upheld the affirmative. On May 16, Durfee lost the Perry Cup when Meriden High of Connecticut defeated them by a vote of 2 to 1 on the above question. Durfee upheld the negative. On May 23, Durfee will debate St. John's Prep on the World Court.

With increasing interest being shown year by year, it is assured that the Forum will continue successfully for many seasons.

We will close the recording of the activities of the Senior Forum by giving a word of praise to Mr. Chatto, our faculty adviser, whose unselfish devotion to school activities has made him one of the best beloved teachers in Durfee.

HILLTOP DIVISION A

# The Hilltop

After three successful years, the Hilltop has made its first important change. Journalism classes have been formed under the supervision of Mr. Clarence I. Chatto. They have been divided into two groups, Division A and Division B. In place of the former monthly publication these classes publish a weekly paper that enables every student to keep in touch with the latest news. In addition to this weekly, there is a literary supplement which is published each quarter. Great credit is due Mr. Chatto for his untiring efforts in making the year one of huge success.

Division A

John J. Galvin '24, Head Aaron Dashoff '24 Alexander Belisle '25 Division B

Milton Macy '24, Head Harris Ratner '24 Louise Dean '24

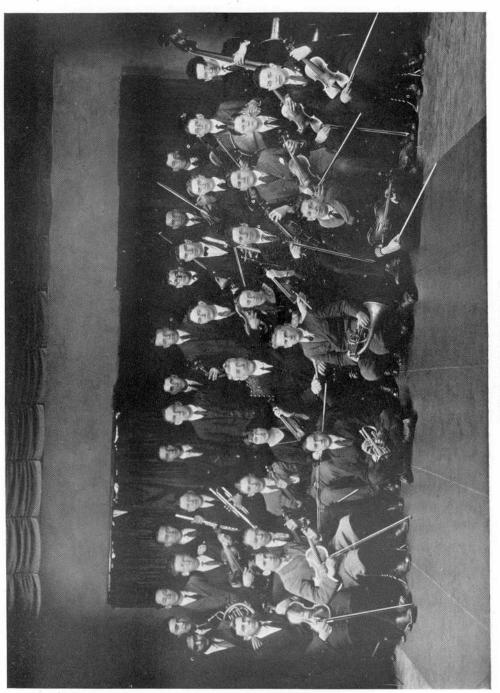

Perhaps the smallest club in school, the Greek Club, deserves great credit for keeping up the organization with so few members. The scarcity of members is not due to lack of interest, but to the small number of students taking Greek.

The purpose of the club is to give the students of Greek a background of Greek History, so that school work may be carried on more easily and with greater understanding. During the year, the club carried on very successfully, and the monotony of Greek history was relieved by occasional entertainments and parties.

Miss Anna G. McCarty, the faculty adviser, has taken great interest in the club started by Miss Given a few years ago. As long as she remains in school, Greek students of the future may be assured that she will give them her hearty co-operation in continuing the club. To her the Greek Club gives its heartiest thanks, and wishes her as great success with future "Greeks" as she has had with the present ones.

The officers of the club aided Miss McCarty greatly, and acknowedgement of their splendid work should be given to the following officers: President—John J. Harrington '24; Vice- President—Francis Geary '25; Secretary—Myer Sobiloff. Executive Committee: Everett Dashoff '24, John J. Galvin '24, Louis Horvitz '25.

# Orchestral Club

Perhaps some can recall the Orchestral Club of former years, years when its members barely constituted a handful. If the "some" had followed the course of its career to the present day, they would have received many pleasant surprises. The orchestra has become firmly established as an organization, has steadily increased in size, and has been recognized and appreciated more and more each year by the faculty and pupils. So it has progressed until, at the present day, it has nearly reached her zenith.

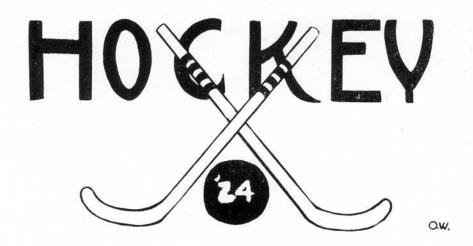

To its director, Mr. Titcomb, mere words can not impart the credit due. From its earliest years he has championed its cause. To him does the school owe its thanks for the strength of its orchestra. Since the entire orchestra was too large to play for assemblies, Mr. Titcomb divided it into three divisions, which were to play interchangeably at them. The first concert given by the entire orchestra was at the Women's Union in behalf of their bazaar. The day before Christmas vacation, the orchestra played carols in the Auditorium.

The director, realizing the very few openings offered the children of Fall River to hear and appreciate orchestral music, received the approval of the school board to have a series of two concerts given only for grammar school children and High School Freshmen. These concerts were held in the Durfee auditorium with great success. As a final achievement, the orchestra held a series of concerts for High Schools pupils. The money gained from all these recitals was used in buying new music and in establishing a fund for a new piano.

The talent for the year 1923-24 was as follows:

Violins: Myer Sobiloff, Earl Hover, Christine Crandall, George Shoob, Henry Helfenbein, Marjorie Brow, Gabriel Conroy, Joseph Torgow, Fredrick King, Everett Dashoff, Aaron Dashoff, John Leonard, Harold Sheahan, Roswell Hathaway, Abie Bedrick, Morris Isserlis. Violas: Horace Lynn, Nathan Sokoletsky, Israel Cohen. Cello: Henry Hillman. Bass: Everett Williston, Charles Hill-Flute: Winograd. Clarinet: Henry DesRoches. Horn: James Kane, Franklin Walsh. Cornet: James Healy, Milton Epstein. Trombone: Wendell Sherman. Drums and Bells: Culver Towle. Tympani: Nelson. Pianists: Edwin Biltcliffe, Herbert Kahn. Organist: Edna Crook.

GIRLS' HOCKEY CLUB

#### GIRLS' HOCKEY CLUB

One of the most noticeable advances made this year is the Girls' Hockey Club. Much credit is due our physical instructor, Miss Mary Sullivan. It was her idea to get the girls interested in athletics. They turned out gladly as has been proved by the success of the Club.

The girls of the four classes played on Ruggles Park and the Alumni Field. They became expert players and gave an excellent exhibition game.

No one will ever forget the circus the girls gave. It was the most ingenius and interesting affair possible and many were the talents shown which we never knew existed in our midst.

The Club also gave a dance for the benefit of the Girls' Athletics. Therefore, the proceeds obtained from the Circus and Dance will enable the Club to do even more next year than it has done this past year.

S. A. A. OFFICERS

# The Students' Activities Association

President, Ray C. Westgate '24; Vice-President, Arnold Rasmusson '25; Secretary, Catherine Coughlin '26. Councilors: Jean Wheeler '24, Aaron Dashoff, '24, James Brady '25, Grace Chaplow '25, James Collins '26.

In the fall of 1923 the above officers were elected from the Senior, Junior, and Sophomore classes for an organization which was to be called the Student' Activities Association or in shorter terms, the S. A. A. The purposes of this organization are as follows:

- a. To bring student activities under the control of a central organization.
  - b. To work for the development of a healthy school spirit.
- c. To co-operate with the administration in the maintenance of school discipline.
- d. To provide means for securing the proper financial support of the school athletics.

One of the big things that this organization has undertaken is the patroling of the corridors by a large traffic squad. This squad was chosen from the best material in school, in order to solve the problem of passing between buildings. Although a four minute period was given for passing, because of congestion at the stairways, many pupils were late. The new system that has been established sends the pupils who change classes in Durfee, up the South stairway, while the North takes care of all inter-change traffic. With the efficient traffic "cops" to enforce this new plan, all congestion was stopped and there is no longer any excuse for tardiness to classes because of the "jam".

The organization has formed a plan whereby the dance program for the coming year is made out so that every club will have a chance to get a free night. Another thing that this body has cleared up is the matter of insignia. It was decided that only those participating in interscholastic contests were entitled to a letter. All other clubs and organizations can have any insignia they like as long as they don't use a "D".

#### BOARD OF DIRECTORS

Louise Deane '24	Helen Kelly '2	5
John J. Harrington '24	Henry Adams '2	5

The Durfee Dramatic Club was re-organized this year and has continued the excellent work done last year. Mr. James L. Cummings, who was last year's efficient club director, and Mr. Arthur F. Winslow, teacher of Drama, consented to act as faculty advisors. The Club owes much of its success to these two men.

The purpose of the club is to promote the study of the drama in all its forms, to encourage the writing of plays and the designing and executing of stage settings and scenery and especially to foster the presentation of good plays.

Membership to the club is limited to the members of the senior and junior classes with a recommendable mark in their freshman and sophomore English work or at the discretion of the board of directors.

Meetings were held every two weeks in the Technical auditorium at which enjoyable plays were given. The plays were mainly one act plays; some were given in costume while others were not. However, in any case they had to be learned, which made them much more interesting than if just read. Several of these plays were repeated for the lower classmen with much enjoyment on both sides, the actors and listeners.

On May ninth and tenth a public production was given. The proceeds of this presentation were used to maintain the Willard H. Poole Scholarship which was started last year and amounts to two hundred and fifty dollars. The club has tried to give everybody a fair chance to display his talents; among members some very remarkable abilities were exhibited. If a member, for no particular reason, refused to take part in a play, he could be automatically dropped from membership.

The participants in the plays given on May ninth and tenth were: "The Maid of France", John J. Galvin '24, Eunice Terry '24, Jane Lawton '24, Alden Gee '24, and Francis Sears '25; "The Fan and Two Candlesticks", Elsie Sherrington '24, Clinton Kellogg '24, and Henry Adams '25; "The Exchange", Elmer Delahanty '25, Elizabeth Marvel '25, Francis Geary '25, James Vaughan '24, and Alexander Belisle '25. The participants deserve great credit for their performance.

The officers for the year were wisely chosen, executing their duties in a most creditable and efficient style. Membership to the club was large and the success has been surprising. We may safely say that the club has accomplished its purpose as much as possible and it is hoped that next year will be just as prosperous as this.

CHEMISTRY CLUB OFFICERS

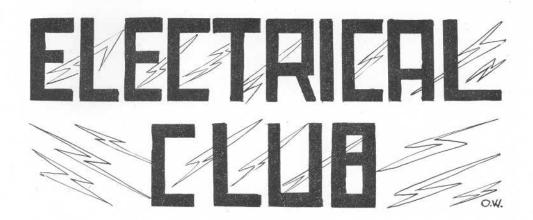

# Chemistry Club

President— William H. Phillips '24; Vice-President— Donald Marschner '25; Treasurer—John A. Carvalho '24; Secretary—Rita M. Donnelly '24. Executive Board: Ernest M. Fell '24, Chairman, Beatrice Brown '24, Walter E. Marston '24, Henry Lawson '24, Alden Gee '24.

With an enrollment of seventy members and great enthusiasm, the Chemistry classes combined to form the The Durfee Chemistry Club. This is the first of its kind which has been formed at our "Alma Mater". The purpose of the organization is to promote interest in the study of Chemistry and its practical applications. In order to make this organization a success, a constitution was drawn up, accepted, and signed. According to the constitution, only students who were studying or had studied chemistry are eligible for membership.

The Durfee Chemistry Club was under the supervision of Miss Townsend, Mr. Carroll, and Mr. Williston, teachers of Chemistry.

The regular meetings were held the first Thursday of each month between two and four o'clock. At some of these meetings, demonstrations were given; at others, lectures by leading chemists of neighboring industries which were very interesting and greatly appreciated by the members. Excursions were also made to the up-to-date chemical plants from which a great deal of information was derived. The fact that the club was one of the most successful in the school was shown by students of other science classes wishing to become members. It is the sincerest wish of the graduating class that The Durfee Chemistry Club will, year by year, grow better and better, and that the work of the club's first officers will not have been in vain.

#### **OFFICERS**

President, Secretary, Treasurer.

Louis Allard John Cotter Raymond Kaylor

The Durfee Electrical Club is still in its infancy, this being but its second year as an organized club.

Meetings are held on the first Tuesday of each month. Different committees, composed of students, take care of these meetings; the two principal committees are the Program Committee and the Refreshment Committee.

The purpose of this club is to give the students a wider knowledge of electricity and its uses. Many interesting experiments are made at these meetings. Sometimes a Radio concert is heard on the set made at the school.

Mr. Vander, faculty adviser of the club, surely deserves great credit for the time and ideas he has given unstintedly to this organization.

In 1923 the club boasted but twenty members. This year, however, the membership has increased to sixty-five. Each one of these sixty-five is ready and willing at all times to do his utmost to make the club a success.

In a few years, we may see the membership of this club increased to about three hundred. If this happens, as it surely will, the Class of '24 will feel justly proud of having given this worth-while organization its start.

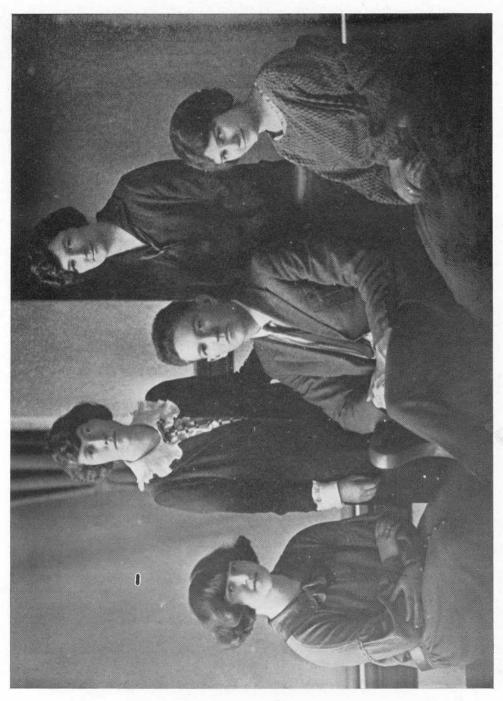

The closing of the school season in June will end the second successful year that the Glee Club has had. It is surely developing into an important faction of the school life. Under Mr. Titcomb's able supervision, the Glee Club meetings have been a source of enjoyment as well as hard work and rapid progress toward actual appreciation of music. The highest aim of the Glee Club is to represent the best vocal ability contained in the school, and if the beautiful carol singing done by them for the school just before Christmas vacation is any proof, we are sure that its desire is not far from being realized. The club is composed of Seniors and Juniors; the greater part of the former having been in the organization at its beginning last year.

Dear old Alma Mater,
As the years roll swiftly by,
And the happy hearts within you
With joy are beating high;

When your halls are overflowing With the joyousness of mirth And it seems that you must scatter it Over all the earth:

When you're just "chock full" of gladness, As the swift years roll along, May you ever have a Glee Club To pour it forth in song.

# Commercial Club

#### **OFFICERS**

President, Charles Orcutt '24
Vice-President, Rose Brotkin '25
Secretary, Alice Blais '24
Faculty Adviser, Miss Lillian M. Gormley
Faculty Treasurer, Miss Rose E. McHale

As a result of an inspiration from a few of the members of the Senior Commercial class, the Commercial Club was organized in December. This club is organized for the benefit of the Juniors and Seniors of the Commercial course. Its object is to hold debates and discussions on business, political, educational, and social subjects that are of interest all over the country and in our own district; and to give each member confidence and fluency of speech before any gathering for his own benefit and for the benefit of the business world.

Besides the executives, the club has an efficient board of directors, comprised of Kathleen Moloney, Ida Leviten, Simon Brotkin, and Lincoln Adam from the Senior class, and Anna Mosen and Abraham Branstarter from the Junior class.

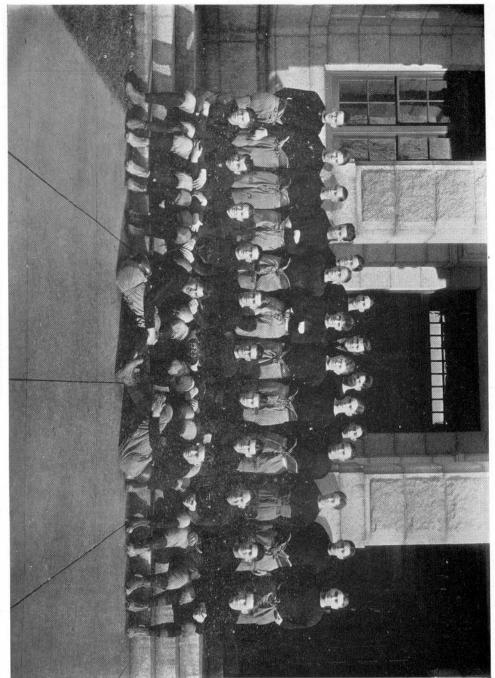

The club has successfully carried out its purpose. Prominent business men of the city have already addressed the club and we can safely say that before June a few more will be introduced. Many interesting programs have been carried out.

The Commercial Club appears to be established on a firm basis, and it is hoped that it will be a permanent organization. However, much credit is due our worthy advisor, Miss Gormley, and our Treasurer, Miss McHale. They are to be complimented for the interest they have taken in the club.

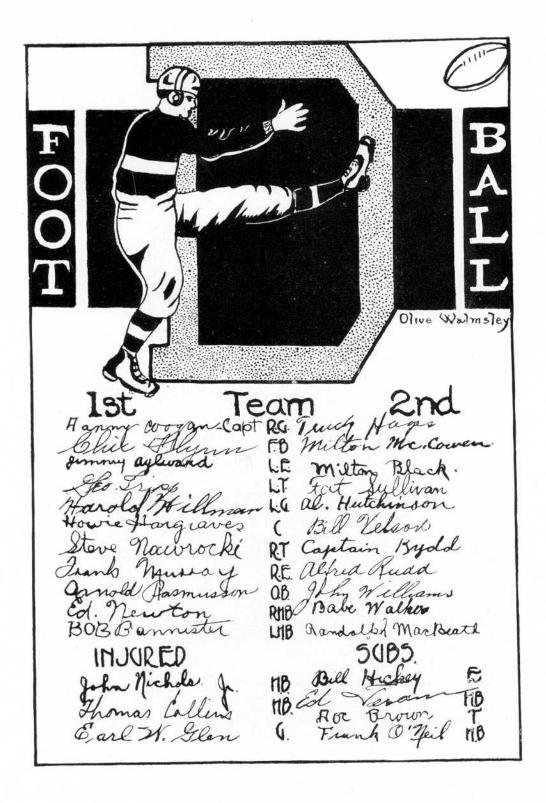

### Athletics

FOOTBALL
TRACK
BASEBALL
BASKETBALL
TENNIS

FOOTBALL TEAM

### Hoothall

In 1923 Durfee was represented by a strong football team, and the players making up the team deserve a great deal of credit for their work. The team was captained by "Danny" Coogan, while Mr. Shurtleff, our new coach, held the coaching reins.

The season turned out many stars, most of whom were seniors, a credit to the athletic ability of our class. Captain "Danny" Coogan proved to be the star of the line at guard; "Howie" Hargraves at center, and Frank Murray at end followed close by. "Chick" Flynn led the backfield at fullback, while "Bob" Bannister at right-half was right on "Chick's" heels.

The only real setback of the season was the Thanksgiving Day defeat by New Bedford, the score being 6-0. The latter received a trimming of 14-6 on Columbus Day and turned the tables in the last game.

In closing, we wish to extend thanks to the second team, and to the scrubs who stood the hard knocks of our powerful first team.

#### Seniors Who Made The Team Famous

Captain Daniel Coogan (Danny) is our star right guard. His brilliant playing and wonderful leadership have been a great asset to the team. "Danny" has seen four years of football and with all this knowledge behind him stood out as one of the best guards in this section of the country.

Howard Hargraves (Howie) is our star center. He is undoubtedly one of the greatest centers ever turned out at Durfee, and has proved himself to be skilled in every department of the game. His great defensive work has stamped him the team's best tackler, and Durfee's opponents can vouch for this, for at roving center he roved into many a play that might have spelled disaster for Durfee.

John Nichols (Nick) is Durfee's only real triple threat man. His kicking ranks him with the best, and his passing stands him with the men of yore. Added to all this was his speed, which he very skillfully used. Unfortunately, "Nick" was injured at the beginning of the season, and to lose such a man as he was certainly a tough blow to Durfee.

Herbert Walker (Babe) is a halfback, and his favorite trick is bucking the line. Being too small to smash a hole, he picks them, and pick 'em he can, for many an enemies' line was picked to pieces by "Babe", when they had no idea he could do such.

Charles Flynn (Chick) was one of the most brilliant stars of this season. This year marks the end of three years of high school football. The first year he made the team he played end. The next year he was a star tackle. This season, he was our best fullback. He excelled both offensively and defensively, which says a great deal for his ability.

Thomas Collins (Tommie) is a veteran of last year's team. He played a wonderful game at end in the season of '22, and soon made a name for himself at Durfee. He started this season in fine form at his old position, but in one of the early games he was hurt and had to give up football for the rest of the year. This came as a great disappointment to the fans who had wished to see "Tommie" in action at his top form.

Frank Murray is the husky six-footer who broke up so many of our opponents' plays this season. In his first and last season on the team he proved himself a fast end, quick at breaking up plays and good on the defensive. Durfee is unfortunate to lose him just as he has proved his ability.

"Ranny" MacBeath is another football hero of our class. This is his first year on the gridiron for Durfee and he has made good. He was one of our best reserve backs. Many a time he came through with substanital gains or stopped the advance of the opposing team. We are glad to see him make his letter.

"Bob" Bannister is one of the mainstays of the team this year. He played a great game in the backfield. He is a veteran of three years' experience. The first year, he was a substitute back and his last two years he has been a first-string half-back.

"Johnnie" Williams has done well during his two years on the squad. Although he has been the substitute quarterback both years, the fact does not detract from his glory. He was a hard and willing worker. It was a fitting reward, we think, that he received his letter this year.

Louis Kidd (Lou) holds down the tackle position. Having seen two years of football, he can "bust" through and break things up. His last year was his best when he often alternated with the other tackles and showed up very well.

#### Season

~	CUOCII
*Pawtucket	*Abbington
*Everett	Taunton
Fairhaven	Tabor
*New Bedford	*Barnstable
Woonsocket	New Bedford

\*Home games.

Next season, 1924, Captain "Arnie" Rasmusson, "Jimmie" Aylward, "Ed" Newton, "Steve" Nawrocki, "Jake" Glen, "Bill" Nelson, "Fat" Hillman, "Hick" Tripp, "Fred" Rudd, "Izzy" Teran, "Blackie" Black, "Bill" Brown, and "Joe" Sullivan.

The basket ball team started the season very well. They won the first two games and Mr. Parks, our new coach, demonstrated his system of five man defense which worked to perfection. Captain Bannister showed up well and kept himself in the limelight by his brilliant playing. He was handicapped later on in the season by a sprained ankle but did well under the circumstances. Stan Dziordz, a new comer at Durfee, hailing from Michigan, worked with Bob in the other forward position and proved to be a sensation. The team did very well and stood second in the Bristol County League.

The first team's line up was Captain Bannister and "Stan" Dziordz forwards, "Steve" Nawrocki center, Rasmusson and MacBeath guards.

#### Seniors Who Made Team Famous

Captain "Bob" Bannister is in his third year on the court for Durfee. In his first year he played guard and in his last two years he played forward on the first team. He plays now with all his experience and, as can be expected, he is leader of his team in playing as well as in spirit. He will graduate this year with the fame of an athlete.

Stanley Dziordz is a senior. He came to Durfee only this year and has made a name for himself. He is the highest scorer on the team. He works with Bannister as a forward and they certainly make a great team. It is to Dziordz Durfee owes many of its victories and she is proud to own him as a son.

Randolph MacBeath is one of our pair of excellent guards. He is responsible for the thwarting of many baskets. He is a fast man on the floor and can always take the ball into the enemy's territory. He will graduate this year and in his going Durfee will lose a great player.

"Bob" Cusick is a substitute guard. He is teamed with Aylward. The four guards are teamed two by two, Rasmusson and MacBeath, Cusick and Aylward. There is but a shade of difference between them; the first pair are a bit faster. "Bob" is a hard player, and given another year he would be our first-string guard.

"Joe" Magnino is the captain of the Second Team. He plays forward and is a fast man and a good shot. It is his first and last year on the floor for Durfee. He has made a name for himself by his brilliant playing.

"Ray" MacDonald is a guard on the second team. This is his first year for Durfee and he has done very well. Though being a guard, he has a good eye for the basket and often accounts for a few baskets in the games he plays in. He plays very hard and is a great asset to the team.

"Johnny" Williams helped run up the scores for Durfee seconds, for he plays right forward. He can drop them in from most any angle and when he shoots it's a pretty safe bet they go in. His hard playing also makes him a good man for the team.

"Chick" Flynn is the boy who helps do the guarding for the second team. It's a good bet that the man "Chick" has to guard will be guarded well and won't do much scoring. This is 'Chick's" last year and Durfee will bid him adieu in June.

"Linc" Holmes is one of the second team's "jumpers"; in other words, he is a center. He is tall and rangy and this makes him an ideal type for a center. He is also good in dropping the ball through the hoop, and with his long arms can almost reach the basket. He has seen two years of service and it's a sad sight to see him go.

<sup>\*</sup>Home Games.

### Basehall

The outlook for baseball is a very good one. The team still possesses most of its stars of last year. Under the leadership of Capt. "Doe" Hathaway, it is expected Durfee will come through the season in fine style. The infield is very strong, every position being filled except second base, and with such material as this, Coach Orcutt has something good to work on. The outfield is open in two positions and there are some heavy sluggers around the school who will certainly grab one of these jobs and slug Durfee to many a victory. Games have been booked with neighboring schools and this year's baseball team hopes to hold up the standing of Durfee as other teams have done before them.

The team representing Durfee this year is as follows: Norton, Aldrich, c; Whelan, Burns, Talbot, p; Duffy, 1b; Marston, McCarthy, 2b; Captain Hathaway, ss; Allard, 3b, Hargraves, rf; Holmes, cf; McCann, lf.

Up to the time that this book goes to press, Durfee has won eight straight games, including New Bedford. Both Coach Orcutt and the players deserve great credit for their showing thus far.

#### The Way It's Done

Freshman: "Please, mother, may I go if I come home early?"

Sophomore: "Let me go; I'll be in by 11."

Junior: "I'm going."

Senior: "Good night; leave the door unlocked."

Freshie: "What have you in your hand?"

Junior: "Fly paper."
Freshman: "Oh, dear, I didn't know flies could read."

Why are the days long in summer and cold in winter?"

Brilliant Senior: "Because heat expands things and cold contracts them."

Mr. T.: "Leary, how near were you to the correct answer?" Leary: "Two seats."

Freshman: "Do they ring two bells at recess?" Senior: "No, infant; they ring the same bell twice."

Galvin: "How long have they been going together?" Gossipy Geary scenting a scandal): "Who?"

Galvin: "Your feet."

#### SENIOR'S IDEA OF AMERICAN HISTORY EXAMINATION

How long did the Hundred Years War last?

Who was the inventor of the Marconi Wireless?

Name the person who led Grant's army in the Civil War. Give two participants in the French and Indian War.

Of what nationality was Cabot, the great English explorer? What is Warren G. Harding's father's last name?

During Grant's administration, who was president?

#### **EVOLUTION OF A SENIOR**

( ) Diech

Mother: "Johnny, stop using such dreadful language"

Johnny: "Shaksepeare uses it."

Mother: "Well, then, don,t play with that naughty Shakespeare boy any more, or I'll report you to your father!"

The record book's a wonderful thing, The school gets all the fame, The printers get the money,

And the staff gets all the blame.

Bill: "So long, I must be off."

Jim: "I always thought you were."

A man stepped in the clothing store and asked for a pair of socks. "What number?" the clerk asked.

"Two, you poor dumbell. Do I look like a centipede?"

#### LIFE'S OPPOSITES

- John J. Galvin and David Rubin have agreed to agree. Did anyone hear the "Parliamentary fight" at the Dramatic Club between these two statesmen? "Sh---then. Mum's the word!
  - Helen Lawson willed 2 feet of her height to Eleanor Rearden.
- 3. Virginia Wood has lost her "immortal smile" and has become cranky.
  - 4. John Harrington walked into Miss Miles' room straight.

5. Michael O'Brien has gained 12 pounds!

6. Irma Nickerson stopped giggling.

7. Alice Lindberg and Alma Hicks are on "quits".

Olive Walmsley sat still in the Study Hall first period Monday. The clocks in Durfee are perfect! "More's the pity!" Eleanor Springer stopped talking! 8.

9.

10.

- Someone has eloped with the precious Dramatic Club collection! "Oh, my ducats! my ducats!"
  - Anna Belisle has refrained from eating "Dictionary Soup".

Evelyn Radovsky's hair refusel to curl. 13.

NOTE: "All the above are actual facts."

Drunkard to Youth: "Say buddy, can, (hic) you tell me where (hic) the other side of the street is?"

Youth: "Why, it's right over there."

Drunkard: "That's funny (hic), I was just over there (hic), and some fellow told me it was over here."

"Why do you work in the cemetery and like it, too?" "I pretend I'm boss; there's so many people under me."

Some people commit suicide by inhaling gas and others by stepping on it.

Miss W.: "Why are you whispering?"

Lord: "Because you won't let me speak out loud."

#### FOOD FOR FISH

John J. Galvin should admit he was wrong.

"Danny" Coogan should lose the permanent wave in his hair. "Al" Lamare should wear the same tie for two days straight.

"Peg" Kirby should forget to attend a Record Book Staff meeting.

"Johnnie" Harrington should lose his temper.

Elsie Sherrington should forget to stamp her foot at least once a

day.
"Boyo" Biltcliffe should be seen in the corridor with the same girl

twice.

"Tom" McCarthy should get to school before 8:10.

Eunice Terry should miss a high school dance.

"Bob" Bannister should forget his patent-leather haircomb.

"Our Evelyn" shuold forget to have some important business.

Anna Kelleher should forget to look industrious.

"Chick" Flynn should hurry.

Katherine Borden should fail to recite in history. "Dot" Tripp should walk home from school alone.

Ray Westgate should say, "Not prepared." George Shoob should lose his personality.

Miss C.: "In ancient times all the writing was done on stone tablets." "Al" Lamarre: "Gee, it must have taken a crowbar to break the news."

Mr. C.: "Hurley, what is the meaning of the word "poise"? Pat: "That's the way a Dutchman says "boys".

Miss E.: "You see, Judge Hanify might sit on a case in Boston." J. Coyle: "A case of what?"

Mr. B.: "What is Sing Sing?"

Smart Senior: "He's the Japanese ambasador to the United States?"

Leary: "I had a queer dream last night. I dreamt someone was running away with my Ancient History Book."

Dick: "And what did you say to him?"

Leary: "I asked him why the deuce he was running."

Sergeant: "No man will be allowed liberty for the next two weeks." Voice from the rear: "Give me liberty or give me death." "Who said that?" roared the Sergeant.

"Patrick Henry," was the calm reply.

He: "Do you see any change in me?"

She: "No, why?"

"I just swallowed a dime." He:

Miss A .: "How did Peucles overcome his likeness to Pesestratus?" Johnnie H.: "He painted his face black."

### The End

The end of the Durfee Record has been reached, and I cannot let this occasion pass without recording the help and influence of those outside the school who helped make this book a success.

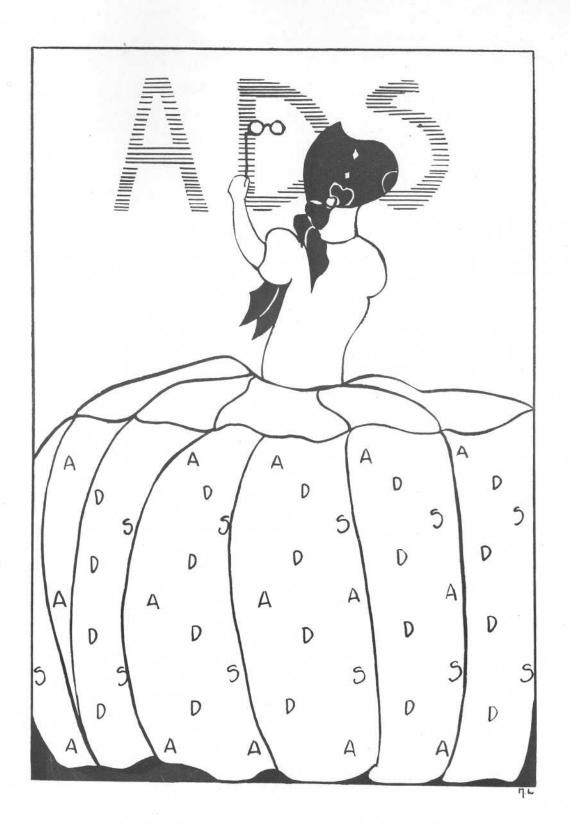

The work of photographing was done at Bachrach's, Gay's, and Lecour's Art studios, and they well deserve credit for the manner in which they handled their work.

The Howard-Wesson Engraving Company of Worcester has done their engraving in a perfect manner, and we want Mr. Cooper to know that we appreciate his efforts to assist us as much as possible.

To Mrs. Munroe, the manager of The Munroe Press, we give a two-fold vote of thanks. First, for the liberal attention she gave us in teaching us a little in the art of printing, and second, for the manner in which she handled our work.

To the Typewriting Department of the High School, we extend thanks for the typing of all material contained in this book.

John J. Galvin, Editor-in-Chief.

### Thibodeau College—School of Commerce Hudner Building, fall River, Mass.

The consolidation of these two successful institutions means much to the High School Graduates. All the effort and energy heretofore devoted to the operation of two separate schools will now be concentrated in the organization and maintenance of a Business Training Institution which will rank second to none.

It is no longer necessary to patronize out-of-town business schools, as our Secretarial Course will be on a par with that given at the leading schools of the country, and the faculty, equipment and facilities in general will be unsurpassed. The success of High School Graduates who have attended the local business schools in the past is indisputable evidence of their sound judgment and ability to analyze plain, undisguised facts.

Those interested in preparing for business should not overlook the advantages offered by this institution.

Call or write for catalog.

J. D. THIBODEAU, Pres-Treas. J. T. VICTOREEN, Vice-Pres. F. G. ALLEN, Sec'v
