Class History

It all began on September 3, 2014-the day the Class of 2018 landed together in this magical land called Durfee. The uncertainties of this new, unfamiliar environment were eased by the Freshmen Academy and through the guidance of Mr. Paul Marshall as our principal, Mr. Jason Gray as the Class of 2018's vice principal, and our guidance counselors, Mrs. Bulk and Mrs. Fellows. Hearing Mr. Marshall's morning announcements each day advising us to "Get Plugged In" motivated us to become involved in clubs, sports, and many other organizations in order to make the best of our high school experience. We were also the last class to have a seven period schedule, where we were able to engage in Durfee Discovery programs. Striving to prove the upper-class wrong at pep rally, we presented the "Trojan Whale" skit, unfortunately coming in fourth place, but we became even more fired up to get our chance for victory in the next pep rally.

Overcoming the sensations of Trivia Crack and the victory of the Patriots at the Superbowl that year, we were all excited to escape the secluded Freshmen Academy and move freely around the entire building of Durfee, even with the challenges of getting lost every so often. Sophomore year began with some big changes at Durfee. Mr. Paul Marshall did not return in the fall as our principal, and Mrs. Maria Pontes took on this large task. Also, Mr. Andrew Rebello became our Vice Principal, and Mr. Gray and Mrs. Bulk became our guidance counselors. Mrs. Kaylor became our class advisor and would stay with us through our Senior Year.

Coming in as the underdogs at the pep rally really motivated us to step up our game. We had decided on Super Mario for our skit and were extremely ambitious for pep rally. However, during the week leading up to the event, we lost a member of the Durfee community on November 21st- Jenelle "Nelly" Eaton. Spirit Days were changed to honor Nelly and the impact she had had on so many students, even in our own class. Pep Rally was postponed for the day before Christmas vacation. We were still able to pull off our skit; coming in third place, we fell short to the Juniors with their "Star Wars" theme and the Seniors's "Grease" theme. The faculty even surprised us by "whipping" out a trendy skit for us at pep rally. Sophomore Year gradually moved along.

The entire Durfee Community was hit hard again, later in the year, when we lost another Durfee Senior, Hannah Raposo, who passed away tragically on her way to the Senior Prom. She had impacted the lives of many, and we remember her fondly. With the temperature rising and the air conditioning broken, by the end of our Sophomore Year, we had half days for the last few days of school, and the "#AirforDurfee" slogan came about from students.

As the Summer of Sophomore Year was fading away, just like the trend of Pokemon Go. Traveling further into our high school years, it soon hit us that we had reached the halfway mark in our high school journey. We also experienced a shift in the presidency that year when President Donald J. Trump succeeded former president, Barack Obama. Leading up to our pep rally, we knew the senior class was in it to win it; however, we were just as hungry for our taste of victory.

At pep rally, we were not only speechless but also frozen in excitement when the teachers surprised us with the Mannequin Challenge, another common trend of our Junior Year. Nonetheless, we pulled off our Hercules skit, which was truly one of our best. Coming together to represent the many rivals of the Durfee football team definitely got them fired up. Even though we came in second place at pep rally, coming short to the Seniors's "Willy Wonka" Skit, where they brought in a real goat, the football team became victorious, crushing New Bedford at the Thanksgiving game. Likewise, the Patriots won the Superbowl again that year, leaving the Durfee community a lot to rejoice over.

The excitement grew as we awaited May 19th-Junior Prom. Although the class rode in style to Aqua Blue Hotel in Narragansett by yellow school buses, the elegant gowns and tuxedos really glammed up the night. The prom was filled with great food, dancing, and memories that will be remembered for a lifetime. A case of senioritis had begun to fever up as the Class of 2017 graduated and we took our place as the leaders of the school.

Being the leaders of the building, many of us decided to come in early from summer break in order to organize Seniors Helping Freshmen, where we provided tours, played icebreakers, and answered many questions from incoming freshmen. We did experience a shift in administration once again; Mr. Matthew Desmarais became our Principal, Mr. Gray returned as our Vice Principal, and Mrs. Bulk and Mrs. Fellows returned as our guidance counselors along with Ms. Manuela Rodrigues and Mrs. Coreen Gendreau to assist in our college application processes. Joseph Camara led the Student Body as the President, and Cameron Cabral became our Senior Class President. With a strong team to support and guide our class, we were well equipped to take on the best year yet.

At the Powderpuff game, the Senior girls defeated the Junior girls 30-22. Our pep rally was just as impressive, as we combined all of our previous skits into one with the theme of "Wizard of Oz." We even brought back Mr. Rebello who surprised the entire class as the "wizard." Looking back at our previous skits, we had started from the bottom and finally made it to the top, where we took first place. Once again, we weren't the only ones who took a win, the football team defeated our rival, the New Bedford Whalers, for the second year in a row. At our final Homecoming, many of us represented various clubs; Ryan Mauricio was crowned our Homecoming King, and Aniyah Smith was crowned our Homecoming Queen. The night was filled with dancing and great company.

As senioritis had us feeling a little under the weather, the stress was cooled down when we had about eight snow days. We were in deep water when the science wing flooded, and we also missed a few days of school because of it. However, as Hilltoppers, we joined together and continued on joyfully, especially since we, as Seniors, would not have to make up any of the snow days. Due to the condition of the building, many of us also rallied behind a New Durfee with the "VoteYesforDurfee" slogan by holding signs. The vote did pass, meaning a new building was on the horizon.

On June 1st, we once again got all dolled up and hit the red carpet for our final dance together-Senior Prom. Following the Prom, we joined in the gym for our Hawaiian Luau themed After Prom Party, where we danced the night and morning away.

We decided on Brownstone Exploration Park for our class trip, which took place on June 5th, and our graduation rehearsal and class cookout was held on June 7th.

On Friday, June 8th, we joined together as a class for the final time, at the one-day we had awaited since we entered through the doors of Durfee--Graduation. In the gym with over 450 classmates, faculty, family, and friends, we were a family, and more importantly--we were HOME. As a matter of fact, we had been home all along. Like our Wizard of Oz skit showed us, we each have added something to our class's story; we have met so many individuals along this journey who have helped us reach endeavors even farther than the rainbow itself. However, the road has not ended; we have all been well equipped with the guidance and knowledge needed to reach even more dreams and conquer the world. No matter where the yellow brick road leads us, we will always be the Class of 2018 family. Above all, we will forever remember that there truly is NO PLACE LIKE DURFEE.

Best Wishes Now and Always,
Elizabeth Brilhante

Mrs. Kerry Bulk

Mrs. Rachel Fellows

Mrs. Manuela Rodrigues

From the desk of Mr. Jason Gray, Vice Principal

The Class of 2018,

Congratulations, you are at the end of your journey through high school and will soon be an alumni of B.M.C. Durfee High School. We are extremely proud of your personal achievements and the contributions that you have made to our school. Whatever you have chosen as your next steps, your high school graduation is an important milestone that will lead you to your life goals. You have become an inspiration in your family for your younger brothers and sisters and extended family. Keep working hard as you pursue your dreams and remember once a hilltopper, always a hilltopper!

Mr. Gray and the staff of the Class of 2018

Office Staff

Ms. Erika Dupuis

Ms. Nancy Tobin

Administration

From the desk of Mr. Matthew Desmarais, Principal

To the Class of 2018,

Your graduation from B.M.C. Durfee High School may mark the culmination of your primary and secondary education, but this moment is the beginning of a new journey. All of your learning, and social experiences within the Fall River Public Schools has set a foundation for you to build upon, as you strive to reach your goals and dreams. You now join a distinguished body of alumni that spans three centuries and wraps around the globe. Your successes here and the ones you will create in the future will be held up to those who follow as examples of the best our community has to offer.

Wishing you a life filled with joy and wonder,

Matthew Desmarais

I never thought I'd be upset to let a few years of schooling go. I must say being a student at Durfee has impacted my life and has made me the person I'm going to be for years to come. I'm so blessed to say that I have been apart of such a strong high school community. I can say with full honesty that I am proud to be a hilltopper and that is something that will stick with me for years to come. The memories I've made and the people I've met are things I will never let go of and feelings I can never replace. I'm sad to let go of such a beautiful time in my life that has brought me so much happiness and so many life lessons, but I'm so happy to continue on with my journey and I'm grateful that I attended a school that has prepared me for such a long road ahead.

I hope that I'm given a chance to meet with all of you again in the future and I hope that we all go on to love our dreams and live happy and healthy lives surrounded by positivity and genuine happiness. As this amazing ride comes to a close a huge thank you to each and every one of you for making my high school experience an amazing one.

With Love, Kaysey Rose

EDITORS' PAGE

Xavier Belanger

I want to say that loving you didn't hurt that bad. That you showed us we can rely on you. That these walls were another way of meaning forever. That bleeding red and black would become normal. That families fight, but we all got through it together. That we ate together whether it was against New Bedford or Brockton, we still ate. That tears did fall, but we didn't fall with them. We were destined to get through this journey together. Who knew that walking in these doors would later be the last time walking out. Four years... Four years of long sleepless nights doing homework, studying, or even catching up on late assignments. We're here though, reading this, which means it was a good four years. Thank you Durfee.

To everyone that has been by my side, Thank you. To all the teachers and staff, thank you for being the backbone of Durfee. To my mom always pushing me to do better, thank you. But it's my time. It's my time to chase my dreams and to show the world what I have. I hope to see all of you on this journey we now face, which is life.

Love, Xavier Belanger

Anne-Marie Brilhante

It's hard to believe that our high school journey ends here. These four years have been the best years of my life filled with memories and individuals that I will never forget. Entering Durfee from a small Catholic school, I would never have imagined meeting so many incredible people who have helped me become the person I am today. Thank you from the bottom of my heart to every individual who has supported me in my endeavors, whether it was just helping me in class or simply waving hello in the hallways. I would specifically like to thank my family who have always believed in me. Thank you also to the teachers and staff who devoted their lives in order to see each person succeed. Your support, dedication, and love will remain with not only me but with the rest of the class no matter where we go. However, I certainly did not travel on this journey alone. Elizabeth has been my day one partner in crime and this experience has only made us closer. I can confidently say that I see a bright future by all my hardworking peers. Whether we see it or not, we have all contributed something to Durfee that has created our legacy. No matter what came our way, we never gave up on each other and ultimately in the end we were the Class of 2018. For this, I would not want to be part of any other class, and thank you for letting me part of your journey. Although I will be leaving Durfee, I will always carry the Durfee pride in my heart no matter where I go. I cannot wait to see you all accomplish your dreams and wish you all the best. Finally, never forget that

Once a Hilltopper, Always a Hilltopper!

Until we meet again, Best Wishes,
Anne-Marie Brilhante

EDITORS' PAGE

Elizabeth Brilhante

And just like that, high school has flashed before my eyes; working on the yearbook has reminded me of all the moments and individuals that I will remember for the rest of my life. A heartfelt appreciation goes out to my grandparents, aunts, uncles, cousins, mom, dad, and especially older sister, Kaitlyn, who have truly blessed me with their love, support, and words of wisdom. I hope I can continue to make you all proud. Above all, I am eternally grateful for the opportunity to have shared in this highschool journey with my unconditional best friend, Anne-Marie. Having almost every class together has allowed us to share in the joys, lessons, and even stressful situations that highschool has brought our way. Words cannot express the appreciation I have for all the guidance and love she has offered me, and I would not have wanted to share this journey with anyone else. Thank you to all my teachers and staff who have shared their guidance and knowledge to invest in my education and believed so hard in my own future. Ultimately, I could not forget about the Class of 2018, who have motivated me and have extended into a family that I will cherish for the rest of my life. I will miss you all dearly and look forward to hearing of all the great things you accomplish in the future. I truly wish you all the best!

Elizabeth "Liz" Brilhante

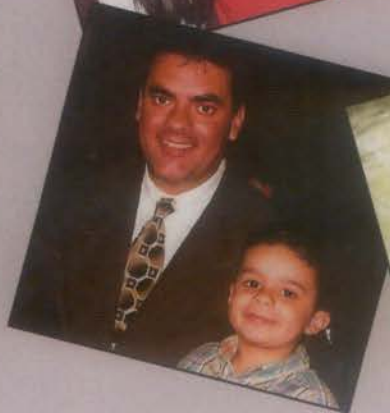

Joseph Camara

Joseph,

We are so very proud of the young man you have become and of all your accomplishments in and out of the classroom. We're excited to see all that the future holds for you.
Congratulations!
